IMPEACHMENT!

House Presents the Judges to the Senate for Trial.

VOTE 62 TO 33

Exciting Scenes in the House. Many Speeches. Time to Prepare Defense. An Extra Session.

Special to Journal. RALEIGH, February 18.—Today was the fourth and last of the argument in the lower house on the impeachment resolution. Again the house was packed to the doors. Interest in the famous case never abated for an instant.

The resolution for the impeachment of the Judges was taken up by the House at ten o'clock this morning, the hour agreed upon Saturday. The speeches during the long discussion have been on a high plane and some have been of a real oratorical power and today it so continued.

Alexander of Rutherford, spoke in support of impeachment and was followed by White of Halifax and Mowbray of McDowell. Locke Craig, of Buncombe, the introducer of the impeachment resolution in the House, closed the debate which had occupied four days.

Craig attacked the Supreme Court, saying that its Republican majority had systematically, deliberately and designedly attacked the work of the Legislature of 1899, so that the Legislature of 1899 had to sit in perpetual session for two years to hold a sword of terror over these judges to protect the people from their encroachments.

"Where," the speaker asked, "is the man who does not in his heart feel that these men are dangerous if they did not know that the constitution forbade any writ in the nature of an execution to be issued against the State treasury, they ought to be driven out for ignorance."

If the supreme court, as Senator Fritchard and Congressman Loney and Congressman Pearson intimated, has been packed to destroy our Constitutional Amendment, it ought to be unpacked. This court is the first to injure politics and insult the Legislature.

Grat applause greeted the speaker at this point, and in continuation Craig termed the Supreme Court "A Tyrannical Oligarchy" and demanded the impeachment of Judges Furches and Douglass. He then called the previous question.

The substitute offered by Connor for the resolution of impeachment, setting forth that the Supreme Court had assumed power in derogation of the constitution, was voted on and lost, yeas 12, nays 65.

The resolution of impeachment was then adopted, yeas 62, nays 33, all the Republicans and Populists voting no, the remainder being Democrats. Articles of impeachment will be formally presented at the bar of the Senate Wednesday. Ten days time will be given to prepare for the defense, so that the trial will begin in March. The time of hearing cannot be limited.

An extra session of the Legislature seems a certainty. All the time now remaining of the session will be required to dispose of the mass of business that has accumulated. The revenue bill will require fully as much time as it did two years ago which was fifteen days. Never in the history of the Democratic...

eratic party in this State during the past five years has the struggle between the two elements of the Democratic party, the conservative and the extreme been sharper than it is just now. There are Democrats who say that along several lines the very life of the party is at stake.

A well known Democrat says that he heard a Republican lawyer say regarding the matter that the Senate might not decide to try the impeachment case at once; that it might postpone it, thus holding the court in suspense, and leaving only three judges on the bench until such time as the matter is tried.

NEW ROAD LAW.

Bill Introduced in the Senate. Provision of the Proposed Act.

Special to Journal. RALEIGH, Feb. 18.—Today the new public road law was introduced in the Senate, by Senator Alexander. The bill is to establish a high way commission, composed of the commissioner of agriculture and the State geologist, to serve without additional pay; these to select a secretary for the board of agriculture, and to have authority to employ a competent engineer. The commission will have charge of constructing and repairing highways, public roads, bridges, etc. It will confer and advise with county and township authorities. The bill also creates county commissions and township road trustees. It is very complete and well prepared.

RALEIGH.

The Double Tax on Factories. As to Soldier's Pensions. Jarvis is Strong in His Opinion.

RALEIGH, February 18.—There is quite a fight against the double tax on factories and their stock, which is proposed in the new revenue bill. The latter will be introduced this week.

There is quite a tension regarding the Fayetteville dispensary. It is believed that a lot of the soldiers now in the soldiers home will be pensioned and allowed to go home, thus reducing the number. This plan meets with favor.

Representative Birns, of Union, was taken to Rex Hospital this afternoon. He has grip.

This week a lodge of Odd Fellows will be formed at Fremont. The bill for the support, etc., of the three insane asylums will carry an appropriation of \$218,000.

Ex-Governor Jarvis talks as plainly as he writes in regard to the matter of impeachment. It is interesting to hear him discuss it. He says with great plainness that the people are not in favor of it.

Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. F. S. Duffy & Co.

In Pursuit of Dewet.

London, Feb. 18.—A dispatch to The Daily Telegraph from D. Aar, dated February 16th confirms the report of the arrival there of Lord Kitchener and his staff, to superintend the chase of General Dewet. The correspondent says: "Dewet's forces are now denuded of almost all transport vessels and his horses are exhausted."

Other South African dispatches report that several columns are pursuing General Dewet, whose exact whereabouts, however, is not indicated.

Croker is Melancholy.

London, Feb. 17.—Intimate friends of Richard Croker openly declare that he will never re-enter active political life in America. Those who have seen Mr. Croker recently have noticed his general physical weakness, which is said to be a form of nervous melancholia, entirely opposed to his usual activity.

A number of American racing friends who know Mr. Croker intimately say that while he will probably return to the United States during the coming summer, he is utterly tired of political work, and would gladly transfer the control of Tammany Hall to younger hands.

GOOD FOR SUGG!

Introduces a bill in the Senate to Modify the "Fishing on the Bridge" Law. Special to Journal.

RALEIGH, February 18.—The bill to "prohibit fishing from bridges over Neuse and Trent rivers in Craven county," which was introduced by Representative Pearce and became a law, has been modified by a bill introduced in the Senate by Sugg.

The bill passed the Senate today and is called "an act supplemental to an act to protect travelers in Craven county."

MRS. NATION HARD AT IT.

Makes Sunday in Topeka a wild and Memorable Day.

TOPEKA, Kan., Feb. 17.—Mrs. Carrie Nation put in a busy Sunday in Topeka, today, and as a result the capital city has experienced more genuine excitement than can be remembered by the oldest inhabitants. Mrs. Nation literally crammed the day with thrilling episodes. She succeeded in having the contents of a notorious joint smashed, broke into a cold storage plant where a number of fine bar fixtures had been stored away for safety and demolished them, addressed a large mass meeting of men and women and was arrested four times. The last time that the law laid its hands upon her was when Mrs. Nation emerged from the church where the mass meeting had been held. Tonight Mrs. Nation announces that she will begin tomorrow morning where she left off today, and will not rest until the joints in Topeka have been closed.

Cuba Denies Naval Stations.

HAVANA, February 17.—The question of granting the privilege to the United States of maintaining naval stations in Cuba was reported adversely to the Constitutional Convention by the special Commission on Relations between the Two Republics.

Puzzled to get Cow Down.

WESTERVILLE, O., February 17.—Some of the students of Otterbein University celebrated St. Valentine's night by leading a cow up to Professor Saxrely's recitation room, up three flights of stairs of the main building. The cow was taken up the stairway and left contented with a mess of fodder. The same trick has been done in former years, but the faculty has not yet learned to appreciate it, and a thorough investigation will be made.

The cow is still in the recitation room, as no means have as yet been devised to lead her downstairs.

NOT SUCH A NIMROD.

Roosevelt Says Stories of His Exploits Were Fakes.

COLORADO SPRINGS, Col., Feb. 17.—Ex-Governor Roosevelt was in Colorado Springs today.

The Vice-President-elect is in excellent health and spirits. His time until the inauguration will be taken up with attending to his correspondence, the accumulation of six weeks. Governor Roosevelt is much annoyed over the hair-raising stories that have been circulated concerning his hunting expedition. He gave the following statement today:

"No man who wrote to or gave any information to any newspaper was within 40 miles of where I was hunting at any time during the five weeks I was out. The sensational stories, such as those describing adventures with bears and wolves, were deliberate and wilful fabrications, and I understand were written by men who were not within hundreds of miles where I was. I did not see a bear or wolf on the entire trip. Aside from lynx and smaller game, our hunting was confined to hunting the so-called mountain lions, or panthers. I got twelve of them. I never enjoyed a holiday more."
