COUNSEL NAMED.

Prominent and Able Attorneys For and Against Impeachment.

A GREAT LEGAL BATTLE

Guthrie and Osborne Lead Each Side. Articles of Impeachment To-Day. Trial will be Short.

Special to Journal. RALEIGH, February 21.—The counsel for the prosecution and defense in the impeachment trial of Judges Furches and Douglas was announced this evening. The list forms a strong array of legal talent.

The attorneys for the prosecution are: William A. Guthrie, Theodore F. Davidson, James H. Merrimon, Charles M. Busbee and James H. Pou.

The counsel for the defense was announced as follows: Frank I. Osborne, Ex-Governor Thomas J. Jarvis, Charles M. Cooke, F. H. Busbee, and William P. Bynum, Jr.

A member of the Board of Managers said tonight that the articles of impeachment will be completed tonight and will be presented to the Senate by the Board of Managers at one o'clock tomorrow afternoon. The House resolution was presented yesterday and these articles are prepared by the Board of Managers, giving the charges.

This member also said that the articles will be read by Allen of Wayne, the chairman of the Board, and that the trial will begin March 1st and that he did not think the trial would occupy over ten days even if the trials of the two judges were separated, otherwise it ought not to occupy more than five days. He remarked that the House had in four days concluded its part in the matter.

The bill was passed in the House today, to prevent prosecutions for alleged irregularities or misdemeanors at the election in August last, being in fact an amnesty law. The Republicans opposed the passage of the bill. The Democratic speakers declared that the proposed law would give amnesty to two Republicans where it was granted to one Democrat. The Republicans and Populists voted against the bill.

The Republicans and Populist protest against the impeachment of the judges was accepted and ordered placed on the Journal.

A Republican of prominence from the West said to an equally prominent Democrat, who told me, that he was in favor of making peace with the Democrats, ending the arrests of Democratic election registrars and the fight to keep Senator Simmons from being seated, giving the Democrats 6 of the 10 Congressional districts, and really to let them have 3 more districts, the constitutional amendment not to be antagonized; the Democrats to stop the impeachment of the judges and to concede the Republicans the ninth and tenth districts certainly and two others nominally.

Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. F. S. Duffly & Co.

A Brave Confederate.

WICHITAMA, Va. Feb. 20.—Captain Bruce Gibson, a gallant Confederate soldier and a distinguished citizen of Winchester, died here this morning, aged seventy-one years.

Once he saved General Fitzhugh Lee's cavalry division from annihilation. With a few men, Captain Gibson was reconnoitering near Brandy Station, when he came upon a large body of Federal troops crossing a stream. Lee's cavalry were engaged for the night a mile away unprepared for fighting. To be taken by surprise meant, practically, extermination, so while a courier was sent to the Confederates, Captain Gibson and sixteen men held the enemy in check for an hour. Nearly all of the little squad were killed. He was a cousin of General R. H. Lee.

AT THE INAUGURATION.

Many Troops From North Carolina Will Go To Washington.

Special to Journal. RALEIGH, Feb. 21.—There will be a fine battalion of the North Carolina State Guard in the parade at the inauguration of President McKinley, made up of companies from Raleigh, Charlotte, Asheville, Concord, King's Mountain, and two other points. Overcoats and blankets were issued today to the troops who go.

ANTI-TRUST BILL INTRODUCED.

Fertilizer Act Remains the Same. Tax on Gross Railroad Earnings.

Special to Journal. RALEIGH, February 21.—The anti-trust bill, prepared by committee, was introduced today. It is the most stringent ever prepared in the State. The fertilizer control act will be practically the present act, with a few modifications. A committee is preparing it.

The tax on the gross earnings of railroads on a mileage basis will stand in the revenue act.

Caucus on the Districts.

Special to Journal. RALEIGH, February 21.—The Democratic members of the legislature held a caucus tonight, at which the question of arranging the congressional districts was considered.

RALEIGH.

Sheriffs Very Slow to Report. Exhibit Coming Back. Funeral of Dr. Kirby.

Smallpox on Increase.

RALEIGH, Feb. 21.—State Treasurer Lacy said today that so far only 34 sheriffs had made complete tax settlements, 42 have paid in part and 21 have not paid a cent. He will begin proceedings in a very strict way against these delinquents. He says that during the present year \$215,000 will be due the public institutions, on the present apportionment and that to meet this there is only about \$160,000 on hand.

The exhibit which this State sent to the Paris exposition and which won many medals, are being returned they will be given the necessary attention and be reinstalled in the museum. There are some 40 or 50 specimens.

The late Sunday School convention is in session at High Point. State Treasurer H. K. Lacy, its president, was unable to attend it, owing to the great pressure of official work here.

A large number of prominent people left here today for Goldsboro, as members of the funeral party with the remains of Dr. George L. Kirby. Gov. Aycock was one of the honorary pall bearers. The Raleigh Academy of Medicine were present at the railway station in a body. All the public institutions were represented. Dr. Murphy of the western hospital was also a pall bearer.

Dr. Richard H. Lewis, secretary of the State board of health, said today smallpox is steadily spreading. The local quarantines are ineffective, many cases are concealed, and in a great many cases there is no disinfection or it is not thorough, and the disease starts again. The only way to stamp out the disease is by State vaccination.

Imitated Mrs. Nation.

MOUNT VERNON, N. Y. Feb. 20.—Mrs. Mamie Smith, who had been reading of the great deeds of Mrs. Carrie Nation, started out to smash a saloon, and as a result she was held for trial today on the charge of malicious mischief.

She learned that her husband was drinking and playing cards in a saloon on North Fourth-avenue. She went to the saloon, but could not get in the front door. She endeavored to enter a back window. A fight followed, during which she smashed a large window with her fist.

PARIS CARNIVAL IN SNOW.

Paris Women in New's Clothes Find it too Cold.

PARIS, Feb. 20.—The Paris carnival ended in a snowstorm. Despite the freezing weather the boulevard were full of contented feet. A feature of the festival this year was for fashionable ladies to masquerade in men's costumes, but the extreme cold made it very poor sport, and the thing looked vain. A student's procession is to come off in mid-March, when a characteristic parade of artists' models may be expected.

BACK TO WORK.

The House Resumes the Consideration of Bills.

Board of Examiners Created. To Suppress Gambling. No Vote on Divorce Bill. Bill on Homesteads. The Revenue Bill.

Special to Journal. RALEIGH, Feb. 21.—The Legislature will now begin to rush its work. So far it has been rather leisurely, with only one night session. The chairman of the joint finance committee remarked today that only 15 days more remain.

The bill passed the House today creating the board of State examiners to visit, inspect and report on all State or state aided institutions, with the amendment requested by the Republicans that one of the three members should be from the minority party. The Governor appoints this board.

A bill was introduced in the Senate today to secure evidence for the suppression of gambling.

The divorce bill was argued and a warm protest was made against allowing divorce for abandonment. No vote was reached today on the divorce bill.

The bill passed to incorporate the Southport, Wilmington and Durham Railroad.

An important bill was passed amending the code regarding judgments against homesteads.

The revenue bill will be reported tomorrow. There has been a great fight over it in committee. It was mainly prepared by representative Willard, who has ransacked the tax laws of all the States to find subjects of taxation and measures of getting taxes. He does not at all relish the striking out of taxes, and said today: "All that is needed is for some one to appear and argue against a tax and out it goes."

The fight against the tax of 1 cent per 1,000 cigarettes manufactured and the license tax of \$5 on all dealers in them was continued today, the owners of the factory at Wilson, the "anti-trust" factory, leading in it. There will be no dog tax.

A new school law is now being prepared by the committee on education.

Steamer Forced to Burn Cargo.

LONDON, Feb. 20.—Incoming steamers continue to report fearful storms upon the Atlantic.

The Lord Kelvin, from New Orleans, January 16, via Norfolk, January 24, reports a terrible voyage. She exhausted her coal and burned much of her cargo.

No Money Yet for Bounty.

WASHINGTON, D. C. Feb. 20.—Congress will probably appropriate a lump sum for the payment of bounty claims arising out of the destruction of the Spanish fleets in Manila Bay and around Cuba.

There is no expectation that the prize cases can be disposed of this session, owing to the tangled conditions of many of several courts. Not one dollar so far has been paid by the Government, either as prize money or for bounty as a result of the Spanish war.
