RALEIGH.

Control Negro Normal Schools Left to Board.

No Code Commission Probable. Visitors Numerous at Capital. Incendiary Convicted. Confederate Veterans Prefer Cabin System.

RALEIGH, February 28.—It is decided to leave the control of the 7 negro normal schools entirely to the State board of education. The board can settle the questions as to whether there shall be consolidation or an extension of the work of existing schools. The annual appropriation for all \$14,000. There has been a movement toward consolidation. It has been contended that some of these schools are not normal schools in the true meaning of the term.

The opinion is confirmed that this legislature will not create a code commission.

Arrivals here are very numerous. A large anti-dispensary delegation came from Fayetteville this morning to hear the second day's debate in the Senate on McNeill's bill to abolish the Cumberland dispensary. Some of the anti-dispensary people say they prefer prohibition to the dispensary, and would be willing to see prohibition tried and given a fair test.

Insurance commissioner Young is much pleased at the conviction of the man who burned his store and dwelling at Gold Hill, Rowan county, to get insurance. It turns out that he burned two other stores. Convictions of fire bugs in this State are rare. Lee S. Overman of Salisbury prosecuted the case for the commission.

Arrivals—E. Porter, Rocky Mount; Dennis Worthington, Wilmington; H. H. McLendon, Wadeboro; J. A. Arrington, A. R. Parsley, J. W. Craig, Wilmington; Arthur B. Williams, Fayetteville; A. D. Ward, W. W. Clark, New Bern.

One of the veterans in the Soldiers' Home says that the inmates prefer the present stage, or as he terms it, the "cabin" system to any other. In other words they like small rooms in detached buildings, with open fireplaces because all their lives they have been used to them.

For the first time in nearly a year, a recruiting station for the army is open here. Three enlistments were made today. Lieutenant Cosack, of the cavalry service, was here today, looking after the station.

There is always danger in using counterfeits of DeWitt's Witch Hazel Salve. The original is a safe and certain cure for piles. It is a soothing and healing salve for sores and all skin diseases. F. S. Duffy & Co.

RALEIGH, February 28.—House went into committee of the whole on the Revenue bill. That part was adopted; fixing the poll tax at \$1.50, ad valorem tax for state purposes, four cents for passengers, eighteen cents for schools. The Soldiers' Home bill carrying \$15,000 for annual appropriation, and \$4,000 for buildings, passed the Senate unanimously.

The bill also passed after a long and warm debate, abolishing the Fayetteville dispensary.

THEIR LINE OF DEFENSE.

Main Feature of the Argument of Judges Council Outlined.

Special to Journal. RALEIGH, February 28.—The defense of the impeached Judges, Furches and Douglas, is now being prepared, and they are in daily conference with their counsel. Chief Justice Fatches is troubled considerably by bronchitis and is far from strong.

Directly after the resolution of impeachment was introduced an anti-impeachment man who was interviewed said the money which the judges offered to pay to Theophilus White was not from the public treasury, but that it was a special fund derived solely from the tax on oysters, and set apart exclusively for the payment of any expenses on account of shell fish. It is now asserted that this will be the main feature of the defense of the judges.

The Soldiers' Home.

RALEIGH, February 28.—Special—The Soldiers' Home bill came up in the legislature today, with a favorable report for a \$13,000 annual appropriation and \$4,000 for a new building.

Two More Oyster Inspectors.

Special to Journal. RALEIGH, Feb. 28.—Governor Aycock today appointed Paul Woodward oyster inspector for Pamlico county and J. W. Mason for Carteret.

Guilty Chinese Beheaded

Peking, Feb. 26.—Chih Siu, former grand secretary, and Hsu Cheng Yu, son of the notorious Hsu-Tung, were publicly beheaded today. The street in which the execution took place was guarded by American, French and German troops. The condemned officials were taken to the ground in carts, escorted by a company of Japanese infantry.

Chih Siu met his death in a dignified manner, walking from the cart calmly and fearlessly. Hsu Cheng Yu was strangled with opium. They were both dressed in their Chinese official costumes, without the insignia of their rank.

Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. F. S. Duffy & Co.

Oil Near King's Mountain.

CHARLESTON, S. C., February 27.—There is considerable excitement in York county S. C. over the reported discovery of oil. Rev. P. R. Elam, who owns the mineral rights or has options on probably 10,000 acres of land in York county and the adjoining counties of Cleveland and Gaston, in North Carolina, is said to have struck oil. The find is said to be near the King's Mountain battleground.

Botha Reported Surrendered.

LONDON, Feb. 28.—The Daily Chronicle has received a report it believes trustworthy, though it has no means of verification, that General Botha has surrendered to Lord Kitchener.

Fatal Gluttony.

A messenger employed at the railway station in Praga, Warsaw, made a bet that he would eat at one meal five fowls, a jar of sour cabbage, two melons, ten pounds of fruit, six cucumbers, with bread, and, besides, he would drink a gallon of vodka (instinctive spirits), six bottles of beer and three sponges of soda water. A numerous company assembled to witness the feat, which was successfully accomplished, and the bet was paid. The man, however, was found dead in bed next morning.—London Standard.

Outlook for March.

The principal articles in the March Magazine Number of The Outlook are: "The Philippines: Present Conditions and Possible Courses of Action"—the second of a series of three important articles of Mr. George Kennan, embodying the results of a very thorough investigation into the subject; the first chapter of a series of autobiographic articles by M. Jacob A. Rika, entitled "The Making of an American"; "Blavie Characteristics" by Edward A. Steiner, illustrated by many photographs which have never before been reproduced; "Queen, the Queen-Hit," an illustrated article in the series by Lillian W. Betts; "The Heritage of King Alfred," by Sir Walter Besant, which has a bearing on the coming millennium celebration of King Alfred's death, and is illustrated by a fine reproduction of Mr. Hartley's statue of King Alfred, a personal character-sketch of Verdi, with portraits of articles on the Royal Dutch marriage, by Dr. William Elliot Griffis, author of "Brevé Little Holland," with portraits and other illustrations.

STUBBS BILL PROBABLY DEAD.

It Called For White Taxes to go to White Schools.

Special to Journal. RALEIGH, February 28.—The special order in the House today was Stubbs' bill, introduced the first day of the present session, to apply white taxes to white schools and negro taxes to negro schools exclusively.

There was a warm debate upon the bill. Stubbs declared that the people of North Carolina demanded such a step as this. Smith of Gates declared that the bill was violative of the United States constitution. A motion to refer the bill to the Judiciary Committee passed by vote of 65 to 37. Stubbs declared that this means the sleep of death for the bill.

A bill was introduced in the Senate for building the State institutions from contracting any debt save by Legislative authority.

The Big Steel Deal

New York, Feb. 27.—J. P. Morgan this afternoon authorized the Associated Press to state the capital issue of the new United States Steel Corporation would be \$300,000,000 common stock. Asked as to the terms for exchange of the stock and bonds of the Carnegie Company for the new securities, Mr. Morgan intimated that this was a matter which concerned the stockholders and bondholders of the Carnegie Company.

Thirty Five Lives Lost.

Cheyenne, Wyo., Feb. 27.—The worst disaster in the history of coal mining in Wyoming since the Aty horror, eight years ago, occurred at Diamondville last night. Thirty-five men are believed to have perished in a fire which started in mine No. 1 of the Diamondville coal and Coke Company.
