RALEIGH, March 16 .- Representative Allen says he brought about the defeat of the bill to create a code commission ecause it was so amended as to be vorthless. Instead of 8 commissions at \$1500 a year each, he wanted one at 3000 and a secretary at \$1500, so as to get high class work.

It turns out that the cotton seed meal manufacturers in this State desired the tax imposed of 20 cents per ton, which epresentative McLean knocked out. Their reason for desiring the tax was to protect themselves and the buyers also as great quantities of this meal is being hipped into this State from South Caroina and Georgia, short in weight and very different in quality; some being as ow as 5 per cent. McLean thought he had done a great thing but it seems he did not know what he was doing.

extreme old age, Mr. Brock says: "After a man has lived in the vorld as long as I have, he ought to have found out a great many things by experience.

"One of the things I have found out to my entire satisfaction is the proper remedy for allments that are due directly to the effects of the climate.

"During my long life I have known a great many remedies for coughs, colds, catarrh and diarrhoea. I had always supposed these affections to be different diseases, but in reading Dr. Hartman's books I have found out that these affections are the same and that they are properly called catarch.

"I had several long sleges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and ound it to be just the thing.

"As for Dr. Hartman's remedy, Pe-ru-na, I have found it to be the best, if not the only, reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy.

Very truly yours, June Brock For a free book on catarrh, add
