Text of the Finding of the Court on Impeachment.

The Trial Cost \$7,000. It was Less Than Expected. Certified Copies of Acts. Text Book Publishers.

RALEIGH, March 29.—The following is a copy of the official judgment in the impeachment trial:

"In the Senate of North Carolina, "March 28, 1901.
"State of North Carolina vs. David M. Furches, Chief Justice and Robert M. Douglas, Associate Justice of the Supreme Court.

"Whereas, the House of Representatives of the State of North Carolina, on the 25th day of February, 1901, exhibited to the Senate articles of impeachment against: David M. Furches, Chief Justice, and Robert M. Douglas, Associate Justice, of the Supreme Court, and the said Senate after a full hearing and impartial trial, has this day, and voting, has failed to convict the said respondents by a vote of two-thirds of the said Senate.

"Now, therefore, it is adjudged by the Senate of North Carolina, sitting as a court of impeachment, at their chamber in the City of Raleigh, that the said David M. Furches and Robert M. Douglas are acquitted of the charge preferred against them in the said articles.

"It is further ordered that a copy of this judgment be enrolled and certified by the Lieutenant Governor, as presiding officer, and the principal clerk of the Senate, and that such certified copy be deposited in the office of the Secretary of State.

"W. D. TURNER,
"President of the Senate."

The Council of State met with the managers of the impeachment trial, and allowed the claims of attorneys. There were five attorneys for the State and they asked in fees \$2,000 which was allowed. The pay of 59 Senators and nine managers at \$4 a day amounts to \$3,254 while witness fees and employees' pay will not exceed \$1,000 making the total cost of trial not over \$7,000.

Before the vote of the Court was taken there were some bets of two to one that the judges would be acquitted.

The certified copy of acts of the Legislature are in demand and the work of copying keeps several people busy. One of these bills, the charter of Asheville which was called for a few days ago, is so long that the charge for copying at the regular rate would be over thirty dollars.

The publishers' agents here plus some hope on the statement that the text-book commission may allow agents to submit briefs concerning the merits of their books. The commission gives out very little concerning its work. A regular system has been adopted, but the members decline to state what branch of study will be taken up first, or the method of declining upon the books.

M. H. JUSTICE
Appointed Judge in the 14th. District. Commissions Issued.

RALEIGH, March 29.—Governor Aycock has appointed M. H. Justice, Senator from Rutherford, Judge of the Superior Court for the fourteenth district.
Commissions were issued to Geo. L. Morton, of Wilmington, naval aide on the Governor's staff, to the rank of colonel; Maj. W. P. Robertson of Wilmington, assistant postmaster general.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel troubles. F. S. DUFFY & Co.

Money for Hawaii.
Washington, March 29.—The Treasury Department will send two expert officials to Honolulu in a few days with the cash to pay the bonded indebtedness of Hawaii, amounting to \$5,000,000.

This payment was authorized by the act of annexation, but the money was not appropriated by Congress until last session. Holders of Hawaiian bonds in the islands will be given thirty days notice and the English bondholders, who have about \$200,000, will be given three months notice of the re-annexation payment and at the expiration of those notices the bonds will cease to draw interest.

Proud of Her Hair

Miss Irene Ackerman, the well-known dramatic reader, writes us from 30 W. 15th Street, New York City. She is justly proud of her magnificent head of hair, which is shown to advantage in the accompanying photograph.

"Sometime ago, when my hair was brushed, I noticed more and more the increase of hair left on the comb. My scalp became dry and my hair grew thin so rapidly that I had to change the style of wearing it. I then tried various hair tonics, the effect of which was to make my scalp exceedingly tender, and the hair stiff and brittle when dry. I resolved to try

MILLIONS USE CUTICURA SOAP

Assisted by CUTICURA Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of cruds, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing red, rough, and sore hands, for baby rashes, itching, and chafing, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP assisted by Cuticura Ointment, in the form of baths for annoying irritations, inflammations, and excoriations, for too free or offensive perspiration, in the form of washes for sensitive weaknesses, and for many antiseptic purposes which readily suggest themselves to creative weakness. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers, to use any others. No other medicated soap is to be compared with CUTICURA SOAP for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines, in One Soap at One Price, viz: TWENTY-FIVE CENTS, the best skin and complexion soap, and the best toilet and baby soap in the world.

Complete External and Internal Treatment for Every Humor. Consisting of CUTICURA SOAP (50c.), to cleanse the skin of cruds and scales and soften the thickest scales; CUTICURA Ointment (50c.), to instantly relieve itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVANT (50c.), to cool and cleanse the blood. As CUTICURA is often sufficient to cure the most tormenting, disgusting, itching, burning, and scaly skin, scalp, and blood humors, with loss of hair, when all else fails. Sold throughout the world.

AGUINALDO IN PRISON.
He Dines With Army Officers. What Dewey Thinks.

MANILA, March 28.—Aguinaldo, who was captured by General Funston and brought to Manila on the United States gun-boat Vicksburg, was brought ashore at 8:10 p. m. today and taken before General MacArthur. He talked freely, but seemed ignorant concerning recent events. It appeared to be in good health and was even cheerful. He lunched with the officers of General MacArthur's staff and was then escorted to the Andra street jail. Aguinaldo's capture was attended with considerable difficulty, an insurgent major being killed at the time of the event. Twenty rifles and a number of important papers were captured.

New York, March 28.—Admiral Dewey was at the Albemarle Hotel today and was interviewed as to the probable effect at the new of the capture and said he thought that this would really wind up the period of resistance. He said: "I am delighted to hear this news. Of course we had the warning a few days ago that it might occur, but it looked like a very risky undertaking, and if Funston had lost his life, every one would have said: 'I told you so.' It appears to be a very creditable piece of work on the part of Funston and in keeping with his previous exploits. It was, in fact, a case of fighting the devil with fire."

"Aguinaldo is a most amiable little fellow. He does not have the education which he has been credited, and he was not really the brains of the insurrection. Mabini was really the brains of the Filipino rebellion and Aguinaldo was the active leader. I admit that I did not give credit for the abilities that he has shown, but he is certainly not a man of very great ability. The people believe that he was invulnerable and that no harm could be done to him. There was a story current, in fact, that a dozen men had stood up and fired at him as a test. I suppose there were no bullets in the guns. That story went everywhere. The people are intensely superstitious and they believe no harm could befall him. It will take some time now for the news to get around of the capture and at first the people will refuse to believe it, but after the news does finally get around the islands, I fully believe that organized resistance will collapse."

"What do you think ought to be done with Aguinaldo now?"
"Well, it seems to me that as good a thing as could be done for the present would be to send him to Guam. It is the same sort of a climate as in the Philippines and there could be no hardship in the change, but there would be no chance to pose."

When you are bilious, use those famous little pills known as DeWitt's Little Early Risers to cleanse the liver and bowels. They never gripe. F. S. DUFFY & Co.

Discontent in France.
Paris, March 28.—Rumors are very persistent to late that the Bonapartists are taking advantage of the existing discontent and unrest in France and are about to make a determined attempt at a coup d'etat.
The Royalists stand no chance whatever of getting popular support. The Bonapartists, on the other hand, have been very quiet and might possibly at the present moment win to themselves all sorts of support.

ONE VIEW OF CUBA.
Great Disorder Predicted Upon American Withdrawal.

WASHINGTON, March 29.—Representative Warner, of Illinois, who has just returned from Cuba, says the irresponsible element on the island, which is a large majority, will agree to anything to get Cuba into their own hands, and carry out their ideas of looting. He predicts that a state of anarchy will prevail on the island within ninety days after the withdrawal of American authority, and that we shall eventually have to forcibly take the island and go over again what has been done under American occupation. Gloomy as he considers the outlook, Mr. Warner says he sees no honorable way for this government to escape keeping its pledge to withdraw from Cuba.

High Prices For Old Spoons.
London, March 28.—At the sale of Lord Dorman's antique silver at Christie's today some record prices were achieved, thus upkeeping the reputation of this season for enormous prices paid for artistic treasures. An Elizabethan salt cellar, dated 1595, brought \$350 an ounce, and a set of thirteen Jacobean Apostle spoons \$8,000. It is rumored that these last were bought on commission for an American collector.
