THE LEGISLATURE.

Met Yesterday in Adjourned Session and Does Business.

Ready to Finally Adjourn at Noon Today. Bills Passed Yesterday. The Small Number Present.

Special to Journal.

RALEIGH, April 3.—The Legislature met in adjourned session at noon today with two Senators and twelve Representatives present.

In the Senate Chief Clerk Maxwell called the Senate to order and called Senator Glenn to the chair.

In the House Speaker Moore presided. He had not expected to attend and was not looked for, but he finally came because, as he said, it was necessary to pass a few local bills and amend some of the acts passed by the Legislature in the March session. Some of these bills had been overlooked and they were considered necessary to be passed.

The following bills were passed today. A bill allowing the Governor to appoint Superior Court Judges and Solicitors under the new law any time after March 11th.

A bill to publish the impeachment trial proceedings in full including the arguments of the counsel.

A bill to allow the Goldsboro Lumber Company to increase its capital stock to three hundred thousand dollars.

A bill to allow the people of Mitchell county to vote on the question of compulsory attendance at school.

Senator London, President pro tem of the Senate, could not arrive today, owing to a railway washout and hence no bills could be raffled. A resolution to adjourn at 2 o'clock had been adopted but it had to be reconsidered and a recess was taken until noon tomorrow when final adjournment will probably be taken.

Spring coughs are especially dangerous and unless cured at once, serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy. F. S. DUFFY & CO.

Steamer Lillie Supplies.

RALEIGH, April 3.—The claim for supplies furnished the State oyster patrol steamer Lillie under White's administration aggregate nearly \$1300. Those which the special legislative committee authorized will be paid.

You cannot enjoy perfect health, rosy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. DeWitt's Little Early Risers cleanses the whole system. They never gripe. F. S. DUFFY & CO.

CHARGE OF PENITENTIARY.

New Directorate Take Hold. No Changes Made. Inspection of Farms.

RALEIGH, April 3.—Today J. A. Brown and N. O. Berry of the new penitentiary directorate went to the penitentiary and took charge. They at once began an inventory. They will see what is the system, what is necessary to be done, etc. Meantime there will be no changes in the personnel. Directors Travis, Crosslands and Mann left this morning for the penitentiary farms on the Roanoke river, to make an inspection, take an inventory, etc. Senator Brown thinks the work will take a month's time.

Martin's Shortage Not Figured Out. The Trial Begun. Sheriffs are Slow. The Fertilizer Sale.

RALEIGH, April 3.—The investigation of the penitentiary books, etc., in the State treasury by the special legislative committee, of which Senator Arrington is chairman, began this morning. The statement has been made that the thefts of Maj. Martin, the ex-clerk, aggregate \$15,000. The treasurer says this statement is unauthorized. No one has any idea what will be the amount. Martin says about \$3800, an expert told the grand jury it was \$12,000, the penitentiary officials figure on something like \$2800.

The trial of W. H. Martin, the defaulting ex-clerk, was the event in the superior court today. It has always been said he would submit, though lately he has employed two lawyers. He has written all over the country to get money. It is believed he would have fled if he had had money at the time of the discovery of his crime. All the penitentiary vouchers for five years are gone.

The jail here is to be enlarged, or else re-arranged so as to give female prisoners entirely different quarters.

State treasurer Lacy says that 30 sheriffs have failed to make settlements and 80 others have only made partial settlements. There may be suits.

B. E. Seiberry of Fayetteville died recently and it is found made a bequest to the M. F. Orphanage here.

There is a great rush of Northern people to Pinehurst. The hotels there are full.

The information given by the commissioner of agriculture that this season's fertilizer sales are 30 per cent greater than last year's to this date, is of much interest.

At the agricultural department it is stated that the presence of the San Jose Scale has been discovered at 7 different localities.
