SHIPPING LOGS.

The "Sneak" Bill Which Passed the Legislature Affects Mills.

Law May Not Stand a Test. State Guard Will Get New Guns at Once. The Arsenal to go.

RALPH, April 25.—There will be quite a stir among lumbermen when they get the news as to the discovery of the "sneak" bill which is designed to prevent the shipment of logs out of the State. It is really aimed at Norfolk, Wyalusing, and Georgetown, S. C. It is a "sneak" bill because the title misleads, and of course was intended not to betray what was the real intent of the bill. The question is whether such an act will hold good in the courts—an act which says that no one unless he has a saw mill in this State or is selling logs to a saw mill shall own or cut the timber from over 300 acres of land. It is said 100,000,000 feet of logs are sent out annually. The legislature might as well try to prohibit the shipment of gemstones out of the State, unless they were first cut into gems.

The arsenal is to be removed from the capitol square. It was built in 1883, at a cost of \$3,000. It has repeatedly been condemned as unsafe and unfit for use as an arsenal.

The State Guard receives with pleasure the news that it is to be entirely reformed, most probably, with magazine rifles and that it is to be furnished with a complete outfit of Khaki summer clothing. The act of Congress permitting the issue of new rifles in place of the old, at no cost to the State, makes possible the re-arming.

The State today chartered the Albemarle furniture company of Stanley county, capital \$10,000; the Mocksville chair company, capital \$7,500; and the Smithfield improvement company, capital \$20,000.

Gen. Thomas F. Toon, State Superintendent of public instruction, left today for Henrietta, Rutherford county, to make a speech at a great educational rally.

Those famous little pills, De Witt's Little Early Risers will remove all impurities from your system, cleanse your bowels, make them regular. F. S. Duffy & Co.

Cotton Acreage in Texas.

HOUVER, Tex., April 24.—The Post will tomorrow issue a report on the cotton acreage in Texas. It shows that the planting season is fully three weeks late and much replanting is to be done because of the weather. There will be an increased acreage. Much land sown to grain will be plowed up and put in cotton in the northern portion of the State. Only a small proportion of the crop is above ground and the stand is not good.

From Chicago to Europe.

CHICAGO, April 24.—With a cargo of agricultural implements, packing house products and miscellaneous manufactures, the steamer Northwestern drew out of Chicago river today and headed for Europe.

It is said to be the first steamer to start from Chicago across the Atlantic. At Buffalo a large quantity of wheat will be discharged and taken on again at Montreal after the steamer has gotten through the canal.

The Game at Wilmington.

Special to Journal.
WILMINGTON, April 25.—In the game of baseball here today, Wilmington defeated Portsmouth by a score of 8 to 3.

Labor Union Talk.

KALAMAZO, April 25.—It is said by the cotton mill men hereabouts that there are as yet no signs of any labor trouble of course they do not know to what extent there is a union organization here.

The union work is all secret. The labor agitator who was here the other day from Danville said in the course of his speech that textile operators were oppressed in this State. An explicit denial was made of this by an operative here. The labor agitator said while here that the union intended to force the 10-hour day in every mill.

Money Due the State.

RALPH, April 25.—It is found that the estate of the late P. H. Lybrook, paymaster general of this State, is due the State \$1600. Notice of this is sent to the administrator and a check will no doubt be sent in a few days. Lybrook's bonds cannot be found, in any of the departments here. It is known to be good. He was appointed by Gov. Russell. He died a few months ago.

You cannot enjoy perfect health, rosy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. De Witt's Little Early Risers cleanses the whole system. They never gripe. F. S. Duffy & Co.

Rain Prevents Game.

Special to Journal.
NEWPORT NEWS, Va., April 25.—There was no game with Norfolk here today on account of rain.

A Raleigh Fox Hunt.

RALPH, April 25.—The business men of Raleigh had a lively fox chase this morning and by 9 o'clock returned with the fox. There were 25 horsemen. The fox gave them a twelve mile run.

An Educational Exhibit.

RALPH, April 25.—It is expected that the schools of the State will make at the next State Fair here the greatest educational exhibit North Carolina has ever seen. This will be an added evidence of the very remarkable increase of public interest in education.

High Water at Cincinnati.

CINCINNATI, April 24.—At 6 o'clock tonight the stage of the Ohio here was 67.5 feet, but since 3 p. m., the rate of rising was reduced from 1 inch an hour to almost ½ inch an hour. The stage at 6 o'clock is 7.5 feet above the danger line and the rate of rising is gradually decreasing. The flood here will exceed the predicted limit of 68 feet.

The Corn King.

CHICAGO, April 24.—Shorts in corn experienced another exciting day as the result of George H. Phillips' efforts to advance the price of the cereal, and some of them were forced to pay as high as 1½ cents a bushel for the privilege of covering their May contracts. The above price is the highest at which May corn has sold so far on the crop.

The trade is now inclined to regard 50-cent corn as a certainty. Shorts are becoming nervous as the time for deliveries approaches, and there is a disposition on the part of speculators to antagonize Mr. Phillips, whose leadership in the market is now regarded as supreme.

According to well-posted traders, Mr. Phillips is selling out his May holding on the shorts on his own terms.

North Carolina's Self Constituted Nigger Political Leaders.

EDITOR JOURNAL:—Please allow me space to make this brief announcement to the generous American people.

If the President will persist in appointing niggers to offices from North Carolina, he should out of respect to common decency to both races select from the honorable, decent and respectable class.

How is the President to know when a nigger politician is honorable, decent and respectable?
 By this—As a tree is known by the fruit it bears, so too, is a nigger known when he has no regard for his word of honor, or his promise to pay a debt.

A way with such self constituted and self interest, so called political nigger leader. All papers in the United States will please copy.
 Send your copy to me marked.

 ISAAC H. SMITH,

Buying Worthless State Bonds.

LONDON, April 24.—A London firm is promoting the old scheme of buying up bonds which the Southern States issued during the reconstruction period and which later were repudiated by the State governments. The papers exploit the enterprise, urging bondholders to come forward. There is considerable local interest in the repudiated bond, which are largely held here. One bank is reputed to hold a majority of the Arkansas issue.
