formatory. RALEIGH, May 20,-The State holiday was observed here only by the clusing of the capitol and the banks and the dis-Wonderful Beauty of the play of the flage on the capitol. Charlotte it seems was the only place where here was a demonstration.

It was so cool today that there were fires and overcoats were worn. Many tains. Flowers and Festive Archi- of the farmers are quite blue at the pros-The wheat crop in this county looks

remarkably well. It is the largest crop planted in many years, and the weather favors it. A charter for a new lodge of Mason

at Roanoke Rapids is asked for. Insurance commissioner Young went to Greensboro today to confer with the officers of the newly chartered life insur-

ance company.

Mr. O'Berry director of the peniten-tiary, was here today on business con nected with the sale of the peanut crop The Day administration made a contract with a Raleigh firm for the sale of the whole crop, making the estimate that it was 60,000 bushels and was worth \$48,000. Mr. O'Berry said today: "Our calculation was that it would not bring over \$39,000, and now it looks like \$25,-000. These penitentiary estimates made by the Day administration grow beautifully less every time it is looked at." The estimates of the retired administration evidently are held in but small

There is some talk here about a threatened strike of carpenters. A carpenter said such a strike in this state would cut no figure, as negro labor would be employed, and also people secured from farms to do such work. Many farmers have enough knowledge of parpentry to make them available.

Grass is giving the farmers a good deal of trouble. There appears to be in the grand event. The day was made plenty of negro labor for present farms needs, though in the towns negro lawor particulary cooks and house servants is rapidly getting scarcer.

Gov. Aycock will return from New York tomorrow, and tomorrow evening will speak at the commencement of the State Normal and Industrial College of gramme. Mr. Louis L. Babcock was Greensboro. JUDGE EWING'S LECTURE.

Christ." Delivered in New Bern.

what Judge Ewing said: lyte you, or make Christian Scientists gospel, healed the sick, made the lame to out of you. That is something you will walk, gave sight to the blind, hearing to have to do for yourselves, if it is ever the deaf and purity to the sinful; and accomplished. My simple mission is to with equal fervor we worship and glorigive you something respecting Christian fy this dear, compassionate, healing Science to think about and invite your Christ, as Lord, Savior and Exemplar full examination of the whole subject. I You also believe, as we do, that the shall have fulfilled my whole mission Bible is the divinely inspired revelation

vestigated and considered these facts. We live in a practical age and are other; that prayer is both a privilege and satisfied only with facts. The world is a duty; and with equal loyalty you and weary of theories, it lougs for facts; it is Christian Scientists accept the gr. at surfeited with arguments, dogmas and commandment. "Thou shall love the platitudes, and cries out for facts, Chris- Lord thy God with all thy heart, with

The Religion of Jesus Christ. the religion that He presched, taught self." So it appears that whatever you know it at the earliest possible moment: tonight, if it may be. The greatest difficulty that confronts me in presenting to

fathers' ballef as our own. It is a humiliating confession, and yet their relationship to God; they are Pres byterians, Congregationalists, Methodists, Baptists, Episcopalians or Catholics because their fathers were. No one thinks it strange that we should discard our fathers' thought respecting dress, habitation civil or religious government, or the inherent rights of men, and yet that the child shall think of religion think of God, as its fathers thought, or

think of God, as its failure thought, or not think at all. And yet we know, indeed that our fathers questioned the religious beliefs of their failure, and made us happier by it; that their failure questioned the religious beliefs of their own fathers and made the world brighter by it. John Caivin questioned the religious beliefs of his fathers, and out of the controversy sprang the Presbyterian church and all of its multiplied offshoots that have made the world better; Martin Leither raised his mighty voice against the religious beliefs and religious practions of his fathers and the reformation gladdened the world; the great Westays controversied the substations touch of these fathers, and the heroic Methodist circuit rider began his tank of making awaster. rider togan his tank of making events; and Empter each boiler the Jumilia made of England and America. Why bonid we not have the independence, as intellectual integrity, to think of bed in the epicadid light of today that that in the bonis of ascentral ought ?

minimize fear, and add sweetness and lasting God, and Father of all, infinite Last Friday night, May 18th at the in power, wisdom, truth and love, a di Court House, Judge W. G. Ewing of vine, incorporeal, spiritual intelligence Chicago, delivered a lecture on the above you and Christian Scientists alike be subject. The following is a synopsis of lieve in Jesus Christ, the only begotten son of God, born of the virgin mother It is no part of my purpose to prose- who taught in the temple, preached the when I have stated to you some palpable of God to man, that the ten command facts, and your duty will be performed ments are God's laws of requirement only when you shall have honestly in- and restriction, to be resolutely and adsolutely obeyed, one not less than the all thy mind and with all thy strength, and thou shalt love thy neighbor as thyworthy of your thought or mine. If that you and Christian Scientists are ! Obristian Science is not this, we want to absolute accord respecting the essential requirements of the Christian religion

Mrs. Eddy's Book. Now let me tell you something of Now let me tell you something of what Christian Science is, in the hope you any new phase of religion, or new that upon conscientious investigation you any new phase of religion, or new that upon conscientious investigation thought of God, is our inherited reitigious beliefs, our fathers' thought of Christ's religion, as Christian Scientists understand, believe and practice accepted, without investigation, our it

Christian Science was discovered and revealed to the world some thirty odd t is doubtless true, that less than 5 per years ago, by the Rev. Mary Baker cent, of the millions of professed be-lievers in the Christian religion are what still a resident of that state.
