RALEIGH.

Neuse River Breaks Previous Records by Six Feet.

Commencement Exercises. Crop Situation Grows More Critical. North Carolina Press Say Little About Governor's New York Address.

RALEIGH, May 29.—The gauge shows that Neuse river at Millburn, six miles from here, rose 22 feet. This breaks its record at that point by 6 feet. The flood in that stream has now reached Goldsboro and is in one foot of the railway bridge near there.

The commencement exercises at the Agricultural and Mechanical college were held today, at the Academy of Music. As nearly all the cadets had been allowed to go home last week, only a handful were here today at the exercises. The speakers today were, F. W. Barnhardt, (first honor), of Stanly county; W. D. Fanette, of Halifax county, (second honor); Martin Kellogg, of Davie; J. J. Liles, of Anson; F. W. Bonitz, of New Hanover. There were 28 graduates.

It is found that the United States war department was in error in believing that Congress had passed the bill allowing the exchange of the rifles now in the hands of the National Guard for new ones, Krags if desired. The bill failed to pass. The military authorities here are greatly disappointed.

There is no change in the status of the strike of all the Seaboard Air Line's machinists here. They are still out.

The State board of agriculture had a brief session this morning and gave a hearing to Gen. William P. Cox, who urged an appropriation of \$1,500 in aid of special farm premiums at the State fair. The board then attended the commencement exercises of the A. & M. college.

Yesterday afternoon there was a very hard rain. More rain fell last night and the weather is even cooler than before. The commissioner of agriculture says the situation as to crops grows daily more critical. Some farms are like beds of mud. It will be days before they can be worked. The grass is taking the life out of the crops. It is said by farmers that they never saw so much grass. It may be said that no farm work is being done in Central North Carolina. The cold weather is another great drawback. The crops are stunted. It is so cool that overcoats were worn here today.

Insurance commissioner, J. R. Young, went to the eastern part of the State, in the trail of some men who have been representing unlicensed insurance companies, the old Wayne life, and a New York company.

At Wake Forest College the alumni banquet was held this evening. Dr. Hubert A. Royser of Raleigh being toastmaster. The commencement exercises were held today. Rev. Thomas Dixon delivered the literary address. Tomorrow the graduates will speak. There are 21 of these.

Among those who went from here to Wake Forest today were Congressman E. W. Fox, ex-judge James E. Shepherd, and Gen. W. F. Tonn. The alumni attended in unusually large numbers.

The Oxford camp of Confederate Veterans is at Memphis 90 strong.

It is a matter of comment that the North Carolina papers are having less to say than the Northern papers about Gov. Aycock's admirable address before the North Carolina society of New York.

All secret societies at the Agricultural and Mechanical college here are abolished by order of the trustees.

Mr. W. J. Baxter of North Brook, N. C. says he suffered with piles for fifteen years. He tried many remedies with no results until he used DeWitt's Witch Hazel Salve and that quickly cured him. F. S. Duffy & Co.

VIRGINIA-CAROLINA LEAGUE.

Third Day of Same Winning Clubs. No Change in Standing of Clubs. Speed to Journal.

Richmond, Va., May 29.—Wilmington made it three straight today. Scores, Wilmington 5, Richmond 5.

Norfolk, May 29.—The home team continued its winning streak, today, again defeating Raleigh. Score Norfolk 5, Raleigh 2.

Newport News, May 29.—Scores in today's game, Newport News 5, Portsmouth 5.

STANDING OF THE CLUBS. Table with columns: Club, Won, Lost, Percent. Rows: Wilmington, Newport News, Raleigh, Norfolk, Portsmouth, Richmond.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Board the Signature of J. C. Watson.

OUT FOR GORMAN.

Maryland Democrats to Fight, With Him as the Issue. Senatorial Toga the Stake.

Baltimore, Md., May 29.—The Dudley brothers of the Eastern Shore, will play an important part in the Gorman campaign. Hiram G. Dudley, a business man of Baltimore, is likely to take the place of I. Freeman Rasin as the active chief of the Gorman forces of this city. Hundreds of Democrats in this city who in 1895 were against Gorman are now with him, but many are not so friendly to Rasin. They want a new leader in the city, and Dudley appears to be acceptable.

Because Gorman wishes to win in his reason for the proposed change in leadership. Mayor Hayes is opposed to Rasin domination, but Gorman intends to bring the Mayor into line, as the latter's support is needed for the City Hall contribution to the campaign fund. The city administration failed to contribute to the Democratic Committee either last fall or this spring, and the \$40,000 or \$50,000 to be derived from the assessment of municipal officials is needed.

Dudley has several strings to his political bow. In addition to his prominence in city politics, he has two brothers, one, W. C. Dudley, in Talbot, and the other, E. L. Dudley, in Queen Anne's County, of the Eastern Shore, who will be candidates for the Legislature, the first named for Senator. Thus the Dudleys will wield an unusual political power in the selection of the next United States Senator should the two be successful in their candidacy for the Legislature, and their brother Hiram will wield control over the city delegation.

Gorman has not yet made any public statement of his candidacy for Senator, but the public takes it for granted. He will control the State conventions and, with few exceptions, the county conventions. At a conference of Gorman, Chairman Vandiver, Hiram Dudley, Freeman Rasin and other leaders last week, the candidates for the Legislature were discussed. Gorman scrutinized the lists and wherever there were contests intimated his choice of the candidate.

A State leader says the plan of the State Executive Committee is to have the convention unanimously pledge the members to be elected to the General Assembly to vote for Gorman for United States Senator. This will make Gorman the issue of the campaign.

This course was followed in 1891, and the General Assembly chosen that year, on that issue, was overwhelmingly Democratic. Democrats from the county declare that the precedent of 1891 should be adopted this year; that Gorman should be nominated as then, by a resolution of the State Convention, and the fight for the General Assembly should be made on that line.

"Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. Spafford Chester, Mich. F. S. Duffy & Co.

Arrests: Charles Lott and Standard Bibe at the Oaks Market.

A Mail Route That's Needed.

The section of Craven county at South river, needs a change in its present mail route, which now comes by way of Beaufort, Carteret Co.

The citizens in the vicinity of South river have started a petition asking that the mail be sent from Oriental, which is on the opposite side of the Neuse river, a distance of ten miles.

By having the mail come via Oriental the South river people will save more than a day in the receipt of their mail, a most important matter to the business interests at South river.

The change from the present route via Beaufort, to a route via Oriental, works no hardship any where, while it will prove of great benefit to the business interests at South river.

It is to be hoped the change can soon be effected.

WHEN NATURE

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.
