TWENTIETH YEAR

SYSTEMIC CATARRH

And Grip Prostration Afflicts the People All Summer.

UNITED STATES MARSHAL SIMMONS.

Hon. F. Simmons, United States Marshal, Mobile, Alabama, speaks in high praise of the merits of Peruna. In a letter written from Washington, D. C., he says:

"After having used Peruna for a short time I find that it is the most excellent remedy for the grip and catarrh ever prepared. I can heartily recommend it to any one." Yours sincerely, F. Simmons.

Even a slight attack of the grippe deranges every function is disturbed. Appetite and digestion demoralized. Creeping rigors, hot flashes, cold sweats and fitful sleep linger to make not return. The whole system seems life almost unbearable.

It is in this condition that Dr. Hartman calls systemic catarrh. The whole system is saturated with catarrh. This discovery marked an important advance in the history of medical science. The medical profession had long been groping to discover the meaning of the stubborn and distressing after-effects of the grippe. All remedies seemed alike inadequate.

As soon as Dr. Hartman announced that it was his belief that the after-effects of the grippe were simply systemic catarrh, a great advance was made in the treatment of these cases. It now only remained to find a reliable remedy for systemic catarrh.

Here a new difficulty arose. Catarrh had been regarded by many physicians as a local disease and treated solely by local remedies. Such physicians knew of no systemic remedy for catarrh.

Other physicians regarded catarrh as a blood disease and had been in the habit of treating it with blood medicines, which could be of no possible use in systemic catarrh.

For a time Peruna enjoyed the distinction of being the only systemic catarrh remedy known. It was not even claimed by anyone that there was another remedy for this exasperating condition.

Since then, however, a great many remedies have been proposed for systemic catarrh, and a great deal of valuable time wasted in experimenting with other remedies. But it still remains true that Peruna is the only specific remedy for the after-effects of the grippe. The demand for this remedy, in consequence of the present epidemic of the grippe, is enormous.

Mr. J. P. Lowery, proprietor City Hotel, Albany, Texas, says: "Being advised to try Peruna for the grippe and asthma, I did so with good results. I had been feeling very unwell for a long time, and had asthma quite bad till I came West, when I got better of the asthma, but was not well. I tried a great many remedies for it, but nothing was able to cure me. I took three bottles of Peruna and I am happy to say that it is the best medicine I ever used. I am satisfied that Peruna is a good medicine, and as such have commended it to several of my friends with good results. It is seldom I give a testimonial, but I think this one I hope others may be benefited through you and your medicines."

Every one should read Dr. Hartman's latest lecture on the grippe. This lecture will be sent free by the Peruna Medicine Company, Columbus, Ohio.

RALEIGH.

Weekly Output of Penitentiary Shirt Factory.

Commutation of Sentence Asked For Convicts Sent to Granite Quarry. Annual Returns of A. C. L. System Underground Phone Wire.

RALEIGH, June 15.—Robert D. Cronly, secretary to President Elliott of the Atlantic Coast Line arrived here today and placed in the hands of secretary Brown of the corporation the complete annual returns of that system in North Carolina.

A. S. Hall of Fayetteville, today, as the attorney for Lewis Council, colored, sentenced to be hanged at Fayetteville June 24, for rape, placed in the hands of Gov. Aycock a petition for commutation of sentence. This is signed by the trial judge, the solicitor, the jury and hundreds of the best citizens of Fayetteville and of Cumberland county. Mr. Hall says there are the gravest doubts as to the identity of Council, and that popular sentiment all over the county is for commutation. Mr. Hall talked interestingly about the case, which presents some curious and dark features. It is said that it was not the purpose of the jury that the prisoner should suffer the death penalty. Since the trial there have been some interesting developments, Mr. Hall says.

At the Capital Square today several cages of squirrels were received from Salisbury. The squirrels were turned loose in the park to join the number already there.

Fifty convicts were sent from the penitentiary to Ashboro yesterday to work in the granite quarry of Mr. W. B. Troy.

In the shirt factory at the penitentiary 50 men and 25 women are now at work. The weekly output is about 400 dozen. An effort was made to get brick sent to Jacksonville, Fla., but the freight rate was too high. The output is about 25,000 a week. There are 4 kilns, each of that capacity.

It is decided that instead of voting on the issue of \$100,000 in the street improvements here, \$50,000 shall be voted on in July.

State officials smile at the idea of there being any extra session of the legislature, to consider the revenue act. It is very safe to say there will be no extra session and that the act will stand.

The Bell telephone company will put its wires underground here and remove all its poles. The latter and overhead wires are a great nuisance and menace here.

Danger, disease and death follow neglect of the bowels. Use DeWitt's Little Early Bitters to regulate them and you will add years to your life and life to your years. Buy to take, never gripe. F. S. Duffy & Co.

EXPECTS A GREAT CRASH.

Representative Mercer Thinks Trust Issue Will Settle Itself.

WASHINGTON, June 14.—"Congress will have plenty to do next winter and abundance of time in which to do it," said Representative Mercer, chairman of the House Committee on Public Buildings and Grounds, today.

Among other things, I expect considerable progress will be made towards beautifying Washington. I saw the Secretary of Agriculture today and he has planned for an elegant structure on the site of the present department building. Attorney-General Knox appears to be satisfied to wait for further Congressional action before erecting the Department of Justice Building. The site for that building is too small, and some day we may have a fine structure elsewhere which will accommodate the Department of Justice, the Supreme Court and the Court of Claims.

"The trust question will doubtless be liberally discussed in Congress. I have not paid much attention to the Babcock bill and have no views to express concerning it. I think the trusts will sooner or later care for themselves and anticipate a heavy crash at some future time. They cannot hope to continue consolidating time after time, and every time they consolidate injecting a quantity of water into the stock and securities. Sooner or later there will come a time when the holders of the securities will want to be paid, and where is the money to come from? The way they are going now is like a man renewing a note and each time making it for a larger amount. The people held these notes, and some day they will want their money and there will be difficulty in getting it."

Mr. James Brown of Portsmouth, Va., over 90 years of age suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently. F. S. Duffy & Co.

Don't You Need a Nice Brass Bound Cedar Water Pail

With a Cover to it? If so you can get one at J. L. McDaniel's, 71 Broad St.

A new bbl. Fulton Market Corned Beef just received. Fresh lot Small Sugar Cured Hams, Pic Nic Hams and English Cured Shoulders.

Coal Value as Mineral

WASHINGTON, June 15.—It will doubtless surprise many to be told that the value of the coal produced by the United States in 1900—\$297,930,000—exceeded that of any other mineral and was one-third of the total of all minerals.

But the fact is attested by official figures just completed and made public by the United States Geological Survey. Our coal product was 14,000,000 tons greater, or 18 per cent, than in the previous year, and leaves England far behind as the greatest coal producer, a position she held previous to 1899.

Governor to Speak at Charlotte.

SPECIAL TO JOURNAL.

RALEIGH, June 15.—Governor Aycock accepts the special invitation of the manufacturers club of Charlotte to address it next Saturday evening, and will be accompanied from here in a special car by a large party of prominent people as the club's guests.

THE MODERN BEAUTY

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

Kodol Dyspepsia Cure
Digests what you eat.

No Extra Legislative Session.

SPECIAL TO JOURNAL.

RALEIGH, June 15.—In the course of an interview with Gov. Aycock this afternoon, regarding the resolution of the Fayetteville Chamber of Commerce, urging a special session of the legislature to consider the repeal of the present revenue law and adoption of a new one. The Governor said:

"I have received a copy of the resolutions and will reply by mail Monday. I will say plainly that I will not convene the legislature in extra session. Of course I will not convene it."

A original operator is not necessary to cure piles. DeWitt's Witch Hazel Salve cures all that variety and never fails. Beware of imitations. F. S. Duffy & Co.
