VADE MECUM WATER.

WHAT IT DOES.

ATLANTIC & N. C. RAILROAD CO.
New Bern, N. C., May 15, 1901.

Vade Mecum Spring Co.,
Winston-Salem, N. C.

Gentlemen:

For the past two years up to within the last month I had been a great sufferer from a case of chronic nervous indigestion, finding no relief until through the advice of a personal friend I began the use of Vade Mecum Water and its effect on me within the short time of one month has been wonderful, having been relieved entirely of my trouble by its use. I take great pleasure in giving you this testimony of its merits and efficacy for stomach and liver troubles. Since I began the use of this water I have gained 25 pounds and have nearly reached my standard weight.

Yours truly,
B. A. NEWLAND,
Master Transportation.

RALEIGH.

Government Hears Opposition To Commuting Council's Sentence.

Prefers North Carolina to California Third Spring Flood. Weather Too Cool. Neal Case Before Judge Parnell.

RALEIGH, June 17.—Last Saturday, as stated, attorney Hall of Fayetteville was here and presented to Gov. Aycock petitions for commutation of the death sentence of Louis Council, convicted of outraging Mrs. J. R. West of Wade, Cumberland county. Gov. Aycock's first visitors this morning were Mr. and Mrs. West and their friend J. F. Skipper all of Wade. Mrs. West made a personal statement to the Governor in regard to the case and in opposition to clemency. Mr. Skipper said that attorney Hall had gone about through the county and secured in parts of it not near Wade, signatures to the petition for commutation, and intimated quite plainly that Hall had clouded the issue of the case. In view of these facts, said Skipper, it was thought best to bring Mrs. West here and let the Governor talk with her. She is a small woman of perhaps 30 years, and her husband is a farmer. Gov. Aycock will act in the case tomorrow.

Chairman Franklin McNeill of the corporation commission returned today, quite unexpectedly, from San Francisco. He came by the Santa Fe route. The other commissioners will not return before the end of the week. They will come over the Union Pacific. The chairman says the trip was a delightful one but that he prefers the Atlantic Coast to that of the Pacific; in other words prefers North Carolina to California.

Much rain has fallen during the past 24 hours, and the weather is far too cool. The farmers will be hit hard again if this continues.

The third flood of the spring is doing damage in the Caldwell county section. The deforested mountain sides let the rain come with a mad sweep.

Today many New Bern people are here for a hearing before Judge Parnell of the bankruptcy matter of R. S. Neal, saw mill and timber owner. Those here besides Neal are Geo. Green, D. L. Ward, M. D. W. Stenerson, O. H. Gulon, W. W. Clark, John Dunn, R. A. Nunn.

Danger, disease and death follow neglect of the bowels. Use DeWitt's Little Early Risers to regulate them and you will add years to your life and life to your years. Easy to take, never gripe. F. S. Duffy & Co.

THE STATE GUARD.

Encampment Will be Held at Seaside Park, Wrightsville.

RALEIGH, June 17.—The board of officers appointed by Governor Aycock to examine sites for the State Guard encampments this summer, Colonels T. H. Bain, F. A. Macon and P. M. Fearwell agreed upon a report to recommend the Lattimer park at Wrightsville as the most suitable and available site.

The encampment will be by regiments. They recommend that the Second Regiment be encamped from July 10th to 19th inclusive; the Third Regiment from July 20th to 30th inclusive and the First Regiment from July 31st to August 10th inclusive.

The Lattimer property on Wrightsville sound which is the site of the beautiful summer home of Mrs. Frederick Poisson, of London, England, who kindly and generally tendered it to the State Guard. The board adopted resolutions thanking Mrs. Poisson for her kind consideration.

"Lefty" High Seils for \$600.

NEWPORT NEWS, Va., June 16.—Ed High, pitcher in the Virginia-North Carolina League, was sold today by Manager Ashenback to the New Orleans Club for \$600. This, it is claimed, is the largest sum ever paid for a player's release by one minor league team to another. High is a Baltimorean and a "southpaw."

Money Appropriated for Missions.

NASHVILLE, TENN., June 16.—The boards of missions of the Methodist Episcopal Church South before adjourning yesterday appropriated \$18,000 for the expense account. A report of money received for Sookhow University in China in cash and subscriptions was given by Treasurer Hamilton, making a total of more than \$100,000. The board authorized the trustees to go forward with the building.

Virginia-Carolina League.

Special to Journal.

Norfolk, June 17.—Owing to the rain yesterday, there were no games at Norfolk and Newport News between the Interstate league clubs.

THE MODERN BEAUTY

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

COAL TO JUMP AGAIN.

Prices to Advance 25 cents a Ton on July 1. Another Rise to Follow.

Baltimore Sun June 17.

Consumers of coal will do well to lay in their supplies for next winter before July 1, as prices will advance at that time.

A well-known local dealer said yesterday:

"In April, May and June the wholesale dealers increased the price of coal 10 cents each month, making a 30-cent advance for the three months. While protesting against the increase in price we paid it and submitted to the diminution of our profits. We would have continued, probably, to sell at the old price if the wholesale men had been content with the 30-cent advance. But when recently they announced another advance of 10 cents a ton the retailers decided that they could not bear the brunt of it alone.

"On July 1 the retail price of coal will be increased 25 cents a ton in Baltimore and on September 1 another increase of 25 cents will be made. We understand that the wholesale price will be raised 10 cents a month until that time, and perhaps during several succeeding months. We would be glad to continue the old prices, but are forced to raise them."

An advance of 25 cents a ton will be made in New York today. The retail dealers there have entered into a protective alliance and will abolish commissions to salesmen. It is thought that most of the small retail peddlers will be driven out of the business because of close selling in the future.

Retail dealers in both Baltimore and New York state that a recent combination of anthracite coal interests has resulted in a "squeeze" to raise prices and that the retailers and the consumers are helpless.

A dispatch to The Sun from Philadelphia states that the Philadelphia Ledger in its coal article of today will say:

"The anthracite coal trade is feeling the effects of the warmer market and is pervaded by a sentiment of defiance. Prices are fully maintained, however, and will be advanced 10 cents per ton at the close of this month. The companies are willing to output in excess of the actual market requirements, but they are not anxious to pushing up the price further than the market will bear. The retailers are also producing freely, though consumers have been filling their bins more promptly than has been noted in any previous year. This year's shipments are moderate and shipments the trade is reported as quiet."

English Cities Not So Big.

LEWISBURG, June 17.—A preliminary census volume just issued gives the population of the five largest cities of England, exclusive of London, as follows: Liverpool, 694,967; Manchester, 548,969; Birmingham, 523,198; Leeds, 488,428; Sheffield, 466,778.

The total number of males in England and Wales is 15,781,726; females, 16,043,867, being serving abroad in the army, navy and merchant marine being omitted.

Twenty-seven per cent of the total population is in the cities, and 25 per cent in rural districts, as against 71 and 26 per cent, respectively in 1901.

TALK OF DIVIDING BRAZIL.

Germans Willing to Share With United States and England.

WASHINGTON, June 16.—Deep interest is felt here in the news cabled from Rio de Janeiro and published Saturday in The Sun that German colonization in the southern part of Brazil was to be augmented by the operations of a syndicate just formed, with a capital of \$5,000,000.

The widespread discussion in the United States and Germany as to the intentions of the latter country in South America has aroused the attention of statesmen of the whole world. Whether German capital and enterprise are merely engaged in extending the German population in Brazil for the purpose of holding and extending German trade, or whether this movement is the forerunner of an attempt to acquire territory under the German flag, all information that drifts to Washington from Brazil points to a steady growth of German influence.

It is mentioned as a significant fact that German Geographers have already begun to print across their maps of Southern Brazil the words "German colonies in Brazil." Throughout the entire Republic of Brazil German merchants, bankers, travelling salesmen, promoters and land speculators are discussing the prospect of a large portion of Brazilian territory ultimately passing under the German flag.

Information that comes to Washington is that one favorite German plan is to divide Brazilian territory into three parts—the northern section to go to the United States, the middle eastern section to Great Britain, and the southern states, where German influence and German population predominate, to Germany.

The most interesting fact that comes to Washington regarding German colonization and enterprise in Brazil is that the Germans thoroughly assimilate with the Brazilians. Many Germans marry Brazilian women and cultivate the Brazilians socially, whereas the Americans and Englishmen hold aloof.
