Tax Lister Inqui-

RALEIGH, June 20 .- A letter received today from S. L. Patterson, commisoner of agriculture, who is at his bome on the Yadkin river, in Caldwell county, says last week's freshet was even more disastrous than the great one in May; that it has done more injury to bottom lands. He says "the prospect for valley farmers is very gloomy indeed."

There was quite a lively row imminent regarding an attempt by a man named Rochelle and another named Ray to keep possession of one of the county bridges here, the bridge having been swept away by a flood, and landed, in-test, upon Rochelle's land. Ray urged Rochelle to keep the bridge, and they fastened it with locks and chains to trees and stakes. Officers went there yesterday and the bridge was surrendered.

and put up again.
There was much inquiry here today as to the true status of the Portsmouth base ball team. One paper says that Tarboro has bought it; another that Charlotte is the buyer,

A telegram received today says that at Conference of railway officials at gents. Montgomery yesterday it was decided to sdvance the round trip summer rate to Old Point and other eastern points. For example the rate from Raleigh to Old Point and return is advanced from \$7.60 to \$8.90.

The next examination of applicants for attorney's licenses will be held by the Supreme Court September 30. This date is for this year alone. Afterwards

May Return to Work.

NEWPORT NEWS, VA., June 19-80 far as can be ascertained there are no velopments in the strike situation. though there is a belief prevalent that the men will go back to work. This is founded on a statement that the men have discussed in their meetings the ad-risability of returning to work on a hasis of either aine hours' work for nine urs' pay or the old basis, and that a position to vote by secret ballot on question was being considered. It is believed by many that if a secret hallot is taken it will result in ending the strike. The machinists deny how-ever, that the situation has changed in
