VADE MECUM WATER.

WHAT IT DOES.

ATLANTIC & N. C. RAILROAD CO.
New Bern, N. C., May 15, 1901.

Vade Mecum Spring Co.,
Winston-Salem, N. C.

Gentlemen:

For the past two years up to within the last month I had been a great sufferer from a case of chronic nervous indigestion, finding no relief until through the advice of a personal friend I began the use of Vade Mecum Water and its effect on me within the short time of one month has been wonderful, having been relieved entirely of my trouble by its use. I take great pleasure in giving you this testimony of its merits and efficacy for stomach and liver troubles. Since I began the use of this water I have gained 23 pounds and have nearly reached my standard weight.

Yours truly,
B. A. NEWLAND,
Master Transportation.

RALEIGH.

Striking Seaboard Machinists Have Idle Time.

Contracts For Book Publishers.
B. N. Duke Ever For North Carolina. All Convicts Put On Railroad Work.

RALEIGH, June 28.—Attorney General Gilmer arrived today from Waynesville, having come at the request of the State text book commission, to prepare the contracts which the publishers whose books are accepted will sign.

The State superintendent of public instruction left for Chapel Hill today in order to be present at the meeting tomorrow of the State board of public school examiners. W. J. Ferrell of that board having declined to serve, C. C. Wright of Wilkes county was today named as a member. S. L. Sheep, of Elizabeth City, who is another member, arrived today and went on to Chapel Hill.

The striking S. A. L. machinists here spend most of the daytime in the Capitol Square. Time hangs heavily on their hands and they see no prospect of a settlement.

The tents and camp equipment for the use of the troops are being prepared for shipment to Wrightsville.

Work on the textile school building at the Agricultural and Mechanical college here is to begin in ten days and be finished by the middle of September. The price at which the contract was given M. A. Moser, \$18,500, is regarded as satisfactory.

B. N. Duke, who has done so much for the Oxford Asylum said to your correspondent: "I will make my home in New York, but my heart will be in North Carolina and I will not forget the asylum and other worthy charities. I am deeply grateful that what I have done is so greatly appreciated."

Only one patient now remains in the smallpox hospital here and there is only one suspect in the detention camp.

Every available convict is to be put on railway work by the penitentiary authorities. The plan is to have 400 on contract work along this line. Work in making brick and mattresses will be continued, but by July 10, the making of shirts will cease. The price paid by the contractor was 50 cents per dozen. It is found that this does not pay.

Mr. James Brown of Portsmouth, Va., over 90 years of age suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently. F. G. Duffy & Co.

AS TO THE INDEMNITY.

Foreign Ministers Not Yet Agreed Upon The Details.

PEKIN, June 27.—The foreign Ministers at today's meeting discussed only minor points of the indemnity question.

The British Minister, Sir Ernest Sartorius, refused to agree to a 10 per cent. increase in the tariff in the event that China finds herself unable to meet her payments.

The Russian Minister, M. de Giers, has not yet agreed that the interest on the indemnity is to be 4 per cent.

The United States special representative, Mr. Rockhill, thinks there should be little further delay.

When these points are settled the work of the Ministers will be practically completed.

Rev. Arthur Smith, the missionary and author, preaching at Tientsin on the anniversary of the relief of that city (June 24), said he thoroughly agreed with Sir Robert Hart in the statement that unless there was a complete regeneration of China in a few years the country would be menaced by 30,000,000 Boxers. The Chinese would never forget that the Boxer movement was fully approved by the Court.

FRANCHISES IN MEXICO.

American Syndicate to put Lines on 200 Streets.

CITY OF MEXICO, June 27.—The city government has granted a concession for another street car company, to be called the Belt Railway. It was organized about a year ago, with \$600,000 capital, and had built some short lines outside the city. It is reported that Arthur Stillwell and other American capitalists associated with him have offered to put fresh capital in the concern. The concession authorizes the new company to occupy 200 streets.

Oil Fire Still Spreads.

DECATUR, ILL., June 27.—The fire which started at Preble Tuesday night by lightning striking a tank of the Standard Oil Company, containing 50,000 barrels of oil, is still burning. Three hundred men are fighting the flames and making efforts to save five other tanks that contain over 300,000 barrels of oil. Joseph Kintz and V. D. Lewton, of Lima, Ohio, were loading a cannon to shoot the burning tank when it exploded and they were fatally burned. Many of the inhabitants have been badly burned.

Wage Increase Offered.

READING, PA., June 27.—The proposition of Frank C. Smink, vice-president of the Reading Iron Company, offering an increase of wages to the 2,000 striking iron workers, the puddlers to receive \$4 a ton, will be rejected. The wage schedule for other classes of labor has not been prepared.

When the puddlers quit they were receiving \$3.25, but the company has since announced a 25-cent raise. The leaders say they will not accept the offer of Mr. Smink unless it includes the recognition of the union, and the strike will likely go on. The men have been locked out for about six weeks.

FIRES ON A TRANSPORT.

Officers Hang By Cables to Fight The Flames.

NEW ORLEANS, June 27.—The British mule transport Monterey, from Cape Town, has arrived in port after a terrible experience with fire at sea.

Twelve days out from St. Vincent flames were discovered in the afterhold and gained such headway that the heat prevented the usual means of extinguishing fire on shipboard. Flames and clouds of smoke poured out from the hold, and from the officers and crew were about to abandon the ship First Officer Reid and Fourth Officer Harrison volunteered a daring plan. They proposed to tie wire cables around their bodies and have their companions lower them down the side of the ship until they were abreast the port opening into the burning section. It was a desperate expedient but after a short consultation was adopted.

As the fire was near the water line, Reid and Harrison were lowered until they were submerged in the sea nearly up to their waists. Hanging thus, half buried in the waves, with the ship under headway, the men battered in the port-holes. A hose was then lowered to them, and for several hours they hung swinging outward and inward, pouring a stream into the blazing hold. In this way they finally checked the flames. The vessel was badly damaged.

Eczema, salt rheum, tetter, chafing, itchy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Salve. The certain cure. F. S. Duffy & Co.

Fired by Blackmalters.

TOPEKA, Kan., June 27.—Blackmalters who demanded \$5,000 from W. C. Carson, a wealthy Cowley county farmer, and were ignored fired the Carson homestead while Carson was en route to Oxford for his mail. The house was destroyed and Mrs. Carson was fatally burned.

Carson received an anonymous letter several weeks ago demanding that he deposit \$5,000 at a certain point. He ignored the mislaid. Later another letter was received stating that should he not comply with the demand his house would be burned and his life taken. This also was ignored.

While he was absent flames suddenly broke out in the house. Mrs. Carson escaped, but returned to the house for a highly prized violin. While Mrs. Carson searched for the instrument the flames spread rapidly and when she again reached the open air she was enveloped in flames. Neighbors rushed to her assistance, but she died after several hours of suffering.

OWED THE BANK.

Henry Marquand & Co., Suspend. Heavy Creditor Seventh National.

Special to Journal.

NEW YORK, June 28.—Henry Marquand & Co., brokers, made an assignment today.

It was largely due to Marquand & Co that the Seventh National Bank, which failed yesterday, was forced to suspend, the firm owing the bank \$1,500,000.

Last Volunteers Home.

SAN FRANCISCO, June 27.—The Forty-third Volunteer Regiment, the last of volunteers to leave the Philippines, arrives here to-day on the transport Kilpatrick, 28 days from Manila.

The Forty-third was in the Philippines 18 months, seeing much service. The regiment was recruited at Camp Meade, Pa. It was divided in the Philippines, the first two battalions being stationed on the island of Mindanao, while another battalion did guard duty on the island of Leyte.

The Forty-second Infantry was mustered out of the service to day.
