## VADE MECUM WATER.

WHAT IT DOES.

ATLANTIC & N. C. RAILROAD CO.

New Bern, N. C., May 15, 1901.

Vade Mecum Spring Co.,

Winston-Salem, N. C.

Gentlemen:

For the past two years up to within the last month I had been a great sufferer from a case of chronic nervous indigestion, finding no relief until through the advice of a personal friend I began the use of Vade Mecum Water and its effect on me within the short time of one month has been wonderful, having been relieved entirely of my trouble by its use. I take great pleasure in giving you this testimony of its merits and efficacy for stomach and liver troubles. Since I began the use of this water I have gained 23 pounds and have nearly reached my standard weight.

Yours truly,

B. A. NEWLAND,

Master Transportation.

### RALEIGH.

Auditor Dixon's Letter on Tax on Corporations.

Seaboard Air Line Strikers. Major W. Augustus Blount, Sheriff, His Settlements of License Taxes. Hotel Carrollton Sold.

Raleigh, July 2.—The trial of the three Seaboard Air Line strikers charged with beating two young men named Holmes who were at work as machinists here, is deferred until next Monday. The accused say they will prove that they did not come up until after the assault was over. The assault has given the older strikers no little concern as their desire is to have no disturbance. The men accused are named Horton, Bishop and Merritt.

Maj. W. Augustus Blount, who died yesterday at his home in Beaufort county at the age of 77, was the president of the first ex-Confederate Association organized in North Carolina. This was the Association of ex-Confederates of Beaufort county, organized in 1888 and incorporated in 1889. Maj. Blount lived in Raleigh many years. During the war he was on the staff of Gen. Bryan Gilmer.

Manager Rivers of the Academy of Music goes to New York next Friday to see some theatre builders, who are capitalists in regard to the conversion of the Academy into an auditorium. People here are not putting up the cash for the \$75,000 of bonds needed to complete the deal, and, hence, reliance is only on the New Yorkers, who, Manager Rivers says, show much interest in the matter. He says the prospects are bright.

Under the new law sheriffs are required to make settlements every 30 days of license taxes, Sheriff Page today made such settlement, paying in \$1800, and is the first sheriff to thus settle.

The list of books recently adopted for use in the public schools will not be officially published until all the contracts are signed by the publishers. As soon as this is done the Governor will make proclamation and the Superintendent of Public Instruction will issue a circular giving the names of books, publishers and prices, and such other information as may be deemed necessary.

The Carrollton Hotel here, closed for several months, was sold under mortgage yesterday and was bought in by Mrs. Florence P. Tucker, the holder of the mortgage, while other creditors took most of the furniture.

State Auditor Dixon has sent out the following circular letter, which has had a most excellent effect:

In accordance with Section 9, of the Revenue Act, 1901, I enclose herewith a blank form for the appraisal of capital stock of your corporation. The law requires that this appraisal shall be made by two of your officers, and between the 1st and 15th days of July, as to the actual value in cash of your capital stock on the first day of June. This is a novel law for our people, and yet I do not think it was the purpose of the Legislature to oppress the corporations by an unjust tax. I am sure it is not the purpose of this Department to do anything of that kind.

I would respectfully suggest that instead of trying to arrive at the cash value of your capital stock from the amounts declared in dividends or carried into surplus, or sinking fund, for any one year, that you could more readily arrive at its value by estimating it through your profits or loss for a series of years.

I want you gentlemen to understand that it is the desire of this Department to accept the appraisal, which you make of your property for taxation, as final. In enabling you to fill blanks above mentioned, I respectfully call your attention to the extract from the Revenue Act, printed at bottom of blank form.

It is easier to keep well than got cured. DeWitt's Little Early Bitters taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. F. S. Duffy & Co.

Wilmington Wins Tenth inning.

Special to Journal.

Wilmington, July 2.—Wilmington took the second game from Raleigh, today, winning in the tenth inning, by a score of 3 to 1.

The pills that many of you will be quickly and permanently benefited by are DeWitt's Little Early Bitters. Beware of worthless counterfeits. F. S. Duffy & Co.

Total Deaths 37.

New York, July 2.—At 8 o'clock (P.M.) Sunday the death toll for the 24 hours ending at that time in Greater New York was 37. The proportion 133. For the last five days, covering the present funeral week, the total deaths in the great metropolis were 138.

### FORCES FACE TO FACE.

Steel Trust and Its Workmen Begin Struggle. Big Strike Ordered.

Pittsburgh, Pa., July 1.—As a result of refusal of the representatives of the American Steel Sheet Company and the American Steel Hoop Company, subsidiary companies of the great United States Steel Corporation, to sign the worker's new scale at Saturday's conference, circulars were sent out from the national headquarters of the Amalgamated Association of Iron, Steel and Tin-Workers yesterday and today, declaring a strike at all the plants of the two combines.

The great strike is now on, but it will be several days before its actual extent is known. At the outset, however, over 35,000 men will be involved.

What the strike may eventually lead to is problematic. Three months ago, when a strike occurred in the Wood plant of the American Sheet Steel Company, at McKeesport, because the company refused to allow its men to become members of the Amalgamated Association, President Shaffer threatened if the McKeesport strikers could not win with their own strength he would order a strike in every plant of the company. If the latter would not yield he would then call out the union men in every plant of the United States Steel Corporation. Such a course would now end in the biggest strike the country has ever seen, involving several hundred thousand men.

Belonging from the Northern Wood are in Fyng-Balans, the certain cure for coughs.

### Five Drop Dead in Chicago.

Chicago, July 1.—Five persons dropped dead on the streets today from excessive heat and fifteen others were so badly overcome that they had to be removed to hospitals. A number of the prostrated are in a serious condition and may die. At noon the temperature in the Weather Bureau in the Auditorium tower was 98 and on the streets over 100. A severe thunderstorm at 1 o'clock brought relief and the mercury dropped 30 degrees.

What a Wonderful Discovery is PENNY DAVIS' PAIN-KILLER! It not only cures the ill of the human family, but is also the sure remedy for horses and cattle. It has never been known to fail in a case of the worst cases of colic and apoplexy, galls, etc., it never fails—try it once. Directions accompany each bottle. Avoid substitutes, there is but one Pain-Killer, Penny Davis'. Price 25c. and 50c.

### Late News Brevities.

Ten persons were instantly killed by a bolt of lightning in Chicago.

It is reported that J. P. Morgan is planning to consolidate all of the bituminous coal properties east of the Mississippi and north of the Ohio and Potomac rivers.

United States Senator James H. Kyle, of South Dakota, is dead, aged 47 years.

The strike at the shops of the Philadelphia and Reading Railway has been settled.

Andrew Carnegie will give \$150,000 toward the erection of a library in Detroit, Michigan.

The trust has advanced the price of linseed oil from 65 cents to 80 cents per gallon since June 1.

A writ of error has been taken out in the case of Thomas G. Barker, sentenced to five years for assaulting Rev. John Keller at Arlington, New Jersey.

These famous little pills, DeWitt's Little Early Bitters compel your liver and bowels to do their duty, thus giving you pure, rich blood to regenerate your body. Are easy to take. Never gripe. F. S. Duffy & Co.

102 at Philadelphia.

PHILADELPHIA, July 1.—Philadelphia and vicinity today experienced the highest temperatures recorded in this city, the government thermometer on the top of the postoffice building, 110 feet from the street, registering 105 degrees.

At Camp's shipyard the prostrations were so numerous that the 3,000 men employed there were suffered from further duty at noon. At Baldwin's Locomotive Works, the Midvale Steel Works and numerous other places scores of heat sufferers had to quit. Reports from all sections of the State show that the temperature was excruciatingly high in some places the record was broken and in other places it was equaled. Up to midnight, 14 deaths were reported and upwards of 100 persons were treated at hospitals for heat exhaustion.

### A CHILD ENJOYS.

The pleasant, laxative action, and cooling effect of Syrup of Figs, when taken at a bedtime, will do the father or mother be satisfied or, indeed, the most gratifying results follow its use, so that it is the best family remedy known, and every family should have a bottle. Recommended by the California Fig Syrup Co.

### Calumet Biscuits Powder.

There is not any better family use than Calumet Biscuit Powder. They keep for a long time. They are sold only at DeWitt's (Pittsburgh) Pharmacy.

### MORE FAVORABLE.

Report Weekly Crop Bulletin. Improvement in Cotton. Wheat Harvesting Nearly Completed.

Raleigh, July 2.—The weekly crop bulletin for week ending Monday July 1, is as follows:

The reports of crop correspondents indicate that the past week has generally been the most favorable so far this season. The week was characterized by greater warmth, abundant sunshine, and only local rains, although in some sections heavy amounts occurred on one or two days with hail, resulting in damage to crops over a few counties. Over the entire eastern half of the State much improvement in the growth of crops was reported, and farmers have nearly succeeded in subduing weeds and grass; but over a large portion of the central-western district the rains have been too frequent to permit work, and crops are still in a very bad condition. This is true chiefly in Mecklenburg, McDowell, Rutherford, Cleveland, Surry, Cabarrus, and Anson counties. The local heavy rain on June 20th greatly damaged hillsides and washed away some wheat in Guilford, Randolph, Forsyth and Alamance. The midday temperatures during the week were generally above 90° but the daily mean only averaged about 7° above the normal. Showers would be beneficial in the northeastern portion of the State.

Cotton made considerable improvement, is small but vigorous, and is beginning to put on squares more freely; the lateness of crop is indicated by the fact that generally at this season blooms are abundant, but so far have been reported by only two correspondents, in Jones and Anson counties. Many fields of cotton are still extremely grassy, and some farmers are plowing up and plant hog peas. Corn on uplands is generally under good cultivation and growing nicely; laying by old corn is progressing rapidly; it is coming into silk and tassels, some rather low. Chinch bugs are doing much damage to corn in several counties. Laying by tobacco is also underway; where well cultivated tobacco is growing nicely, but in grassy fields it has made little progress. Harvesting wheat is nearing completion, some has been housed, and threshing has begun; complaints of damage to wheat in shock are very numerous from central and western counties. Cutting oats continues with prospects for a very fine yield. June peaches and apples are in markets, and appear inferior in quality; dewberries and blackberries are quite abundant; grapes in some localities are rotting. Melons are late. Clover and meadow grass are very fine, and as soon as harvesting is over farmers will probably be able to secure an excellent supply of hay.
