WHAT IT DOES.

ATLANTIC & N. C. RAILROAD CO.

New Bern, N. C., May 15, 1901.

Vade Mecum Spring Co.,

Winston-Salem, N. C.

Gentlemen:

For the past two years up to within the last month I had been a great sufferer from a case of chronic nervous indigestion, finding no relief until through the advice of a personal friend I began the use of Vade Mecum Water and its effect on me within the short time of one month has been wonderful, having been relieved entirely of my trouble by its use. I take great pleasure in giving you this testimony of its merits and efficacy for stomach and liver troubles. Since I began the use of this water I have gained 23 pounds and have nearly reached my standard weight.

Yours truly,

B. A. NEULAND,
Master Transportation.

Governor to Deliver Address at Guilford Court House.

High Temperature But no Prostrations Delayed by Wreck. Great Interest in State Guard. Ex-Treasurer. Worth and Clerk Martin.

RALEIGH, July 3.—Governor Aycock left tonight for Greensboro where he will tomorrow deliver the annual address at the battlefield of Guilford Court House. The battle ground association, thanks to the untiring and zealous efforts of such men as David L. Schenck, James T. Morehead, and others, has made this battle-ground a place full of attractions.

State Superintendent of public instruction Toon left today for Roaring Gap in Ashe county, where his family will remain a fortnight. Tomorrow he will speak at a soldiers' reunion and educational rally at Whitehead, Alleghany county, and at night will speak at Sparta. Friday he will speak at Trap Hill, Wilkes county.

Yesterday, as was predicted, the hottest day here, the temperature being 84 degrees. Work was not interrupted and there were no prostrations.

The train south bound, on the Seaboard Air-Line, due here at 3:50 yesterday afternoon, did not arrive until 3:20 this morning, owing to a double wreck. The mail train ran into the rear of a freight, and an engineer and car sent from here to bring in the passengers, after the track was clear jumped the track.

The movement of tourists has at least begun. It is mainly to the seaside.

The corporation commission today took up the assessment of the property of all common carriers and companies of kindred character.

The work of placing steel girders under the third floor of the Supreme Court and Library Building, to support the slaking floors, proved to be a difficult one.

Interest in the State Guard is greater than in several years past. Assurances are given that all the regiments will take good complements of their strength into camp. The Rutherfordton company of the 3rd regiment which was dropped, is reinstated. The fault was entirely due to its captain's neglect of orders and regulations. The Colonel of the 1st reinstated the Rutherfordton company today.

It is expected that ex-treasurer Worth will this week make reply to treasurer Lacy's demand on him for the \$16,000.04 stolen by ex-clerk Martin from the penitentiary funds.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. F. S. DUFFY & Co.

52 Deaths, 300 Prostrations.

PHILADELPHIA, July 2.—Philadelphia passed through another period of torture to day and up to midnight 52 deaths had been reported and over 300 prostrations. The official record of temperature made yesterday of 102 degrees was eclipsed to day when the government thermometer at 3 p. m. reached 103 1/2 degrees, which now stands as the Quaker City's record. Just as the temperature had attained these top figures, an electrical disturbance from the south caused a welcome change in the atmosphere.

A CHILD-ERJOTS.

The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle. Manufactured by the California Fig Syrup Co.

Heat Prostrations in Europe.

LONDON, July 3.—While the weather in England is temperate, continental Europeans continue to report the ravages of heat and storm. Deaths from sun-stroke are numerous. In an Italian regiment, which was marching from Pisa to Lagnone, yesterday, there were 50 cases of sun-stroke, while many of the soldiers dropped from exhaustion. Storms have occurred in northern France where lightning has struck churches and houses. Several fatalities occurred.

At Baltimore 103 Degrees.

BALTIMORE, July 3.—This city was again at the head of the list as the hottest today. The highest point reached by the mercury was at 3 p. m., when it reached 103 degrees, the maximum temperature of yesterday, and remained stationary for an hour. A slight breeze between 3 and 4 o'clock brought it down to 98 degrees. Up to midnight 52 deaths and 45 prostrations had been reported.

Negro Lynched at Selma.

Selma, July 3.—Jim Bailey, a negro outraged a fourteen year old girl, named Maud Strickland, while near Selma, N. C.

The negro was captured by the girl's father and brothers, and was taken from them by a mob and lynched.

ZORAH.

July 3.—Crops in our section are fairly good, but we are needing rain very much.

Tobacco seems to be later than usual. We have not heard of any being cured yet. Generally, curing is well under way by this time.

Our people were shocked very much at the news of the drowning of Mr. Clarke and children last Friday.

Expressions of sympathy for the bereaved can be heard on all sides. The good people of New Bern desire to serve much honor for their generous donations in behalf of Mrs. Clarke.

There has been a surveying party in our section, for the past week. The surveyors are Messrs. Henry A. Brown Jr. of New Bern, and Edward Tripp of Durham Creek, both with the reputation of being very able in the profession.

They have been running the county line between Craven and Beaufort counties.

Commissioner Fulcher of Zorah is in your city attending the meeting of the board.

D. P. Whitford and F. A. Fulcher, hat takers of No. 1 and 2 townships, were over yesterday to deliver their lists. The Commissioners however, too busy with pension applicants to receive them.

Mrs. Caroline Toler, who is 86 years old, has been sick for several months and seems to be getting worse.

B. C. Whitford Esq., has gone to New Bern today on business.

The buying out of Congdon Lumber Co. by W. B. Blades, has caused considerable embarrassment among people.

A great many have been working for the company for several years and were dependent upon their labor for support, but are now thrown out of employment.

It seems to be the policy of Mr. Blades to contract all his work to a few individuals, which knock the "little fellow" entirely out.

Stockholders Meeting.

The fifth annual meeting of the stockholders of the Mutual Aid Banking Company was held in their banking house, No. 117 Broad St., Monday, July 1st, 1901. Sixty-three shares out of a possible eighty-five, in Series 'A', were represented, either in person, or by proxy. Stockholders were present from Wilmington, Goldsboro, Greenville and various other places in eastern North Carolina. From the reports of the officers for the past fiscal year, the institution presents a firmer financial basis than at any period during its existence.

An annual dividend of four per cent was declared, beside a neat sum carried to the surplus fund. The stockholders did not hesitate to express their satisfaction over the result of the past year's work.

The following officers were elected for the ensuing year:

President, C. G. Rosch.
Vice-President, J. P. Stanley.
Cashier and Teller, John H. Fleber.
Attorney, Raphael O'Hara.
General Agent, H. W. Thompson.
Board of Directors, C. G. Rosch, J. P. Stanley, J. T. Barber, Parker Roberts, H. W. Thompson, W. D. Pettibler, J. B. Robinson.

Soliciting Agents, Merritt Whitley, William Christie, Dr. W. L. Lanfear, J. H. Willis, Henry B. White, Rev. William Sutton, Rev. P. J. Lee, J. T. York, Rev. J. H. Messler, Samuel Foster, Rev. A. J. E. Weeks, New Bern, N. C.; W. A. Bridges, Washington, N. C.; H. B. Kemp, Elizabethtown, N. C.; Rev. W. H. Brown, Pollockville, N. C.; H. E. Chapman, Kinston, N. C.; H. E. Dawson, Maple Cypress, N. C.; George T. Dauberry, Anas Williams, James City, N. C.; Samuel Eversett, Yandimera, N. C.; Amos Natwick, Florence, N. C.; Wm. C. Jones, Blomson, N. C.; Henry C. Brown, Wilmington, N. C.; B. P. Boyd, Dumpper Hall, Greenville, N. C.; W. D. Irving, Stanton, N. C.

Hints For Smokers.

Here is a good tip for a smoker: The best pipe grows out sometimes, and the various patent cleaning devices are of little use in making it fresh. But if you pack the bowl tight with grass or hay and lay the pipe aside for a few days you will have it as sweet as when it was new. Talking about smoking, here is a good idea for lighting matches: Don't light them on your trousers, for you'll burn slits in them, nor on your shoe soles, for you'll rub the heads off. The plan is to rub them on a piece of paper—a folded newspaper, an envelope, a ticket. The silica in the paper acts like sandpaper.

Many people can't smoke a dozen cigarettes without getting a sore throat. Invertebrate cigarette smokers are frequently troubled with a perpetual cold in the head. It is not the smoke that is to blame, but the dust. Now, if you use a cigarette tube—amber, cherry or cardboard—a fine bit of cotton wool in the bottom of it will catch every particle of dust. Try this, and you'll have no more sore throats. But you may not enjoy the smoke—Exchange.

When Hurry Was the Fashion.

The following extract from the London Times of May 14, 1901, gives an interesting picture of the good old days: "It is now the high fashion to run, or at least to trot, through the streets at a rate of six miles an hour. A running walk is absolutely necessary for any young man who has the least pretension to ton. You must lounge in a hurry and saunter with expedition. It is an old proverb, the more haste the worst speed, but Bond street daily shows us the more hurry the less to do. When we see our idle youths riding race horses, walking for wagers or boxing for fame, we must agree with Horace that 'strenua non exerceat inertia.'"
