VADE MECUM WATER.

WHAT IT DOES.

ATLANTIC & N. C. RAILROAD CO.
New Bern, N. C., May 15, 1901.
Vade Mecum Spring Co.,
Winston-Salem, N. C.

Gentlemen:
For the past two years up to within the last month I had been a great sufferer from a case of chronic nervous indigestion, finding no relief until through the advise of a personal friend I began the use of Vade Mecum Water and its effect on me within the short time of one month has been wonderful, having been relieved entirely of my trouble by its use. I take great pleasure in giving you this testimony of its merits and efficacy for stomach and liver troubles. Since I began the use of this water I have gained 23 pounds and have nearly reached my standard weight.

Yours truly,
B. A. NEWLAND,
Master Transportation.

RALEIGH.

Scramble For Directorships on North Carolina Railroad.

Holiday Partially Observed. Oldest Confederate Organization. Convicts on Western Turpikes. New Corporation Law Good Thing For State.

Raleigh, July 4.—Interest here today was centered on base ball. The weather was piping hot. Quite a number of excursionists came in. There was practically no observance of the holiday, save by the officials in the Capitol, banks and post office. The agricultural department did not observe it and the corporation commission worked all day, on the assessment of railroads.

Local storms are of daily occurrence. Yesterday there was quite a severe wind storm six miles east of here. In that section it was the worst of the year. An item was given the other day, upon the authority of Secretary of State Grimes that the late Maj. W. A. Blount of Beaufort county was the president of the first ex-Confederate association organized in this State. Today a letter was received from Col. William L. De Rosset of Wilmington, in which he says: "This may have been the case as to the first organization in that county, but I ask your attention to the fact (established beyond refutation) that the Association of the Third Regiment North Carolina Infantry was organized in this city in February, 1866, and claims to be not only the first organization of Confederate Veterans but that it is the oldest organization of Veterans of either army."

Tomorrow Gov. Aycock will appoint the eight directors of the North Carolina railway on the part of the State. There is a great scramble for these places. The directors meet only two days in the year, and get \$10 a day for each of those days. But the eager desire for the places is in order to get the free passes which the Southern railways give the directors, not as a right, but as a courtesy. One of the most eager applicants is a traveling man who says a directorship would be worth \$1000 to \$1500 to him annually.

The new law under which corporations chartered pay in proportion to their capital stock is found to be a good thing for the State. For example the Nantabala Company of Macon county, chartered yesterday, with \$300,000 capital, paid \$400 taxes. The taxes thus received on charters last month aggregated \$700.

Considerable typhoid fever is reported in the county. It will require rapid work to complete the textile school building at the Agricultural and Mechanical College here by September 1. The college session begins September 7.

The lynching near Selma Tuesday night is the second one in the State this year. Last year there was only one lynching.

The weather report for Raleigh for June shows that the rain fall was 6.04 inches, while the average for the month is only 4.78. The mean temperature was 75 degrees, which is a degree below the monthly mean. The highest temperature was 95, lowest 56.

The directors of the penitentiary will tomorrow decide whether they can spare 50 convicts to build the Marion, Baker'sville and Brevardsville turpikes. The act is mandatory as to this use of convicts provided the directors can spare them. There is no pay for them save in bonds, and the penitentiary was never in more pressing need of immediate funds.

The flies that annoy you so will be quickly and permanently headed if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits. F. S. Duffy & Co.

He Wants Only \$250,000,000.

Chicago, July 3.—A claim to property said to be worth \$250,000,000, was made here today by Sidney Smith, of Cambridge, Massachusetts.

In his presentation of alleged facts in the Cook county recorder's books, over 200 acres of land between Thirty-fifth and Thirty-sixth streets, between Adams and Lake streets, and now the real estate property, was the property of Jonathan Smith 70 years ago under a promissory mortgage and patent. This Smith says he is the legal heir of the old landowner.

100 Around Kansas City.

Kansas City, Kan., July 3.—Kansas City was the center of the hottest race in the country. While a rabble of 20,000 men of this city the temperature ranged from 95 to 104 degrees. In central Kansas hot winds are reported as literally baking up vegetables. At Lawrence, Kan., the highest point recorded in this part of the country for years was made at the government thermometer in that city marking 107 at 4 o'clock.

CASTORIA

For Coughs and Croup.

The Kidney Pills have brought the reputation of *Dr. Williams' Pink Pills* for the cure of all ailments.

SOCIALISTS THREATEN WAR.

Belgians Declare They "Will Not Shrink From Revolution."

BRUSSELS, July 3.—The General Council of the Belgian Labor Party has issued a manifesto to the public. The manifesto declares that the Government has forgotten the lessons of the past, that it appears to be unaware of the power of socialism; that if the Government refuses to listen to the people the latter, conscious of the legitimacy of the justice of their cause, will fight for universal suffrage and secure it.

"The hour has arrived for battle," says the manifesto. It appeals to all Socialists to organize demonstrations coincident with the reassembling of Parliament. If pacific means fail, the manifesto says, the working people will not shrink from a revolution.

Condition of Cotton 81.5.

WASHINGTON, July 3.—The monthly report of the statistician of the Department of Agriculture will show the average condition of cotton on June 25 to be 81.1, as compared with 81.5 on the 30th of the preceding month, 78.8 on July 1, 1900, 87.8 at the corresponding date in 1899, a ten-year average of 86.8 and a 15-year average of 87.5. A condition of 81.1 is, with the exception of the July condition reported last year, the lowest recorded condition reported at this season.

600 Deaths From Heat.

New York, July 4.—At 12.30 o'clock (Thursday) morning it was estimated that the total deaths from the heat in the last six days in Greater New York was 600.

28 More Heat Victims in Baltimore.

Baltimore, July 3.—Twenty-eight additional deaths from heat were reported up to midnight tonight. Thirty-five cases of prostration is the record for the 24 hours ending tonight. The grand total thus far is 88 deaths and more than 300 cases of prostration.

A CHILD ENJOYS.

The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constive or bilious, the most gratifying results follow its use; so that it is the best family remedy known and every family should have a bottle. Manufactured by the California Fig Syrup Co.

Many Deaths in New Jersey Towns.

New York, July 3.—During Tuesday night and today the deaths in Newark directly attributable to the heat numbered 81, the highest number of the spell in Hoboken there were 19 deaths. Paterson, which had been comparatively free from deaths, ran its number up to 11 for the 24 hours ending tonight. Jersey City escaped with two, New Brunswick scored four fatalities and Elizabeth six. A dozen other places contributed one each to the total so that the grand total for New Jersey will be in the neighborhood of 100 for the day.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. F. S. Duffy & Co.

Lightning Seals His Secret.

Texas Haver, Ind., Ind., July 3.—The wife and six children of Mrs. Smith, of Youngstown, Ind., who was killed by lightning while plowing 19 days ago, have been searching night and day since his death for \$15,000 in cash, mostly in gold, he was known to have hidden on his farm.

He was economical and had no faith in banks. On his person when he was killed he had \$1,000. A few days before he had brought home \$3,000 in gold and said he would hide it with his other money. He never said that when he should be dying he would let them know where they could find their inheritance.

An Historic Stump.

FARMINGTON, Va., July 3.—Gov. Dr. James P. Smith, editor of the Central Presbyterian, of Richmond, spent several days in Shenandoah county this week. Dr. Smith arrived on the "Home" Jackson's staff and was with him when he was shot in the Wilderness. He went to the spot where General Jackson sat on the stump of a tree and wrote his last note to General Lee before the battle of Chancellorsville. This stump is fast decaying, but Dr. Smith secured a portion of it which he prizes as a relic.

Notice.
The Board of County Commissioners of Wayne will meet at the Court House in Beaufort, N. C. Monday July 9th, 1901, at 10 o'clock a. m. for the purpose of hearing the application of all persons claiming ownership of lands in this county. The July 2nd date. J. V. Hawks, Clerk of Board of Commissioners.

Near Beaufort.

July 1.—Farmers are about out of the grass and crops are looking very well considering the unfavorable weather a while back.

Fruit is plentiful. "Yours truly," has the honor of having sent the best fruit to market of the season, and the first canteloupes. We have preaching nearly every Sabbath of various denominations. Rev. Tolson missionary Baptist, of Beaufort has services at the academy once a month. He is very much appreciated by our people. We hope to have him with us for many years. Also Rev. John Sewell of the Free Will Baptist church has his regular appointments. Rev. Brinson, Primitive, preaches occasionally, and there is also a so-called "Sanctified Band." Rev. Horneday, Methodist Episcopal, preaches, and even the mormons are allowed to speak. I am sorry to say. So you see we have doctrines running thus: More Wives, Swap Wives, Please Wives, Wash Feet, Plunge, Dip, Pour, Sprinkle, Close Communion, Free Communion, No Communion, No Baptism, and "No black values around your house," says one Reverend. "It will give you bad luck." Another Reverend is opposed to small shops, for says he, "they give the owners and keeps the 'swell-head.'" We think if the Rev. would advise some of his flock to settle with the small shop keepers their heads would not "swell" with righteous indignation, at the very thought of such dishonest, untruthful beings.

We were in Beaufort yesterday, and saw quite a number of the old Confederate soldiers, making application for pensions, which is right. The State should pension every true Southern soldier. North Carolina should be proud of her brave sons. Braver men were never born in any State. Many old veterans were there who could show their paroles dated at Appomattox Court House, Va., April 10, 1865. We were pleased to meet our old comrade, Capt. T. B. Goodwin, who assisted in firing the last cannon at Appomattox. We talked over our ups and downs, and he would express his Southern feelings as strong as dear old Bill Arp, whom we consider as one of the greatest men in the South.

Beaufort is on a boom. It has a bank, doing a good business. The commissioners of the town have had all the trees whitewashed, and have also stopped the citizens from making the streets a cow pasture. Long live the mayor and commissioners.

Mr. Ed Martin passed this morning leaving his young party.
Mr. T. M. Thomas visited your city last week. We see Murray has a head cover, which he calls a hat.
Mr. Perkins of Beaufort, called this morning, on his way to Merrimon. S

JIMMIE MICHAEL

The CHAMPION bicycle rider of the World knows a good thing when he sees it. Jimmie has selected as his mount for the 1901 season the

Columbia Bicycle.

He has selected this make of wheel because it is the BEST and SAFEST. I have the agency for nearly all the high grade wheels. If you don't like a Columbia I have what you do like. You can find the best line of Fishing Tackle in the city at my place. I make a specialty of Sporting Goods in general.
