Gentlemen:

For the past two years up to within the last month I had been a great sufferer from a case of chronic nervous indigestion, finding no relief until through the advice of a personal friend I began the use of Vade Mecum Water and its effect on me within the short time of one month has been wonderful, having been relieved entirely of my trouble by its use. I take great pleasure in giving you this testimony of its merits and efficacy for stomach and liver troubles. Since I began the use of this water I have gained 23 pounds and have nearly reached my standard weight.

Yours truly,

The State Auditor is sending to all banks a notification of the taxes they must under the new law pay directly to the State Treasury.

The State Superintendent of Public Instruction is informed of the reelection of a number of the county superintendents, while not a few are dropped and in some counties there are squabbles.

Gov. and Mrs. Aycock leave here Saturday for Wrightsville. The Governor will inspect and receive the 8th regiment in camp there, next week.

E. L. Fleming of Raleigh is appointed an official umpire of the North Carolina base ball league. All the umpires are to be North Carolinians.

The State board of Internal Improvements returned today from an inspection of the Atlantic and North Carolina R. R. Its members say the physical condition of the road has greatly improved and so has its business.

Newbern News, July 9.—The machinists will ballot at 10 o'clock tomorrow morning on the question whether they shall return to work in a body. It is thought that the ballot will result in the men returning to work. If they are not at work by Thursday morning the ship yards management declares its ability to fill their places.

Overboard to Win a Wager.

PROVIDENCE, R. I., July 9.—To win a bet Otto Parsons, a Swede, from New York City, who was a passenger on a Providence steamer, jumped overboard in Long Island sound last night, reached shore, caught a train and arrived in this city in time to be at the pier before the steamer came in.

Parsons was one of the party of travelers who looked about the speed of the craft. He said he could swim and beat the boat in Providence. He was taken at his word. A boat at some distance from the steamer picked him up and he caught the midnight train from New York to New Rochelle.

Sailor Boys Given Outlines.

WASHINGTON, July 9.—Captain Hawley, commanding the training ship Hartford, reports that 125 sailors of that ship in Elizabeth City and left were over-tires.

The British people welcomed the American sailor boys warmly, threw open their homes to them and gave them dinners and dances, while the Lord Provost and the Provost of Leith attended official dinners in behalf of the cities. A happy impression was made upon the Hartford's officers and upon by the warmth of their reception in Scotland.

SPIER WHITAKER DEAD.

Heart Disease the Cause. Important Personage in North Carolina Affairs. Special to Journal.

RALEIGH, July 10.—Speer Whitaker died here this afternoon after a two months illness, of heart disease.

Speer Whitaker was born in Halifax county, and was sixty years of age. He graduated in the State University in 1861, was Adjutant in the Thirty-third North Carolina Regiment in the Civil war. Was Senator from Halifax in 1881. Was a lawyer and came to reside here in 1889.

In 1888 was Democratic State chairman, and the following year was appointed Superior Court Judge by Judge Fowler.

Was Major in the Sixth Regiment, United States Immunes in the war with Spain. Served in Porto Rico.

All of Mr. Whitaker's family was present at his death, except his oldest son, who is on his way here from Porto Rico. His wife is the daughter of the late Prof. DeB. Hooper, of the State University.

Millions in Precious Stones.

WASHINGTON, July 9.—George W. Mindil, the Government expert on precious stones at the New York Customhouse, reports that during the fiscal year ended June 30 last the aggregate value of precious stones and pearls passed through his office was \$31,919,053.

This amount largely exceeds the total of any other year in the history of the country and exceeds by over \$3,000,000 the entire importations of the four years ended in March, 1896. Mr. Mindil states that the placing of precious stones in their rough or native state upon the free list has established a new mechanical industry in America, and now nearly one-half of the precious stones sold in this country are cut and polished here.

The piles that annoy you so will be quickly and permanently healed if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits. F. S. Duffy & Co.

May Assess Pythians.

CHICAGO, July 9.—Behind closed doors the Supreme Lodge of the Knights of Pythias met today to consider alleged "injurious handling of the funds of the endowment rank of the order."

It is said \$500,000, the entire surplus of the endowment rank, is unavailable for use except at a great sacrifice. A special assessment on insured members and an increase in the monthly payments on insurance are said to be probable. It was said late this afternoon that a former president of the board of control of the endowment rank will lose his membership. It also is said to be possible that proceedings will be instituted against three former members of the board of control.

The report submitted today, it is said, shows that of the \$600,000 alleged to be missing a considerable portion was unlawfully disposed of.

Heat Loss \$10,000,000.

TOPKA, KAN., July 9.—The hot weather continues with no immediate prospect of relief. Corn is fast shriveling up. The oat crop is worse than a failure and hay is scarce for four years. In western Kansas the conditions are better than in the eastern part, this being opposite to the usual state of affairs. Some of the central Kansas farmers are shipping their stock to western Kansas so as to take advantage of the superior hay crop. It is estimated that Kansas will suffer \$10,000,000.

Chinese Claim Damages.

WASHINGTON, July 9.—The Chinese government, through Minister Wu Tingfang, has filed a claim for indemnity to the amount of \$400,000 on account of alleged outrageous treatment of Chinese at Bute, Mont. There is a suggestion of Boxer outrages referred in the presentation of the case to the State Department. The treatment inflicted upon the Chinese at Bute being charged, it is charged that some of them were killed, others lost their property and nearly all were ruined in business and many of them were driven out.

The claimant number several hundred. The outrages date backward 1890 and it is declared that the city council of Bute upheld the victors and the boycott that the same council upon application to the city council to see that they were not taken into consideration, only repeatedly through an appeal to the United States Court. The claim is supported and strongly corroborated by affidavits of international law.

GETS TEN YEARS.

Tyson, The Swindler Tried on Charge of Bigamy and Sentenced. Special to Journal.

RALEIGH, July 10.—The trial of W. J. Tyson, who swindled the Virginia State Life Insurance Company out of \$1,900, by swearing his wife was dead, was put on trial here to day. There were five charges, bigamy, forgery, conspiracy perjury and false pretense. His real wife, whom he deserted, came here from Fayetteville as a witness against him. The abandoned woman whom he married here is plying her vocation.

For a time the latter called at the jail to see him. She now wants to know how long he had to be in jail before she can get a divorce.

Tyson was tried on the charge of bigamy, convicted and sentenced for ten years. His first wife at his request took her infant to jail and told him goodbye.

French Orders to Leave.

ROME, July 9.—The Vatican has received official information that, in consequence of the enactment by the French Parliament of the law of association, many congregations in France will transfer their headquarters to Brussels or other Belgian cities, and that many millions of francs have already been withdrawn from the Bank of France.

All Because Mules Balked.

DOUGLASS, GA., July 9.—"Jake" Devoss, a negro laborer on James McKinnon's plantation, was working a team of mules this morning, when they balked. The negro went to his house, got a rifle and shot both mules dead.

He was expostulated with him, and he turned the rifle on her inflicting a wound which may prove fatal. James McKinnon, who owned the mules, and his brother Charles started for the scene. The two wildly infuriated negro saw them coming and began shooting at them. Charles McKinnon was instantly killed and James McKinnon was so badly wounded that he will probably die.

Devoss escaped to the swamps, but blood-hounds are after him. He has his rifle, but it is not believed he has much ammunition. More bloodshed is looked for.

A bad complexion generally results from inactive liver and bowels. In all such cases, DeWitt's Little Early Risers produce gratifying results. F. S. Duffy & Co.
