After quite an extended experience of prescribing and noting results of various mineral waters, I unhesitatingly think this water the best restorative and "builder up" of them all. For Scrofula, Catarrh and Blood Diseases generally it is almost a Specific. Too much, in my opinion, cannot be said of the curative properties of Vade Mecum Water.

## THE UNFORTUNATE

Better Provision For the Insane Badly Needed.

Nearly all Insurance Companies Back Fair Premium List Ready After a Fire Bug.

Big Grass Crop.

RALPH, July 27.—Secretary C. B. Denson of the State Board of public charities today had a conference with Gov. Aycock regarding larger provision for the insane. He showed that by the last reports, three insane persons had died in jail recently, from unsanitary conditions. The returns which the board has secured show there are 786 insane persons in the State who are not in asylums, some being in jail, some in county homes and others in private homes. Of these it is the board's estimate that at least 500 need asylum attention and that 200 of these are in the western district. There have not been arrangements made by the legislature to increase the room at the asylum here. It is now declared to be full. There are 38 approved applications for admission. These will be admitted according to seniority of application. This asylum was inspected by the board of public charities last Saturday. The board was informed that the question of the right of sending away certain inmates who are congenital idiots has been submitted to the attorney general.

Insurance commissioner Young says that of the many life and fire insurance companies which in 1899, after the enactment of the "Craig" "domestication" law, withdrew from this State all save four have returned, the four being the Connecticut Mutual and the Mutual Reserve Life and the Agricultural and Wilmington City Fire. He says several new companies will probably enter the State August 1.

The State Fair premium list has been prepared and approved by the board of directors and the executive committee of the board of agriculture, and the premiums aggregate \$7600. The fair will be in all respects the greatest ever held in this State.

Governor Aycock will leave here Monday morning for Wriglesville.

The insurance Commissioner returned last evening from Columbia, Tyrell county, where he hoped to secure the immediate commitment of a suspected fire bug. The man got off, but the grand jury will take up the matter. A dry kiln was burned. A coffee pot in which was some kerosene oil was found in the kitchen. It was in evidence that the man, a discharged employee, had bought the pot and the oil the day of the fire. A former investigation he expressed that a pot which he said was the one he bought, but the seller denied this and identified the floating one. At the last hearing the man appeared with an entirely different pot, but the seller swore that this had been bought since the date of the fire. In the face of these facts the Commissioner was simply astonished at the discharge of the suspect. He remarked, however, "we will get him yet."

Governor Aycock was yesterday talking about the abundance of the grass crop in this State and expressed the hope that farmers are sufficiently satisfied to be saving it all, as in view of the grass famine in the West, hay will be an extremely valuable and high commodity later on. He says he trusts the farmers will give up their bottom lands to grass, that in such a way they may save the heavy loss from floods and get a product worth twice as much as cotton.

Porto Ricans Rejoice.

WASHINGTON, July 26.—Secretary Hunt, of Porto Rico, today called the State Department from San Juan as follows: "News of the President's proclamation was received throughout Porto Rico last evening. There was a general expression of popular gratification. Many telegrams, anonymous popular rejoicing and word messages of congratulation to the President and Governor Allen."

A bad complexion generally results from inactive liver and bowels. In all such cases, DeWitt's Little Early Risers produce gratifying results. F. S. Duffy & Co.

China's Total Payment.

Peking, July 26.—The ministers of the powers after today's meeting dispatched a note to the United States commissioners accepting the recent Chinese offer, which was in anticipation of the minister's plan for the payment of 150,000,000 taels in indemnity at 4 per cent interest. The total payments of principal and interest will be 1,000,000,000 taels.

No Malaria From Swamps.

London, July 26.—In the course of an address delivered before a health congress, held at Eastbourne, this afternoon, Robert Koch, of Bowling Green, spoke of the treatment of malaria. He reiterated his opinion that malaria did not emanate from swamps, but was caused by the inoculation of mosquitoes and goats. He further said that malaria parasites could be stamped out with quinine treatment.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. F. S. Duffy & Co.

167,006 Registrations For 13,000 Farms.

EL RENO, O. T., July 26.—Registrations for the drawing of farms on the Kiowa-Comanche reservation, (thrown open to the public by President McKinley's proclamation, ended tonight. The total registration in El Reno and Lawton districts is 167,006. From this immense number 13,000 names will be drawn next Monday and the lucky ones will each come into possession of a farm.

Those famous little pills, DeWitt's Little Early Risers compel your liver and bowels to do their duty, thus giving you pure, rich blood to recuperate your body. Are easy to take. Never gripe. F. S. Duffy & Co.

Kitchener to Give up His Command.

LONDON, July 27.—The Cape Town correspondent of The Standard, confirming rumors which have been in circulation for a fortnight in London, says: "Mail advices say it is reported in Pretoria that Lord Kitchener will give up his command August 31, and proceed to England, where he will remain five months, then taking over the supreme command in India, and that Sir Bindon Blood is expected to succeed him in South Africa."

ZORAH.

Successful Hunting Party. Meetings Dept Like The Mail Schedule.

July 23—Rain, rain, rain.

Farmers have not been able to do much work on account of rain for the past two weeks. Crops we fear, are injured, especially cotton.

We hear of considerable sickness in adjoining neighborhood, but there are no new cases in objection that we have heard of. Mrs. Tyler is no better, but continues to get worse.

A party of hunters went out on a hunt yesterday and came back jubilant. They killed one deer and two turkeys and it was not a good day either.

Rev. Mr. Taylor, Baptist, is conducting a series of meetings at Trulls this week. He is assisted by Mr. Harris of Elizabeth City.

Miss Belle Morgan of Elizabeth City is visiting Miss Beatie Thomas this week and attending the meetings.

We hope they will have good meetings and that much good may result therefrom.

Mr. and Mrs. E. M. Scott of Blount's Creek were visitors at our place yesterday.

Mr. C. G. Adams and wife of Edwards were the guests of Mr. and Mrs. A. J. Whitford Sunday.

We are very much displeased at the change in the schedule of the Venable mail. Zorah has a semi-weekly mail, Wednesdays and Saturdays, and since the change we get the Tuesday's Journal on Saturday, and Friday's the following Wednesday. It will be no wonder if the Journal will certainly lose its local subscribers. What news is worse than this?

When you want a modern, up-to-date cycle try Chamberlain's Bicycles and you will be satisfied. They are in stock and ready to ship. Price \$100.00. Sample this at F. S. Duffy & Co's drug store.

Decent Traced From Adam.

Popular interest in Albert Judson Fisher's unique love-story, "A Daughter of Adam," in The Ladies Home Journal for August, has been increased tenfold since it became known that the genealogical part of the story is not fiction, but fact. Not only is the marvelous line of descent, traced through 121 generations from Adam and Eve, absolutely genuine, but also the family names of the characters are the names of real people, for the line is actually that of Mr. and Mrs. John Smith Sargent, of Chicago, and Mrs. Sargent was formerly Miss Frances Moore, of Warren, Rhode Island. Even stranger still is the fact that, as shown in the story, Mr. and Mrs. Sargent had the same ancestor eight generations back.
