After quite an extended experience of prescribing and noting results of various mineral waters, I unhesitatingly think this water the best renovator and "builder up" of them all. For Scrofula, Catarrh and Blood Diseases generally it is almost a Specific. Too much, in my opinion, cannot be said of the curative properties of Vade Mecum Water.

Pitiful Case of Convict.

Special to Journal.
RALEIGH, August 3.—Some sick convicts were brought to day from the gang which is building a railway at Dover, among them a boy, very small and but 16 years old, who is serving 5 years for stealing a mule. All who saw him lamented the fact that the State has no reformatory.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by F. S. Duffy & Co.

Condition of Cotton.

Special to Journal.
RALEIGH, August 3.—The improvement during the past ten days is declared by some farmers to be more important than it appears. They say that the plants are not fruited and that this will be found out later.

Tarboro Wins.

Special to Journal.
TARBORO, August 3.—The home team defeated Raleigh here to day by a score of 8 to 2.

Wilmington Gets Two.

Special to Journal.
WILMINGTON, August 3.—Two games were played to day between Wilmington and Charlotte. Both games were won by Wilmington by 8 to 0 and 10 to 2.

Governor's Son Better.

Special to Journal.
RALEIGH, August 3.—A telegram from Governor Aycock to Private Secretary Pearsall, from Wilson this morning, said his son Charles Aycock was a little better. Private Secretary Pearsall left for Wilson this morning to see the Governor in regard to public business.

Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by De Witt's Witch Hazel Salve. Certain cure for piles. Beware of counterfeits. Be sure you get the original—Dewitt's. F. S. Duffy & Co.

Crescens Lowers Record.

COLUMBUS, Ohio, August 2.—Crescens champion of the trotting turf added more laurels to his fame to day by trotting a mile in 2:02 1/2, reducing by half a second his week-old record of 2:02 1/2 made at Cleveland last Friday. The first half was trotted in 59 1/2, the first time that the distance has been covered in less than one minute by a trotter. The time by quarters was 2:01, 59 1/2, 1:59 1/2 and 2:02 1/2.

If the action of your bowels is not easy and regular, serious complications must be the final result. De Witt's Little Early Risers will remove this danger. Safe, pleasant and effective. F. S. Duffy & Co.

Cost of Food Rises.

CHICAGO, August 2.—The drought has sent food supplies in Chicago soaring. Boarding house proprietors are raising the price of meal tickets and restaurants are lessening the quantity of food given to patrons.
Vegetables, fruits and almost all food products are higher than ever before. In the produce markets not only have the prices become prohibitive to many, but those who can pay the advance find great difficulty in getting food stuffs which compare favorably in quality with those of former years. Peas, beans, lettuce and tomatoes are up 100 per cent. Potatoes have quadrupled in price—\$1.40 a bushel. Fruits have doubled, and but for the California product would be prohibitive. Eggs and butter are up 40 per cent. over a year ago.

The laws of health require that the bowels move once each day and one of the penalties for violating this law is piles. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price 25 cents. For sale by F. S. Duffy & Co.

Killed by Mosquito Bites.

CHESAPEAKE, Md., August 2.—William Maher, aged 70 years, was taken to death by mosquitoes in a dense swamp near his home at Nantux.

Maher had been very feeble for some time, and seldom left his home, but last night he went to the village for a package of tobacco.

On his return, desiring to lessen the distance, he made a short cut through a dense swamp and lost his way. Swarms of mosquitoes settled upon him, literally smothering his face and hands.

The aged man was soon rendered unconscious by their stings, and was found in a dying condition by a searching party about midnight. His face was swollen beyond recognition.

COLEY CASE.

The Application for a Rehearing by the Railway Company.

Council Must Hear Aug. 12 Raleigh Death Rate. Textile School Building. Union of Cooks. The Peabody Scholarships.

RALEIGH, Aug. 3.—A telegram from the Governor last night informed private secretary Pearsall that he had decided to interfere no further as to the execution of Lewis Council at Fayetteville, so it seems the latter will be hanged August 12. This is the result of the visit of ex-Judge Womack to Fayetteville. He found public opinion there widely divided and made an investigation. It is quite noticeable in recent years that Governors more and more depart from the old custom of making Friday "hanging day."

Mention has been made of the fact that there had been an application filed for a rehearing of the Coley case, this being the one in which Sam Coley, ex-conductor of the Southern Railway, recovered damages to the amount of \$12,500 against it for the loss of an arm at Goldsboro. The Supreme Court at the last week of the last term gave him the damages. The application for a rehearing is granted. It has aroused no little feeling on the part of the railway employees. Coley's attorney says: "There will be a rehearing, but there will be no reversal of the opinion in the case. It is the gasp of a corporation," which he then proceeded to denounce. On its side the railway says it has very strong grounds for its application.

During July in this city, as the report made today shows, there were 26 deaths and 49 births. Of the deaths 9 were of white persons, 17 of negroes; of the births 22 of whites, 31 of negroes. Only one death was from typhoid fever, though there were 25 cases of that disease. Physicians say it is of a mild type.

Rapid work is now being done on the textile school building at the Agricultural and Mechanical College. Forty men are employed on it. It is to be a model building; the best of its kind.

It is declared that there is a "union" or secret association of cooks here. One householder says he is informed that each member promises to feed at least 3 persons.

The State superintendent of public instruction made a speech today at a large educational rally at Ellerbe Springs, Richmond county.

Building here continues very active. It is almost entirely at present of residences.

The examination papers of a number of applicants for Peabody scholarships were sent on today, these being from the counties of Haywood, Harnett, Duplin, Alleghany, Burke, Iredell, Sampson, Wilson and Randolph. This carries out purpose to scatter the scholarships widely. Heretofore the extreme west has had all of them.

The bankruptcy case of S. H. Loftin, of Kinston, referred to yesterday, as involving \$110,000, will be again argued here Sept. 10, and there will be some new parties plaintiff.

TO CLEANSE THE SYSTEM

Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

Using Negro Labor.

CLEVELAND, Ohio, August 2.—The big steel combine is utilizing negro labor to supplant its white workmen in the New-Berg mills here. Already a couple of hundred of heavy colored men have come to the city from Pittsburgh, Homestead and adjacent iron centers in Pennsylvania. They are brought hereby one of their own race, who is acting as agent for the steel corporation. When the colored men arrive they are sent to the mill, where a large dwelling house is used as a domicile.

Many more negroes, it is said, will be brought here and a general migration of colored workmen familiar with the manufacture of iron and steel, from the South, is prophesied by a colored agent of the steel corporation.

The negroes from Alabama and Tennessee, according to the same authority, see in this strike a glorious opportunity to improve their condition and they are flocking north in large numbers. It is also asserted that the Steel Corporation has given authority to its agent to gather all the colored men wherever possible and to center them at the various points of the strike.

Don't be satisfied with temporary relief from indigestion—Kodol Dyspeptic Cure permanently and completely removes the complaint. It relieves permanently because it allows the tired stomach perfect rest. Disting won't move the food out. Disting won't rest the stomach. Nature requires supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspeptic Cure, which digests what you eat and can't help but do you good. F. S. Duffy & Co.

MEDICAL EXAMINER

Of the U. S. Treasury Recommends Peruna.

Dr. Llewellyn Jordan.

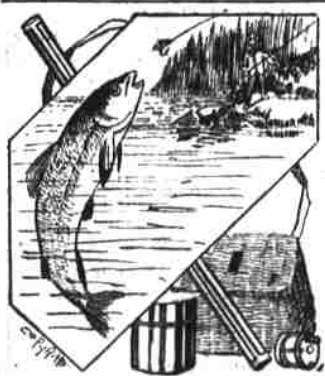

Dr. Llewellyn Jordan, Medical Examiner of U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peruna:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering. Fellow sufferers, Peruna will cure you."

Catarh is a systemic disease curable only by systemic treatment. A remedy that cures catarh must aim directly at the depressed nerve centers. This is what Peruna does. Peruna immediately invigorates the nerve-centers which give vitality to the mucous membranes. Then catarh disappears. Then catarh is permanently cured.

Peruna cures catarh wherever located. Peruna is not a guess nor an experiment—it is an absolute scientific certainty. Peruna has no substitutes—no rivals. Insist upon having Peruna.

A free book written by Dr. Hartman, on the subject of catarh in its different phases and stages, will be sent free to any address by The Peruna Medicine Co., Columbus, Ohio.
