WINSTON, N. C., October 10, 1900.

After quite an extended experience of prescribing and noting results of various mineral waters, I unhesitatingly think this water the best renovator and "builder up" of them all. For Scrophula, Catarrh and Blood Diseases generally it is almost a Specific. Too much, in my opinion, cannot be said of the curative properties of Vade Mecum Water.

Governor Aycock Orders Protection
to Negro in Danger of Lynching.

Unusual Case of Young Couple at
Raleigh. Seaboard Line Ob-
jects Carriage to Work on
Railway, Infected
Cattle.

RALEIGH, August 15.—The corporation commission was advised today by the Seaboard Air Line that it expects to the recent order of the commission making all its branches conform to the standard tariff on all freights, and that it further, that it expects to the order reducing and fixing the freight rates on cotton.

Gov. Aycock this morning received a telegraph message, purporting to be a night message, from Judge Hoke at Charlotte. The message is as follows: "Unauthorized" Robertson to use the military if required to protect negro William Monroe. Reply. The governor wired Maj. Robertson, "Place all the military in Charlotte under the direction of the sheriff, to protect William Monroe." He wired the sheriff, "Place all the military in Charlotte under your disposal. Protect William Monroe from violence. Uphold the law at all hazards." To Judge Hoke he telegraphed: "Have ordered Maj. Robertson to place all the military at the disposal of the sheriff. Your wire not received until this morning. Apparent gross negligence of telegraph company."

Monroe is the negro who outraged a young white woman, (married and in a delicate condition) Monday afternoon, and who was captured early Tuesday morning at Charlotte. His trial was set for today in the Superior court. There is a local sensation here regarding two young white prisoners in jail. One is a youth named Raines, not quite 18, the other a girl named Eason, a little over 17. They came here to be married, but could get no license. They then went to work on a farm, living together, and were arrested. Against they attempted to marry, but the consent of the girl's father is necessary and he will not come here. They are from Johnston county. The church people are taking up the case, and the father will no doubt be forced to act.

The penitentiary officials are making plans to put as many convicts as possible to work on the grading of the railway from Marion to the Tennessee line. If possible 600 will thus be employed, though there are not quite 800 in all. Vice-President Barr of the Seaboard Air Line says the small force at the shops here will not be further decreased but is slightly increased. Mention has been made of the fact that there is tuberculosis in the herd of 45 cattle at the insane asylum here. Veterinarian Welth has for two weeks been making tests. It is said there are 39 cattle infected. Another report is expected.

Will Encamp at Raleigh.

RALEIGH, Aug. 15.—The Franklinton company of the Third regiment, which failed to encamp with its regiment at Wrightsville will go into camp here next week. It is learned at headquarters here. It will encamp in the large field near St. Mary's College, in which the volunteers drilled in 1898. Capt. W. L. McGhee is the commander. He will have 50 officers and men in camp. The camp is near the park, where there is bathing.

The laws of health require that the bowels move once each day and one of the possibilities for raising this law is pills. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price 12 cents. For sale by F. S. Duffy & Co.

Dr. Grimes Recovered.

RALEIGH, Aug. 15.—Dr. Eugene Grimes, who from 1898 to 1899 was superintendent of the insane asylum here and who was later an inmate of the Colorado asylum, where he was treated for the morphia and cocaine habit, is now at Washington, D. C., and says he is entirely restored.

LIGHTNING BURST COFFIN.

Child Within, It Is Said Rose to a Sitting Posture.

PHILADELPHIA, August 14.—The Press to day prints the following under date of Larned, Kan:

"A stroke of lightning saved a 5-year-old child from premature burial near Hedston, 20 miles from Larned, yesterday. The little one apparently died on Sunday morning and arrangements were made for the funeral yesterday afternoon. A nestlike coffin incased the body of the child, which was being conveyed to the cemetery in a wagon. The father, Samuel McPhee, his wife and two children rode immediately behind the wagon containing the coffin."

"Suddenly a bolt of lightning struck the coffin, tearing it open. The people were astonished on seeing the supposed dead girl sitting up in what was left of the coffin, with arms outstretched crying for her mother. She was quickly lifted down and wrapped in blankets by the women and hurriedly conveyed back to her father's house, turned in a lightning flash from one of sorrow to great rejoicing. It is supposed that the child was a osteopleic."

"People who attended the funeral say that prior to the flash of lightning a peculiarly soft, mellow light appeared in the sky, which was so pronounced in its difference from sunlight as to attract attention and occasion comment, and that while the peculiar atmospheric or light conditions were being discussed the flash of lightning and clap of thunder riveted their attention upon the strange scene which followed. "Nobody was killed or even hurt by the lightning."

Ten Men Burned to Death.

CLEVELAND, O., Aug. 14.—Fire early today destroyed the temporary water-works crib two miles out in the lake, resulting in the death of at least ten men, while two others were probably fatally injured.

Fire and burglar tags with rescuing parties on board reached the crib soon after the flames broke out, but when they arrived the structure was a seething mass of flames and all hope of saving it was abandoned. Men could be distinguished swimming and floating in the water shouting for help. Others were clinging to ropes which had hitched or tied to the rafters, but the flames were burning the ropes away while the men were stark naked, and one by one they were falling into the lake. The logs circled around the burning crib, picking up men from the water and meantime playing heavy streams upon the flames.

Wage Reduction Doubtful.

FALL RIVER, Mass., Aug. 14.—Opposition to the wage reduction proposition seems to have developed unexpectedly today and several mills that were on the list of the promoters of the movement are now in the doubtful column. As the situation stands today, 1,200,000 spindles are now classed as sure to be pledged, but 900,000 are classed as doubtful.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Disturbing won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. F. S. Duffy & Co.

The First Excelled.

RALEIGH, Aug. 15.—It is the comment of officers who were at the encampment this year at Wrightsville that the First regiment excelled all in discipline and drill.

If the action of your bowels is not easy and regular serious complications must be the final result. DeWitt's Little Early Biscuits will remove this danger, safe, pleasant and effective. F. S. Duffy & Co.

Swims.

Twins—For goodness' sake, what are you so freaky about?
Brewster—Oh, I called my wife to see a button on my coat.
Twins—And wouldn't she do it?
Brewster—Yes, but I've just discovered that the button she sewed on my coat she cut from my coat.—Exchange.

What Was Sought.

Henry Wood Decker used to tell a story about a priest in the olden time who was called to bless the field of a poor farmer prior to the planting. He came and after receiving the field he returned to the neighborhood, "praying won't be here, what you want is water."

Revenue Cutters at Race.

WASHINGTON, Aug. 14.—Capt. Thomas D. Walker, commander of the revenue cutter Greham, has been designated by Capt. C. F. Shoemaker, chief of the revenue cutter service, to command the fleet of revenue cutters in control of the course during the international yacht races early in September.

The fleet will be composed of the Greham, as flagship; the Windom, the Onondaga, the Seminoles, the Dexter, the Dallas and auxiliary yachts, which will be in command of officers of the revenue cutter service. This duty was performed by the revenue cutters during the international races of 1898; the regulations governing the various craft being prepared by the revenue cutter bureau at Washington, and the entire fleet was then placed under command of Rear-Admiral Robley D. Evans, of the navy. This year it was decided that as the fleet was composed of revenue vessels it should be in command of an officer of the revenue cutter service, and Captain Walker has been selected for this important duty.

Raleigh Beat Wilmington.

Special to Journal.
Raleigh, Aug. 15.—Today's game stood Raleigh 3, Wilmington 1. The latter club only secured 3 hits off Smith and the only run made was by a runner knocking the ball out of the catcher's hands.
