Southern Taxes Exceptional.

RALEIGH, Aug. 19.—Judge Parrell is asked to preside at the session of the United States circuit court for the western district of Virginia, September 10, at Lynchburg.

Dr. Tait Butler, the new State Veterinarian, arrived today from Kansas, to the great satisfaction of the agricultural department officials.

This afternoon there was a base ball game between Raleigh and Wilmington for the benefit of King Kelly's Raleigh team's captain, from whom \$237 was stolen.

Tomorrow the series of games for the pennant between Wilmington, which won the first series, and Raleigh, which won the second series, will begin.

Mr. McAllen of Charlotte, so prominent in the cotton mill world, is here. He says all the mills in this State will resume full time as soon as the new crop of cotton begins to come in.

The Southern railway files exceptions to the recent order of the corporation commission, equalizing freight on all its branch lines, and making them conform to the standard, and also making the rates on cotton the same, all over the State.

Cotton Crop Prospects. Fatal Horse Disease. Protecting the River Front. Many People Away.

August 19.—Crops in this section are somewhat improved on stiff land. Corn is very poorly fruited.

Podder pulling is now in progress on some of the farms near here. From the present outlook there will be but little open cotton this month which is indicative of a late growth, however.

Mr. J. B. Bender returned last Friday from Wilmington and Wrightsville, where he has been spending a few days very pleasantly.

Mr. Edgar L. Houghton left for his old home in Philadelphia, N. C., to spend the remainder of the summer. He reports his cotton crop as greatly improved and likely to make an average good crop.

We are glad to state there are no base ball teams at this place, nor are there any base ball cranks here as is the case every where else we know of.

Mr. E. T. and J. H. Bender will soon engage in the manufacture of cypress shingles and boards, also they will manufacture hard wood in many desirable shapes as they find most suitable to the demand.

The Railroad Company has dumped seven car loads of South Carolina granite in the river Trent at this place around the brick pier at the railroad bridge as a protection, as the water had nearly undermined the piling.

We hear that Mr. Walker Means, our genial cotton buyer is spending the summer at Swansboro, N. C., where he finds sport of all sorts unexcelled in any other section.

For the next 30 days, Bender Bros. say they will sell their entire summer stock of dry goods at cost and less. Now is your time to catch these bargains, ladies better go see them.
