

SYRUP OF FIGS

NEVER IMITATED IN QUALITY. An Excellent Combination. The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrates the value of obtaining the liquid laxative principles of plants known to be medicinal ly laxative and presenting them in the form most refreshing to the taste and acceptable to the system.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get the beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y. For sale by all Druggists.—Price 50c. per bottle.

CANDY—Just received a fresh supply of Assorted Chocolates. McSorley.

JACOBS' Raleigh Rye Whiskey is the best. Middle street.

Returns in Better Health. Mr. George Dall returned from Morehead City yesterday, having recovered from his severe attack of sickness. He will leave for the mountains in a few days to restore his strength by change of air.

Moonlight Sail, Wednesday Night. The Moonlight sail to be given by the Tabernacle Baptist Church Aid Society on the steamer Guide Wednesday night, promises to be the most enjoyable one ever given in New Bern. Every one has surpassed the former ones and they have added to this one the greatest attraction of the day. Edison's phonograph, with fifty of the latest songs, talks and funny lectures, etc. Lombardi's Italian Band will furnish music, and all who go will be highly entertained. The Society will have refreshments on board for sale. Tickets can be bought of the members of the Society, Simmons and Hollowell Co., Bradham's and Davis' Pharmacy. Tickets 35 cents.

BRICK, BRICK.—Sold hard pressed brick in any quantity you may wish at Moore's Wood Yard.

A Handkerchief Worth \$1200. Among some superb photographs of "The Handicapped Laces in America," which occupy a double page in The Ladies' Home Journal for September, is shown an exquisite handkerchief valued at \$1200. When one closely examines the weblike film, and the remarkable detail of the dainty design, this sum seems none too much to pay for such a piece of work. Its making doubtless occupied the greater part of one woman's life. The handkerchief is now the property of the Drexel Institute in Philadelphia, to which it was presented by the widow of George W. Childs, the famous journalist and philanthropist. The other beautiful lace shown on this page are owned in New York and Boston, most of them being included in the collection loaned to the Metropolitan Museum of Art by Mrs. Astor. This collection is valued at the enormous sum of \$400,000.

CAPUDINE FOR Nervous and Sick Headaches. SOLD BY ALL DRUGGISTS.

THE CHAMPIONS A-COMING.

Wilmington to be Here This Morning. Game at 4 o'clock. Fine Game Looked For.

The Wilmington base ball team left Wilmington last night for Goldboro and will be down on the train this morning, due here at 10:30, and will play against New Bern today and tomorrow. Today's game will be called at 4 o'clock. It is expected that a large crowd will be present.

The games were arranged in answer to a telegram from Manager Jas. H. Cowan asking for dates and terms. These were satisfactorily arranged but on account of a misunderstanding the arrangement was not perfected until too late to take the Atlantic Coast Line, so it was necessary to come by way of Goldboro.

The feeling towards Wilmington is very warm, they having the sympathy in the League contest. This will not prevent New Bern voicing their sentiments in the grand stand however, and a big time is anticipated if the score should prove a close one.

The price of admission will be 25 cents straight, children only will be admitted for 15 cents.

PERSONAL PARAGRAPHS.

Mr. F. C. Roberts has returned to the city.

Miss Mabel Chadwick of Beaufort is visiting Miss May Hendren.

Mr. Carl Richardson of Washington, N. C., is in the city, on a business visit.

Mr. W. H. Griffin, Jr., is in the city, visiting his parents, Capt. and Mrs. W. H. Griffin.

Miss Mary Bryan of Pollockville and Mr. Dave Koonce of Bogue are visiting Mr. J. A. Jones.

Mr. and Mrs. M. M. Marks, and Miss Belle Marks left last night for Boston and the Pan-American Exposition at Buffalo.

Back From the West.

Mr. W. W. Clark and Mr. Enoch Wadsworth returned Sunday morning after an eight weeks' tour in the West. They visited San Francisco and Southern California and returned by way of the Yellowstone Park and the Northern route. Their friends greeted their return and are enjoying Tales of Two in the Woolly West.

DIED.

In this city, August 25, 1901, Frank Carter aged 46 years. The funeral services will be held this afternoon at 4 o'clock from his late residence 204 Pollock street.

Richmond Dispatch please copy.

Tarboro 14, Kinston 1.

The first game between Kinston and Tarboro was played yesterday. The Kinston rooters have been anxious to have the Tar Bables put in an appearance so as to show that their "all home players" were superior to the league. The result was somewhat of a disappointment to home talent as it was nearly a shut out, being Tarboro 14, Kinston 1.

Moonlight Sail, Tonight.

Lookout, all those who want to take in the Moonlight Sail tonight on the steamer Guide. She will leave the wharf of Craven street at 8 o'clock. All who have not purchased tickets can purchase them at the dock tonight. Nice refreshments will be served. Benefit of St. Mary's Working Society.

Woman Prisoner Escaped.

Mary Ward, colored, sentenced at the last term of court to 18 months in State's Prison, escaped from the county jail yesterday morning and is still at large. She was allowed to carry a bucket outside the building and each of the two attendants thought the other was watching her. She saw her opportunity and made for the south fence of the yard. This fence is about 7 feet high but she was aided by a jiffy and before the two on guard could follow the woman had disappeared down the street. Sheriff Biddle expects to take the sentenced prisoners to Raleigh this morning.

A Trustworthy School.

Many prominent and influential people speak in terms of highest praise of Littleton Female College an advertisement of which appears in this paper, and the Institution, we believe, has the full confidence of the people. The boarding school patronage of the College has been doubted in the last three years, and during the 15 years of the existence of the school there has never been a death among its pupils.

O. O. Buck, Belton, Ark., says: "I was troubled with constipation until I bought Dr. Williams' Little Early Bitters. Since then I have been entirely cured of my old complaint. I recommend it to all." F. F. Duffy & Co.

LAWN PARTY.

Monday evening a lawn party will be given for the benefit of the Christian church. It will be held on the lawn along the river shore between Broad and New streets. Delightful refreshments will be on sale and a very enjoyable evening is promised.

Medal Dyspepsia Cure. Digests what you eat.

POLLOCKSVILLE.

Cotton Not so Good. New Shingle Mill. Not the Mosquitoes. A Picnic. Some Business News.

August 26.—Last week, every day rain has given much distress and also disaster to the fodder men.

Crops are still very poor, especially corn. Cotton is by no means so good as some think it is, a close investigation plainly shows this to be true.

The health of this place is remarkably good, there is not a case of sickness in town, yet the Doctors are very busy with country practice.

Dr. and Mrs. G. H. Hughes returned home last Saturday from the western part of the State looking very much improved by the trip among the hills.

Mr. E. T. and J. H. Bender's machinery arrived here from Philadelphia last week and is now 6 miles in the country where they will soon be making shingles and boards of cypress etc.

Mr. David R. Barrus of Kinston is here visiting his brother Mr. Isaac Barrus. He speaks in glowing terms of Kinston's progress and future prospects.

The Gum Branch correspondent of the Journal seems to know very little of this place and its people. He suggests that the same cause may exist here as in Hyde county, relative to staggers among horses. We have no no mosquitoes at all and feed wholly on No. 1 Timothy hay.

Mrs. T. S. Bender was summoned home yesterday by telegram to see her mother who was thought by the doctors to be dying at her home in Pitt county near Querly.

We had the pleasure of attending a picnic at the grove of Mr. Cyrus Focuse's last Thursday which was a perfect affair in every way, a very select affair given Mr. Focuse and his neighbors, there were visitors there from as far south as Louisiana and several from Western, N. C. The grounds were beautifully arranged with walks and rustic seats, and the stately oaks, games and various sports was the feature of the day.

Mr. A. S. Lee leaves this evening for Goldboro where he intends purchasing a car load of the R. E. Jones buggies for this market.

There has been quite an improvement made here on the railroad bridge and the water tank, which is being replaced by a new one.

Mr. Matt Harriett our big sheriff is one of our most progressive citizens, he is now having his property in this place repaired, overhauled, etc., getting things in order for the fall business. His is one of the latest improved gin plants in the county.

Mr. B. B. Barry who has been spending several weeks visiting his family near here returned to his place of business at Jacksonville this morning, accompanied by his daughter, Miss Male.

We hear that the Mayville Supply Co., has been purchased by Mr. S. S. Waters of this county for the sum of \$3,500. Mr. Chas. H. Foy, the former manager of this business will move to Kinston some time this winter or the first of next year we are informed, where he can have the advantage of better schools for his children, and a broader field for business.

Machine as a Bank Teller.

In three banks at Chicago the other day a machine for counting money, handled by one man, sorted, weighed and counted \$42,000 an hour in half minutes and double eagles, says the New York World. Electricity and compressed air are the agents used in attaining this speed. Light coins are tossed in a "light" compartment. The machine does the work of six men. The results are said to be absolutely correct. The weighing is done automatically. All the man in charge has to do is to see that the feed shoots are kept filled.

Grand Jury Report.

To THE HONORABLE JUDGE O. H. ALLEN, PRESIDING.—

We, the Grand Jury, beg leave to submit the following report: We have had on file 23 Bills, 38 of which we found True Bills and 14 not True Bills. We have visited the County Home in a body and found the Home in a good condition as far as the sanitary conditions are concerned, but we would urge the necessity of speedily repairing the fences and whitewashing the dwellings and fences. We further suggest that bath tubs be procured for the inmates of the Home.

We have inspected the Court House and find it in very good condition but would suggest that the walls be cleared of all wood shingles and ceiling and recommend steel shingles instead, thereby making the roof fireproof. We have thoroughly inspected the jail and do not find it secure owing to the manner in which it was first constructed. We would suggest that the window sills which are wood be removed and iron sills substituted, also the grating which is soft iron be removed and steel bars, not less than one inch in diameter, be substituted. We would recommend the middle door Axel likewise. We had the two south walls recently covered by sheet iron, cutting off all ventilation in this direction. We would recommend the removal of same at once. Also, every stone having to be carried through the entire building by the use of hoists, we would therefore recommend the construction of a running water closet on the west side of the jail. The sewer to be simply protected by a steel grating and all the drain pipes on the premises to be connected with the city sewer. We find six insane persons incarcerated in the jail and as we understand that it is proposed that the County will have to care for them in the future, we would recommend that the County build a home at the city limits for the poor insane persons.

W. E. BAXTER, Foreman Grand Jury.

BAYBORO.

Planting Fall Potatoes. Meetings Held. Back in Good Health. A Party. Opening of Academy.

August 24.—News is scarce. All crops are poor. The rains continue. Horses are dying off rapidly with staggers, and some considerable sickness prevails in some sections of the county. The farmers are planting their fall crop of Irish potatoes, turnips and rutabagas as usual, about the same average being planted.

The revival services at the Baptist church closed here last Sunday night the 18th inst., with one accession to the church, the attendance at the meetings unusually large. The Rev. Mr. Taylor pastor was assisted by the Rev. Mr. Elliott of Chowan county, considerable interest was manifested in the meetings.

The Rev. Mr. Jenkins' pastor of the M. E. Church has just closed a successful series of meetings at Barnes Chapel with eleven accessions to the church.

Mr. J. O. Baxter of Stonewall who has been clerk with Mr. C. H. Fowler, for upwards of thirty years and who on account of failing health gave up his position the first of July has been spending the greatest portion of his rest at Seven Springs, returned last week very much improved in health and looks.

He gained 13 pounds during his stay at the Springs. He is now receiving goods and opening up business of his own at R. H. Baxter's old stand in Stonewall, we wish him success.

Miss Mollie Sawyer of Oregon who is visiting Mrs. W. T. Ocho gave an ice cream party to her young friends and acquaintances last Thursday night, where they all enjoyed themselves "hugely" until eleven o'clock, and departed in peace.

Prof. M. W. Ball is down putting up his posters and distributing them, announcing that the school at Bayboro, Male and Female Academy, will open on September 18th. Many new features will be added to the school the coming season. It will be a shame and disgrace to parents if they keep their children at home and allow them to run around the streets and grow up in ignorance and idleness with such a school at their very door, offering such advantages of an education. There can be no excuse rendered either now or hereafter by parents, if they allow their children to grow up in ignorance. Parents, white people, remember the Constitutional Amendment which you adopted last year will affect your children after 1908, just the same as it does the blacks, all will have to read and write and explain the constitution then or be deprived of the privilege to vote. White people will you let your child grow up in ignorance and be disfranchised, this is a serious question, think of it.

Miss Minnie Ballance of Pamlico is visiting Miss Ada Riggs of this place. Misses Bula and Nattie Miller are visiting at Masons this week.

Mr. Wallace Gaskins is seen occasionally in Bayboro, to the delight of his many friends.

OLYMPIA.

August 26.—It rains every day! The crops are much better than were reported some weeks ago.

Mr. Jas. B. Bennett and his two daughters spent three days of last week visiting friends and relatives here.

We are sorry to say Mr. Geo. Wayne who is very ill of typhoid fever has not reached convalescent stage yet.

Miss Lizzie Harrison of Arapahoe visited Miss Louisa Holton last week much to the satisfaction of her friends here.

Rev. I. W. Rogers spent several days of last week visiting special friends here.

Mr. Geo. F. Cuthrell, a young man who is studying for the ministry, preached a very pointed doctrinal sermon here on the 8th Sunday night.

The signs of hard times are leaving our section, for Messrs. J. B. and H. T. Dunn each bought a splendid new buggy last week. Also after waiting several weeks Mr. B. Holton purchased a top buggy of Hearn brothers last week. You see our people will come to the front.

Religious Notice.

St. Mary's Free Will Baptist Sunday School has changed its hour of service from five o'clock back to half past two o'clock. The school is requested to be promptly on time next Sunday at half past two o'clock. C. T. HOLLOWELL, Secretary.

How The Sipton Tunnel Is Protected.

Should Italy and Switzerland fall out what would happen to the Sipton Tunnel. The opening on either side will look like the great doors of some mediaeval fortress. And they will be fortresses in all reality. Suppose these two belligerent camps should fall out. They would rush like a whirling plague through that tunnel and invade each other? Indeed they would not. In the little fortress at each end there will be a man and a button. The man will press the button and bring down the mountain. When the smoke lifts there will not be any tunnel any more. Some five or six thousand men will have worked night and day for five years and a half at a cost of 70,000,000 francs—and destruction?—EVERYBODY'S MAGAZINE.
