AMUSEMENTS COME TOO HIGH.

Now that the theatrical and circus season is opening, up, amusement lovers in North Carolina are confronted with the fact that any circus coming to this State can only pay one or two cents where large crowds can be quickly gathered.

The reason for this is the immense tax, the lowest tax for a big show being five hundred dollars per day, with a possible maximum limit of one thousand dollars a day.

What the excessive tax rate was made by, it is impossible to guess.

It may be that the old idea that a circus carries all the money out of a country, caused North Carolina's legislators to place this practically prohibitive tax on the circus.

If the high tax rate was made to increase the state revenues, it has fallen short, is a failure.

In the theatre line, it will be found that the license is excessive for those running the show houses, the result being that the amusement loving public must suffer, being given poor shows at high rates for admission, and if really good entertainments could be presented, the charge of admission would be beyond the ordinary citizen's pocket.

That there has been no prohibitive tax on base ball is a blessing, especially in Eastern Carolina and in this city, where the public has thoroughly enjoyed the summer by seeing many and exciting games, at no great expense.

The people want and should have plenty of good and wholesome amusements, and these at a reasonable price, so that the poor man can enjoy the recreation which comes from seeing a circus, or a theatrical entertainment that has merit in it.

The idea that amusements are on the luxury list, therefore should be taxed out of sight, is a most mistaken one, and is not entertained by any thinking person.

Let all the people have amusements, and they will be the better for it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cancer. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrhs—being a constitutional disease—require a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, E. J. Wreck on Southern.

Richmond, Va., Aug. 27.—Passenger train No. 12 on the Southern Railway was wrecked by jumping into a wash near Danville today. The wash out was caused by a small stream becoming greatly swollen by the recent heavy rains, fully ten feet of the track being washed away. One of the engines was overturned and fell down the embankment, piling the passengers in a heap against the seats and windows.

Mrs. E. H. Allport, Johnston, Pa., says: "Our little girl almost died of death with colic. The doctors said she couldn't live but she was instantly relieved by One Minute Cough Cure." F. S. Duffy & Co.

Storm Drives Birds.

Carbondale, Ill., August 28.—A most destructive storm, approaching a hub-bub, passed over this city today, doing much damage. In this city fully 100 birds were driven by the down-pour of rain.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, to discharge him. I went over to see him the next morning. He said his bowels were in a terrible state, that they had been running off so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said 'No.' I went home and brought him my bottle and gave him one dose, told him to take another dose in fifteen or twenty minutes if he did not feel relief, but he took no more and was entirely cured."
