H. C. KEHOE.

## For The Children.

A Fine thing to give the children these damp September mornings is Laxative Child Tonic, pleasant as Pie Syrup and a certain cure for material poisoning. Keeps the system in perfect working order. Only 50c. at Broad's Pharmacy.

## TAX TALK.

The Agitation on Railway Assessments Has Stirred Things Up.

Probably No Result from Mandamus Action. First Sale Came Late. Internal Improvement Report. Telephone Case. The Text Books.

RALEIGH, Sept. 4.—The talk among railway people and public officials today was largely about the attempt to have the railway property in the State assessed this year, when, as well known, it was agreed by the legislature and all concerned that there should be no assessment until two years hence. It was Associate Justice Clark who in a speech before the State Bar Association made the statement that the value of the railway property in the State was \$120,000,000.

The papers in the application for the mandamus to compel the Corporation Commission were to day served upon Commissioners Abbott and Rogers. Yesterday they were served on Chairman McNeill. The latter late last night replied to Sheriff Jackson of Washington county, who made the complaint, that he does not understand that Section 50 of the Machinery Act requires or contemplates a separate assessment of the tangible and intangible property of railways this year. There is no date mentioned in that Section when the assessment shall be made; the commission must therefore refer to other sections of the law to ascertain the date, and Section 48 fixes the date at "such dates as real estate is required to be assessed for taxation." The tangible and intangible property of railways will be assessed separately in 1902, that being the date at which real property is assessed, and the assessment thus made will stand until the next date at which real property will be assessed, except in so far as it will be modified by the annual assessment of rolling stock of railway companies. The odds are the mandamus proceeding will amount to nothing at all.

The State charter the De Soto Lumber Company, of Asheville, capital \$100,000, Emory R. Lassiter and others stockholders. It is given the right to construct railways but under the law cannot operate these.

The cotton receipts in this market for the season ended August 31, were 19,553 bales, against 18,805 the previous season. The first bale was not received until last Monday, while in 1900 the first was received August 20.

The report of the board of Internal Improvements on the Atlantic and North Carolina railway is not yet ready. The directors do not meet until the last week in September.

The penitentiary report will not be ready until about the end of this month. Directors Jackson, O'Brien and J. A. Brown are in charge of the report.

The penitentiary has contracted to furnish 200 convicts in October to the "Three O's" railway. The latter wanted to obtain 600 in fact all it could get.

In Johnston county court today, R. H. Battle, T. B. Womack and W. M. Jones made a motion for the removal of the case of the American Electric Telephone Company against the Raleigh Telephone Company from Johnston to Wake county. The American Company put in the equipment for the Raleigh company and the latter claims it is not up to contract specifications. The American company at first applied for a receiver, but this was denied.

A 22 year old white man named Gray, born, was today brought to the penitentiary, for attempted outrage of a 10 year old child to serve a five year sentence. He is half-witted and it is said an appeal will be made for a shortening of sentence.

The State Superintendent of public instruction said today: "There are complaints about all the text book companies, says B. F. Johnston & Co., that they have not complied with the law and their contracts in the establishment of depositaries. Something must be done about this. The law will be rigidly enforced."

Have you a sense of fullness in the region of your stomach after eating? If so you will be benefited by using Chamberlain's Stomach and Liver Tablets. They cure belching and sour stomach. They regulate the bowels, too. Price 25 cents. Sold by F. S. Daily & Co.

Choose Extra Pork Sausages at Oaks Market.

Nathan's Important Article.

In an early issue of the Raleigh Evening Post, Doctor Nathan, the eminent Arctic Explorer, will describe the various pole seeking expeditions of the year. The importance of this paper lies in the author's comments, and his predictions as to the success of the different parties.

TO CLEANSE THE SYSTEM

Rectally yet gently when constive or bilious, to permanently overcome habitual constipation, to subdue the kidneys and liver to a healthy activity, without irritating or weakening them, to blood impurities, colds, fevers, eruptions of skin, made by the California Fig Syrup Co.

## POLLOCKSVILLE.

Heavy Rainfall. Cotton Opening. No Sick Horses. Personals. Arrested For Abduction. Wants to See "Guess".

September 4.—Last Wednesday evening about 4 o'clock, one of the heaviest rains for many years fell in this vicinity and also again last Saturday evening. People were unable to get home as bridges were afloat.

Cotton is opening rapidly now on the light lands. Picking is going on in some places, and the cotton buyers are already on hand ready for the first bale.

We are glad to report that there are no sick horses in this neighborhood. Those that were sick are dead and we hear of no more staggers around. Hope as we have no mosquitoes, it will not be so fatal as in the infested territory.

Mr. and Mrs. J. T. Griffin of Oriental, N. C., are visiting friends and relatives at this place. They arrived on the 2nd, last Monday.

Mr. T. S. Bender of this place has a cow that gives six gallons of milk a day, and it is thought by all who know her that she could be made by proper feeding still better.

Mr. Ike Barrus has also a very fine cow that gives five gallons a day. There are several other good milkers here in the place.

Dr. George R. Hughes has the best trotter in the county. His record is 2:40, but he beats all he comes in contact with, hence, we really don't know his speed.

Miss Clara Simmons of Catherine Lake, is visiting her brother, Mr. M. Simmons.

Mr. D. G. Koonce the only carpenter in the place, has given up his trade and accepted a position as sawyer at the new mill of E. T. and J. H. Bender & Co. up Mill creek. A big and good opening for a first class carpenter at this place.

Mrs. S. A. Hudson and son, Samuel, returned home last Saturday from a few weeks' outing at the seaside in Onslow county, very much improved in health and spirits.

Dr. O. J. Bender will leave this week for the exposition at Buffalo, N. Y., Niagara Falls, Montreal, Canada, and other places in Canada. He will be away several weeks.

Mr. Alex Barrus who has been at Dixon on the A. C. L. Railroad as relief agent, spent Monday night at this place visiting his mother. He left Tuesday morning for Scotts Hill to take charge of the office there.

There is not a case of sickness of any kind in our town. Still our two doctors are seldom to be found at home, they have all they can do in the country. There were six calls for one of them one day this week.

One Joe Green a white man from Onslow county, who has been living here for a month or more, left this morning before day, taking his wife and a 16 year old girl the daughter of Mrs. Winfield Scott with him up the railroad two miles to a flag station and then lay in wait for the freight train. But in the meantime Mrs. Scott was on their track, a warrant issued by Mr. Saml. Hudson, a J. P. for the girl, and placed in constable A. S. Lee's hands who soon had the girl in custody.

Green was arrested by constable Frank Jenkins at Mayville on the freight train brought back and taken before R. N. White, a J. P. on the charge of abduction, found guilty bound over to court under \$200, justified bond, failing to give bond was given in charge of the sheriff for disposal. They were making for Georgia.

For the benefit of our Gam Branch friend "Guess" will say, that have never had any mosquitoes to get rid of, nor do we remember ever feeding on nasty, itchy hay. As to where we buy our hay, will say that we buy some No. 1, Timothy from Barrus & Gray of New Bern, also some from our fat man Big Ike at this place, who always has a few carloads of No. 1, Timothy. Old friend come down to see us and renew your acquaintance, and refresh your memory as to us and ours. We know you did not mean to reflect upon us in any unkind manner. But would like for you to come down and see us now in the day of progress, at our town and our people are fully up with the times in most respects.

## Council of Red Men.

RALEIGH, Sept. 4.—Today the new officers of the Great Council of Red Men were installed here, at the annual meeting place of the order, those being Hill R. King of Raleigh, Great Sachem; W. H. Lane of Wilmington, Great Senior Sachem; E. T. Buckman of Washington, Great Junior Sachem; Walter L. Liddell of Charlotte, Great Prophet; W. B. Goodwin of Elizabeth City, Great Chief of Records; T. T. Whitcomb of Elizabeth City, Great Keeper of Wampum. The order has 1091 members in the State, a gain of 300 in a year. This afternoon the Red Men were given a barbecue and Brunswick stew at the fair grounds.

## Long Island's Potato Crop.

CUTCHEGUE, L. I., September 2.—The cheerful smile of prosperity for potato growers has broadened to an expansive grin, for not since the war of 90 odd years ago has the price of potatoes "out of the lot" been so high as this year—\$1.00 per bushel—and not since the oldest inhabitant can remember has the crop been so prolific and good as to quality.

A visit to the tremendous potato growing section of Cutchogue, Peconic and Southold, and the way that potatoes are being carted to the trains will open any one's eyes. There is a constant stream of wagons from sunrise to sunset all headed for the various stations. Cutchogue is the principal shipping point now, and the Cutchogue farmers are smiling and making money. Practically every load of potatoes that goes to the station means \$35.00 for the farmer.

It is estimated by a well-informed farmer that 16,000 acres of potatoes are planted in Riverhead and Southold towns, and the farmers have four horses on the diggers and have every man who wants a job picking up, sorting over and tying up potatoes. The sorting is quite a farce, as the commission men are so anxious to get the stock and get it quick, that they are not as particular as when potatoes are bringing only 50c per bushel.

Sid Darling, 1013 Howard St., Port Huron, Mich., writes: "I have tried many pills and laxatives but DeWitt's Little Early Risers are far the best pills I have ever used." They never gripe. F. S. Duff.

A never failing cure for cuts, burns, scalds, ulcers wounds and sores is DeWitt's Witch Hazel Salve. A most soothing and healing remedy for all skin affections. Accept only the genuine. F. S. Duff.

## To the Public!

After thanks for past patronage we desire to announce that on and after September 1st, 1901, Mr. J. J. Hart (whom you all know) will be found at our office to welcome his many friends, having been admitted to the the "Old Reliable Firm", which will continue under the style of

Yours sincerely,  
M. HAHN & CO.

## Accuracy and Exactness.

We do not guess about anything in our prescription department. We use accurate weights and measures. We also use exact methods in compounding the various components into the medicine as it is when ready to take. And then we are always precise in checking over the prescription as a final precaution to see for certain that everything is all right.

In other words we are going into details in this way, just to show you how thorough we are in every part of our prescription work. Thoroughness is exactly the word.

Our object is to get you to send or bring all your prescriptions here to be filled. We want and invite you to do this. C. D. BRADHAM, Druggist.
