NEW BERN, N. C., SUNDAY MORNING, SEPTEMBER 15, 1901.

TWENTIETH YEAR

## BACKACHE

SHOULD  
WARN  
WOMEN.

MISS LUCY ANNIE HEISER, OF MINNEAPOLIS, MINN.

Miss Lucy Annie Heiser, a graduated nurse of nine years' experience, trained and graduated from the Homeopathic Hospital of Minneapolis, Minn., writes as follows:

Albert Lea, Minn., Nov. 8, 1899.  
The Peruna Medicine Co., Columbus, Ohio:  
Gentlemen--"Although my school does not believe in patent medicines, I have found it to be a fact that Peruna is a grand and valuable medicine. I have known it to cure Mrs. Sampson, suffering with an inflamed womb, aggravated by malaria, after the doctors had failed to help her. Another of my former patients suffered with a complication of female diseases; she was so thin, nothing but skin and bones, but Peruna cured her and she is to-day in good health and good flesh. Facts prove that Peruna revives lost strength and restores to the sick that most wonderful blessing of life--health."  
Lucy Annie Heiser.  
From Mrs. Amanda Shumaker, who has charge of the Grammar Department

of the Public Schools, of Columbia City, Wash., also Past Grand of Independent Order of Good Templars. Dr. Hatman received the following letter:

COLUMBIA CITY, WASH.  
"I can speak only good words of the repeated benefits I have had from the use of Peruna.  
"Too constant application to work last winter caused me to have severe head and backache and dragging pains. I could not stop my work, neither was I fit to go on. Reading of the beneficial results from the use of Peruna I purchased a bottle and within a few days after using it, began to feel better.  
"I constantly improved and before the seventh bottle was completely used, all pains were gone, my strength was restored, and I now seem ten years' younger.  
"If I get tired or feel bad, Peruna at once helps me, and I feel you deserve praise for placing such a conscientious medicine before a suffering public."  
Mrs. Amanda Shumaker.  
Mattie B. Curtis, Secretary Legion of Loyal Women, Hotel Salem, Boston, Mass., writes:  
"I suffered for over a year with general weakness and debility, manifested especially in severe backache and headache.  
"My physician prescribed different medicines, none of which seemed to help me any until a club associate advised me to try Peruna, as it cured her of constitutional headache and stomach troubles. I at once ordered a bottle and before it was used, felt greatly improved.  
"I have taken four bottles and for two months have been entirely free from those maladies. Several of my friends are using Peruna with beneficial results, especially in cases of troubles with the kidneys and other pelvic organs, together with weaknesses peculiar to women."  
Peruna is a specific for the catarrhal derangements of women. Address The Peruna Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.

Mattie B. Curtis.

## ROOSEVELT IS PRESIDENT.

Took The Oath of His Great Office at Buffalo Yesterday.

TO CONTINUE  
MCKINLEY'S POLICY.

Mrs. McKinley Bears up Bravely.

The Signed Report of the Doctors. Funeral Arrangements are Complete.

Body to Lie in State at the Capitol.

Special to Journal.

BUFFALO, Sept. 14.—Theodore Roosevelt was sworn in this afternoon as President of the United States.

It was an impressive historical scene that took place in the library of the White House. Roosevelt wept as he took the oath that made him President. The oath was administered by Judge Hazle and in the impressive ceremony he was assisted by the members of the cabinet.

Immediately after the conclusion of the ceremony President Roosevelt held a cabinet council. He said that the members of the McKinley cabinet would hold their offices for the present. In the conclusion of the speech to the cabinet, Roosevelt said, "I wish to state that it shall be my aim to continue absolutely unblemished the policy of Mr. McKinley for the peace and honor of our beloved country."

The arrangements for the funeral of the dead President are complete. There will be services at the house of President Milburn tomorrow afternoon. A famous choir singer will sing, "Nearer My God to Thee."

Sailors from the battleships are ordered to re-inforce the marines here to act as an escort. The funeral train leaves this city Monday morning. The body will lie in state in Washington until Wednesday and will then be taken to Canton for burial.

Only the members of the family of the dead President and his cabinet will go on the funeral train. President Roosevelt will not go by that train. The War Department is ordering the massing of troops at Washington for the funeral pageant to be held at the Capitol.

Mrs. McKinley is standing the ordeal fairly well. Dr. Rixey and the nurses are in constant attendance upon her. She saw Roosevelt for a few minutes this afternoon and the new President whispered a few kindly words that brought a flush of pleasure to Mrs. McKinley's face. He bowed low and gave her a warm clasp of the hand and holding her hand until the interview was over Roosevelt bent and kissed her hand in parting.

President Milburn, at whose house Mrs. McKinley is still stopping, said, "Mrs. McKinley is standing the ordeal so bravely that our love and sympathy go out to her in overwhelming volume. She will be able to accompany the cabinet to Washington on Monday."

Late tonight all the doctors signed the following report:  
"The bullet which struck President McKinley's breastbone did not pass through the skin and did little harm. The other bullet passed through both walls of the stomach near its lower border. Both holes in the stomach were found to be perfectly closed by stitches but the tissue around each of the holes had become gangrenous. After passing through the stomach the bullet entered the back wall of the abdomen, hitting and tearing the upper end of the kidneys. This portion of the bullet track was also gangrenous, the gangrene also involving the pancreas. The bullet is not yet found."

New York, Sept. 14.—All the Excelsior were closed here and in other cities of this country, and also in England.  
Reports from all parts of the United States show that the same action has been taken there as in this city, private buildings draped in black, continuous tolling of bells, days at half-mast, these trees and other places of amusement closed. At the services of the churches throughout the country choirs will sing the favorite hymns of the departed President, "Lead Kindly Light" and "Nearer My God to Thee."

A. & M. College is Full.  
There are now 315 students in the A. & M. College at Raleigh. This is all the college can accommodate. A few vacancies will be made by students leaving from poverty or other causes and in this way there will be room for a few more students from time to time, but for only a few. President Winston says that new students should not come to the college without having previously written to ascertain if there is room for them. He says there is great demand for industrial education throughout the State, and that the A. & M. College would have a thousand students if it had room for them. Its greatest need now is for more dormitories and shop-rooms for wood-working and iron-working. It is a pity that boys seeking industrial education have to be sent back home. The State needs skilled labor in all lines, and it ought to provide simple facilities at the A. & M. College for all who come.

A. & N. C. Stockholders Meeting.  
The 47th annual meeting of the Stockholders of the Atlantic and North Carolina Railroad Company will be held at New Bern, N. C., the fourth Thursday in September 1901, it being the 25th day of the said month.

M. MAHLY,  
Secretary & Treasurer.

## GRIEF AT RALEIGH.

Capitol Closed and Draped in Mourning in McKinley's Memory.

Tributes by Governor Aycock and Senator Simmons. City Hall Draped. Mass Meeting at Noon and Resolutions of Sor-

row.

RALEIGH, September 14.—Yesterday, last night and today were marked by a sadness here which was personal in its character. Grief of the President's death, was profound, universal and sincere. Gov. Aycock, speaking of this, said nothing had more impressed him. He paid the highest tribute to the late President and said he had travelled considerably in the State since the President was shot and had heard only the tenderest sympathy expressed, without one discordant note. Senator Simmons paid to the memory of the dead President the greatest commendation.

The bells of the City Hall and all the churches tolled last night and many watchers then first knew of the end. The crowds at the bulletin boards were great. There was everywhere silence and solemnity. Indignation against anarchists is intense and the most sober citizens think the way New Orleans treated the mafia is the only proper way to treat these pests.

The capital was closed today, the flags draped in mourning and the building draped in mourning. The Council of State met at 9 o'clock. Gov. Aycock appointed Auditor Dixon and Attorney General Gilmer to draft resolutions to be submitted at another meeting this afternoon. Gen. Thomas F. Toon, State superintendent of public instruction, was appointed to represent the State at the funeral of the late President. The flags on the government building and on other public and private buildings were half-masted. The city hall is draped in mourning. At noon a notable large mass meeting was held in the city hall, at the call of Mayor A. M. Powell.

Sid Darling, 1019 Howard St., Port Haron, Mich., writes: "I have tried many pills and laxatives but DeWitt's Little Early Risers are far the best pills I have ever used." They never gripe. F. S. Duffy.

PRESIDENT BRYAN.

His Rejection as Head of A. & N. C. Railroad Assured.

Special to Journal.  
RALEIGH, Sept. 14.—It is learned from a member of the board of Internal Improvements that there is an question of the reelection of President Bryan of the A. & N. C. R. R. There has been no complaint of his conduct of affairs.

## RAMSAY IS SELECTED.

Admiral Howison's Successor on Schley Court of Inquiry.

WASHINGTON, September 13.—The Schley Court of Inquiry has been called to resume its sessions next Monday morning at 11 o'clock. There will then be a full membership. The vacancy created by the retirement of Rear Admiral Henry L. Howison was filled today by the selection of Rear Admiral Francis Munroe Ramsay, retired.

The selection of Admiral Ramsay, it is understood, will be agreeable to counsel for Admiral Schley, and there seems no reasonable prospect that he will be challenged. His appointment may not be regarded as a selection of the Navigation Bureau, for while Admiral Ramsay was Admiral Crowninshield's immediate predecessor, it is known that their relations have not been cordial, though not strained to a serious point.

In making the selection Acting Secretary Hackett adhered to his original purpose of securing an officer who had not been actively identified with the Spanish war. Admiral Ramsay retired four years ago last April and has since made his home in Washington.

WORTH WILL SUE.

Action Against the Guarantee Company. The Gold Brick Men.

RALEIGH, Sept. 14.—Ex-State Treasurer W. H. Worth informs your correspondent that he will at the approaching term of Superior Court here institute suit against the United States Fidelity and Guarantee Company of Baltimore, for the amount, \$10,000, which his clerk, W. H. Martin, stole from the State. Treasury Worth says that the company has not paid the slightest attention to his requests and demands for a settlement.

Rev. Dr. T. N. Ivory, editor of the Raleigh Christian Advocate, is preparing a complete "Handbook of North Carolina Methodism." He says it will cover the entire State.

Solicitor A. T. Brooks of Greensboro, who came here to see the Governor says that the three men convicted of trying to perpetrate the "gold brick" swindle upon Paul Garrett will be represented by their Chicago lawyer and two Greensboro lawyers before the Supreme Court. He says they have no sort of a chance, however.

TO CLEANSE THE SYSTEM

Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

WRETCH IS KNOWN.

He Caused the Railroad Accident. The I. O. O. F. Meeting. Methodist Hand Book.

RALEIGH, Sept. 14.—R. N. Hackett of Wilkesboro brings the news that the man who opened two switches on a railway near there last week and caused had accidents, has been discovered. He is a negro, Bud Parks, who not long ago was put off a train. He has fled towards Iredell county and a large posse of men is in pursuit.

Last evening a convict, a negro from Harnett county, serving a life term in the penitentiary for burglary, hid while the convicts were marching from the brickyard into the prison. At roll call his absence was discovered. Search was made. All his clothing was found on the ground, and soon the man was discovered, entirely naked, hidden in a great pile of wood. His idea in taking off his clothing was to cause the belief that he had secured other clothing.

Charles M. Busbee, of Raleigh, past Grand Master of the Sovereign Grand Lodge, I. O. O. F., has gone to the installing of that lodge at Indianapolis, and the following have gone as representatives from the Grand Lodge of North Carolina: B. H. Woodell of Raleigh; M. W. Jacobs of Wilmington; B. C. Gorham of Fayetteville.

Norris Silver, North Stratford, N. H.: I purchased a bottle of One Minute Cough Cure when suffering with a cough doctors told me was incurable. One bottle relieved me, the second and third almost cured. Today I am a well man." F. S. Duffy.

A. & M. College is Full.

There are now 315 students in the A. & M. College at Raleigh. This is all the college can accommodate. A few vacancies will be made by students leaving from poverty or other causes and in this way there will be room for a few more students from time to time, but for only a few. President Winston says that new students should not come to the college without having previously written to ascertain if there is room for them. He says there is great demand for industrial education throughout the State, and that the A. & M. College would have a thousand students if it had room for them. Its greatest need now is for more dormitories and shop-rooms for wood-working and iron-working. It is a pity that boys seeking industrial education have to be sent back home.
