AT THE HOME.

Canton Filled With Grief and Thousands Mourn.

Body of Late President Lying in State. Last Honors Paid Today. Mrs. McKinley Presiding. Anarchists Being Looked After.

Special to Journal. Canton, Ohio, Sept. 18.—The funeral train bearing the body of President McKinley arrived in the city at eleven o'clock this morning. A large weeping crowd was at the station as the train rolled in. The militia had to be called out to help keep back the multitude of people in the streets.

The body of the dead President was escorted by the guard of honor to the Court House where it rests in state. The sorrow felt here is unparalleled. The trains arriving are packed with distinguished people from all parts of the Union. The city is overcrowded with visitors. The work by the citizens continued all night in draping the city in black.

Throughout the night along the entire route remarkable scenes were enacted as the McKinley special train sped by. Miners rushed from the collieries to pay homage to the nation's dead. Women on their knees—with uplifted hands prayed. Some placed coins, silver spoons or other articles on the track to be passed over by the funeral train, to be kept as souvenirs of the event. On both sides of the track was a mass of humanity, and the roofs of the houses were covered with people with uncovered heads. Bells of the churches were tolled giving voice to the general mourning.

The McKinley home is undraped. It was feared that the constant signs of mourning would affect Mrs. McKinley. After lying in state in the Court House for the day the body of the late President was escorted to the McKinley residence at nine o'clock tonight. Over fifty thousand persons viewed the body today. The honorary pall bearers were selected by the family, Canton Post, of which President McKinley was a member, was the escort.

The body will be taken from the residence tomorrow morning to the Court House, to remain in state until 9 o'clock, the hour set for the services at the First Methodist Church.

The discourse will be made by the Rev. Mr. Manchester, the pastor, the discourse to be three quarters of an hour in length. The cortege will then proceed to Westlawn Cemetery where the body will be placed in the receiving vault.

The weeping along the route as the funeral procession passed through the streets was heart rending. Mrs. McKinley has at length given away and become prostrated. Her friends fear a complete break down. Before leaving for Canton, President Roosevelt called a special meeting of the Cabinet and formally requested all the members to retain their portfolios during the Administration, conditionally, if it is understood that their health will permit. Washington, Sept. 18.—Messages of sorrow upon the death of President McKinley were received from the Sultan of Turkey, and the Empress of China today. Trenton, N. J. Sept. 18.—Governor Voorhees received a letter today threatening him with assassination if he persists in running down the anarchists. Chicago, Sept. 18.—Emma Goldman, the anarchist, was arranged in court today and has bail fixed at twenty thousand dollars.

Honolulu, Sept. 18.—The London daily papers suggest that great memorial services be held in Hyde Park next Sunday in memory of President McKinley. If the suggestion is carried out it will be the greatest event of the kind that Great Britain has ever seen. There will be great crowds in Westminster Abbey and St. Paul's Cathedral tomorrow to attend the memorial services in honor of the dead President but they will be mostly made up of Americans who are abroad and of the high British government officials who will attend.

The Gulf Storm.

Special to Journal. Pensacola, Fla., Sept. 18.—The Gulf storm struck the coast today. Houses were blown down and crops destroyed. It is reported that many lives were lost.

Severe Railroad Accident.

Special to Journal. New Haven, Conn., Sept. 18.—The New Haven railroad express train collided with a freight train near here today. Three men and three women were killed and thirty five injured. The dead were buried into a field nearly one hundred feet away. Several cars were destroyed.

CASTORIA

For Infants and Children. The Kind You Have Always Bought.

RETURN HOME.

Governor Aycock and Party Back From Washington.

Engineer Ennis Has Good Chance. Reports From the Sheriffs. Exhibits at Charleston. A Georgia Exhibition.

RALPHAM, Sept. 18.—Governor Aycock, Gen. Toon and the remainder of the party which left here Monday evening for Washington returned at 7 o'clock this morning. Senator Simmons, Senator Pritchard, Congressman Kitchen and Col. Joseph E. Robinson, the latter officially representing the Governor, have gone to Canton.

News from the hospital here to which engineer Thomas Ennis of the Seaboard Air Line was taken yesterday after the accident near Kittrell, is that he will in all probability recover. The side rods which first broke tore off the engine cab and threw it to the left, clear of the track. The fireman jumped soon afterwards. He was on the tender and escaped with slight injuries.

Cold weather and a steady rain were today's features, and were unfavorable for crops.

The sheriffs of all the counties save 12 have made complete settlement of last year's taxes. Of the dozen all save the sheriff of Ashe have made partial payments. He claims that for several years the sheriff of that county has been allowed until October to settle. For this there is no authority in law.

The Supreme court today regularly took up the appeal docket from the 4th district.

Of the 185 gentlemen whom Gov. Aycock named to represent this State at the funeral ceremonies of President McKinley at Washington 135 telegraphed their acceptance. He is much gratified at this.

The cases for this State's exhibit at the Charleston exposition are completed. They are of native cherry, walnut and oak. The preparation of the exhibit for Charleston is well under way.

This State has sent some articles from the museum to the exposition at Tallulah Falls, Ga., which was formally opened yesterday. Governor Aycock was especially invited to attend but finds this impossible.

Don't wait until you become chronically constipated but take DeWitt's Little Early Biscuits now and then. They will keep your liver and bowels in good order. Easy to take. Safe pills. F. S. Duffy.

Supreme Court Opinions.

Special to Journal. RALPHAM, Sept. 18.—The Supreme Court filed the following opinions today:

- Rountree vs Blount, from Pitt, error.
- Ives vs Insurance Co., from Craven, no error.
- Frazier vs Frazier, from Greene, no error.
- Moore vs Mutual Reserve Fund Insurance Co., from Craven, and eight other cases against same defendants, all decided in favor of plaintiffs.
- Britt vs Manufacturing Co., from Pamlico, new trial.
- State vs Moore, from Pitt, new trial.
- Bowers vs Worth, from Halifax, affirmed.
- State vs Vaughan, from Hertford, no error.
- Hughes vs Pritchard, from Camden, appeal dismissed upon ground that it was premature.

The Weekly Crop Bulletin.

RALPHAM, N. C., Sept. 18.—The condition of cotton in North Carolina, as reported by the Department of Agriculture, is the lowest throughout the cotton belt, except in Texas and Arkansas. The weather conditions cannot further benefit the plants in this State, except that showers secure better maturity of the upper bolls. Cotton is opening very rapidly and picking has become general; the results of the first picking indicate a shorter crop even than anticipated; cotton gins are in operation and some new bales have been sold. Damage by shelling and rust has somewhat diminished during the past week. Corn has matured rapidly and cutting is under way. A large amount of fodder was saved during the past two weeks under favorable conditions; fodder pulling is nearly over in the eastern and central districts, but is still under way in the west. The cutting and earing of the late tobacco in the fields is being advanced as rapidly as possible, with good results; much tobacco has matured small and inferior. In spite of some rotting in central counties peanuts seem to promise a fair yield. Sweet potatoes yield a good average crop.

The Greatest Evidence of the dangers of cholera morbus, diarrhea, and dysentery is the increase in the death rate during the summer months. You cannot be too careful, and particular attention should be paid to the diet. A supply of **Pinkettes** should always be at hand for it can be relied on at all times as a safe, sure and speedy. A temperamental will cure any ordinary case. Avoid subjects, there is but one **Pinkettes**, Perry Davis. Price 50c. and 75c.

ARAPAHOE.

Grief Over The Nation's Loss. Series of Meetings. The Cotton Prospect.

September 16.—The people of our little town are grieved to hear of the sudden death of President McKinley after being so much encouraged in regard to his recovery by the newspaper news. Death is beyond the control of man, He is a monster that comes often and unexpected.

Mrs. Mary Trull of Dawson's Creek departed this life Saturday. She leaves three poor orphans to mourn after her—her husband having been dead some years ago.

The stagers among horses continues to do its fatal work. Mr. James Hardison and Mr. Noah Lee, both lost one last week.

Mr. Ward, a drummer was in town last Monday offering bargains to our merchants for their fall stock.

Rev. Mr. Rumley, the Methodist circuit rider of this district began a series of meetings at Arapahoe Saturday night and will likely continue this week. Mr. Rumley is very popular among his brethren and friends.

Mr. Goodwin of Pamlico visited town yesterday. Some of our neighbors are beginning to pick cotton, the outlook bids fair for one half of a crop, but we hope for a living price.

We highly endorse what your Bayboro correspondent said in regard to law making and proper enactment of law for men who are so easy to lose control of their better nature and will give the lie in as broad a form as was published in the Kinston Free Press. They certainly know very little of good moral government. J. B. B.

TO CLEANSE THE SYSTEM

Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

GUM BRANCH.

Cotton Picking in Progress. Good Wishes For Newly Married. Mormons To Remain.

September 15.—We had a good rain yesterday evening which was needed. Cotton picking has begun in earnest and we have picked some, but it has been very hot to pick it.

Bear hunting seems to be in order, but we hear of none being killed, some have killed "dear" instead.

Mr. Willis Ellis and Miss Ida Hewitt of Quincy, were married last Wednesday night, so we hear. As we were left out of the program we cannot give particulars, but just the same we wish them a long and happy married life, not too easy, for fear of vanity, not too rough for fear of misery, but just right so they may enjoy the life and society of all with whom they come in contact. Mr. Murrell says they have realized two hundred and ninety-eight dollars and ten cents from four acres, clear of warehouse and other expenses on his tobacco. We think this did very well for this year.

Rev. S. G. Sutton has returned to Catharine Lake and will again teach the school there and preach for Union Chapel. Mr. Sutton is a strong preacher.

A lady near here asked us to keep blowing about the road leading from Gum Branch to New Bern, through the woods until it is fixed. For the lady's benefit I hope it will be fixed, as for my part I don't care, for I don't use it. "Uncle Dave", an old colored man is saying say as he says it will bring a good price and we expect he has struck it.

The Mormons seem to have changed their minds about going to Idaho and they have rented and quit talking of going.

A drummer's horse ran away here a few days since and broke his buggy. Guess.

Norris Silver, North Stratford, N. E. I purchased a bottle of One Minute Cough Cure when suffering with a cough doctors told me was incurable. One bottle relieved me, the second and third almost cured. Today I am a well man." F. S. Duffy.

Kodol Dyspepsia Cure

Digests what you eat.
