TWENTIETH YEAR

NAPOLEON lost the battle of Leipzig from a fit of indigestion. How many battles do you lose in your business because you lack the supporting stimulating brace of good coffee. "Poor coffee, poor energy!" is the rule. Nature has her soft pedal down and you have no snap. If you want the loud pedal, the forceful power, the strenuous living, try Chase & Sanborn's Seal Brand Coffee. It will strengthen your arm.

In 1-lb. and 5-lb. The Case (air tight). Other high grades in richly-colored parchment bags (moisture proof).

THREE CASES.

Raleigh Has Three Sensations of an Unusual Character.

The Mayor Gets In a Bad Scrape. A Liveryman Sentenced. New Fusionists Left the Pen. The Cotton Growers Resolution.

RALEIGH, Sept. 26.—The penitentiary report was carefully studied by the Governor last night and today. It shows that the status of the penitentiary at the end of the fusion regime was very different from what the Fusionists reported it to be.

There was a local sensation here yesterday, growing out of the trial of five little white boys, daring thieves, who have committed many crimes here: They are to be sent to a reformatory.

Another sensation was the sentencing to 30 days labor on the public roads of a wealthy liveryman here for horsewhipping a drunken idiot who was cursing him in the presence of ladies. The judge would listen to no explanation, but said he regretted he could not sentence to 12 months. The liveryman was in a desperate situation, but finally the judge changed the penalty to \$25 fine.

A third sensation occurred last evening when three young white men who had telephoned to the mayor that he was wanted at his office, met him on the street as he was on his way there and one called him a liar. The mayor struck him, and he in turn struck and knocked down. One of the three went before a magistrate and swore out a warrant for arrest against the mayor and the young man who called him a liar. The matter is causing much stir and may lead to very serious consequences for the three young men, as the grand jury may take up the case and make it one of conspiracy against the mayor.

The action of the cotton growers' convention here is urging that no cotton seed be sold for less than 25 cents a bushel or exchanged at a less amount of cotton seed meal than 133 1/2 lb. for a ton of seed meals with popular approval. The convention by its committee, Gen. W. R. Cox, secretary of State Bryan Grimes and ex-Congressman J. W. A. waters this morning prepared an address to cotton growers setting their matter before them and urging unity of effort, as in no other way can the cotton seed oil trust be met.

Corporation commissioner S. L. Rogers has returned from the northwestern counties. He says the people are prosperous there and the country is full of grass, cattle and apples.

The State forester, William S. Ashe has returned from a tour in the western part of the State, where at the request of the United States Secretary of Agriculture, he investigated damage to farm lands, and particularly to river bottoms, by the great flood of May and that of August 5. He says the damage in that section is from \$3,000,000 to \$4,000,000 and on the Catawba river alone \$2,000,000; that vast areas of land at the river bends are swept away, gone forever, cut down to hard-pan, while other great areas are covered with sand from a foot to four feet and of course absolutely ruined. He does not believe deforestation caused the greater damage, but that the May flood came when the land was soft from recent cultivation and hence easily carried it away. He finds there have been other freshets as great. Old marks show this. He also finds that the water did spout out of the mountain sides, but that it burst cut of the over-charged channels which had springs. He saw plenty of signs that this too had occurred previously.

TO CLEANSE THE SYSTEM

Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

Our Ideas in the Orient.

MILWAUKEE, Wis., September 25.—Gen. Arthur MacArthur, who recently returned from Manila, was given an informal reception by the Chamber of Commerce yesterday and made a brief address in which he said, in part:

"To my mind, the beauty of our possessions at Manila lies in the planting of American ideas of beneficence in the Eastern world. We are planting imperishable ideas in the great Eastern country. We are carrying the doctrine of personal liberty there, and wherever the flag of the United States, in the process of just advancement is once planted it is going to stay forever.

"The conditions there are favorable for the ideas of a republic."

A STRICKEN FAMILY.

Will Apply to Court to Have Name of Czolgosz Changed.

BUFFALO, N. Y., Sept. 26.—"Woe unto the day that brought you into the world!" So said Paul Czolgosz today addressing his son, Leon F. Czolgosz, the assassin of President McKinley.

The meeting of father and son took place in the cell of the assassin at the County Jail. The scenes incident to the reunion of members of the Czolgosz family stirred the assassin into a demonstration of more emotion than he had previously shown since he came into the game of the world.

The father called at the jail accompanied by his daughter, Victoria, the rather pretty sister of the murderer, and by his son Waldeck. The old man upon whose family has come such shame was without the self-control of his son. His face reflected the intense mental anguish he was undergoing and his great grief gained the sympathy of those who saw it.

Since the shooting of the President the Czolgosz family has been treated as if plague-stricken. Its presence has been shunned, the sons have been discharged from their positions, and when members of the family appear publicly they are often hissed, hooted and subjected to all sorts of insults.

The old man groaned in his anguish as he walked through the gloomy jail corridors. The assassin was fully dressed and was sitting on the bench in his cell when the family arrived. He had been prepared for the meeting, but demonstrated no earnestness; neither did he appear ashamed. His sister Victoria was the first to greet him. With a pathetic little cry she ran to him, threw her arms around his neck and sobbed. The father stood erect, gazing at his son with a mingled expression of suffering and unrelenting anger.

Waldeck, the brother of the assassin, held himself well under control, but his grief was evident. The assassin alone was unmoved. The expression of indifference did not leave his weak face, and he received the reproaches of his father without a murmur of defense or an expression of regret. After taking some minutes in the Polish language, the three members of the family were led away with their handkerchiefs to their eyes, sobbing. Leon had declared to them that he alone killed the President. "I had no accomplices," he said.

Later Miss Czolgosz said it was the intention of the family to apply to the courts for permission to change the name. Then the family will go to some distant city, where its identity will be lost.

Norris Silver, North Stratford, N. H.: I purchased a bottle of One Minute Cough Cure when suffering with a cough doctors told me was incurable. One bottle relieved me, the second and third almost cured. Today I am a well man." F. S. Duffy.

The President's Reception.

WASHINGTON, September 25.—Secretary Cortelyou announced that President Roosevelt would not hold any official functions at the white house until the public reception on new year's day. After that date they will take place as formerly. The flag on the executive mansion will fly at half-staff and mourning paper will be used by the heads of departments for a period of thirty days.

Advance of Wages.

FALL RIVER, Mass., September 25.—The textile council tonight unanimously voted to instruct Secretary James Whitehead to address a communication to manufacturers asking that notices be posted in all the mills giving an advance of wages similar to that posted in the iron works and Bourne mills.

A never failing cure for cuts, burns, scalds, ulcers wounds and sores in DeWitt's Witch Hazel Salve. A most soothing and healing remedy for all skin affections. Accept only the genuine. F. S. Duffy.

Both Sides ask for Troops.

FRANKFORT, Ky., Sept. 25.—Governor Beckham has ordered out the Owensboro and Bowling Green troops to go to Madisonville. This was done in response to a report made by State Inspector Henry Hines, who has investigated the coal mining trouble. The inspector states that the request for troops was made by both the strikers and non-strikers, as they were not able to cope with the lawless element.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at F. S. Duffy & Co's drug store.

GOT 60 DAYS.

Assault of Mayor Powell Sentenced and Takes an Appeal.

SPECIAL TO JOURNAL. RALEIGH, Sept. 26.—In the Superior Court here today Edward S. Battle was convicted of an assault with Mayor A. M. Powell on the street last night.

Battle was sentenced to sixty days on the public roads. He appealed to the Supreme Court on the ground of excessive punishment and was required to give a justified bond for five hundred dollars.

The grand jury is now considering another case involving Battle and two other persons, to decide if there was a conspiracy against Mayor Powell.

Winter Crops in Russia.

St. Petersburg, Sept. 25.—A report issued by the Minister of Finance M. de Witte, shows that the winter grain crop in the Southwestern provinces is excellent, and that it is above the medium in Northern Caucasus and Finland. The winter crop is only mediocre in South-eastern Russia and in the Volga provinces. The spring crop is everywhere worse than the winter one on account of the drought.

ZORAH.

A Bridge That Needs Repairs. Union Meeting at Fruits. Personal.

September 24.—The hot dry weather of a few weeks ago has been followed by copious rains and a decided drop of the mercury. Temperature ranging from 58 to 76.

Gardens and potatoes were needing rain very much before it came.

Mr. and Mrs. L. G. Cason of Small, Beaufort county spent Saturday at our place.

Several of the Zorah boys who have been at work near Kingston have returned. Among them are O. C. O'Neal, Leon Whitford, Bryan Stillely and John Booth.

Messrs. D. O'Neal and Ransom Booth of Lenoir and Jones counties, were visiting at Zorah Sunday.

Dr. Dixon of Edward is attending Mr. Alex Toler who is quite sick.

There will be a Baptist reunion at Fruits, beginning Friday night. Quite a large attendance is expected.

Commissioner Fulcher was out examining bridges in the upper part of our county yesterday.

While the commissioners are examining bridges we trust they will not overlook the one across Neuse river. The butments have become worn down so that it is almost dangerous to drive on or off it. A few loads of shells at each end would fill the bill nicely.
