VOL XIX--NO. 168.

NEW BERN, N. C., SUNDAY MORNING, OCTOBER 13, 1901.

TWENTIETH YEAR

RALEIGH.

There are Five Local Counterfeiters Now in Jail.

Gov. Aycock in the Mountains Inspecting Park Reserve. Troops to go to Charleston. Books on N. C. History.

RALEIGH, October 12.—Five counterfeiters are now in jail here and one is under bond. At least three more are suspected and arrests may be made at any moment. This is all local talent that has made counterfeit silver coin and has passed it quite freely, as a lot of it is in circulation.

Secretary Bruner of the agricultural department returned today from the western counties. He says he had good success in securing specimens of minerals for display at the Charleston exposition and got many fine apples, 125 barrels in all, in Buncombe, Yancey, Madison, Watauga and Caldwell counties. He says he was three days with Gov. Aycock and the party of nine which is touring the "Appalachian National Park," that the party is having a delightful time and a most instructive trip and that all its members are profoundly impressed. One of the incidents of the tour was a supper at Ray's house, on the side of Grandfather mountain. Ray is a typical Scotchman and in compliment to his guests he appeared in his national costume and marched around the supper table, playing the pipes lustily.

Judge Winston is directed to hold next week's term of Pitt Superior court, in place of Judge Bryan, whose health is very feeble.

It is pretty well settled that a composite, 12-company, regiment will be made up out of the three regiments of the State Guard, to go to the Charleston Exposition in January, during "North Carolinians week."

Raleigh township this year raises \$13,839 for its public schools, and the county allows the township \$12,450 for the same purpose.

Attorney General Gilmer is at present making a special investigation into the matter of the inheritance tax.

Labor Commissioner Varner went to the Emerson gold mine in Davidson county, to investigate the death of a miner upon whom a great boulder fell while he was at work.

The State Library is now using all its available funds for the purchase of books about North Carolina or written by North Carolinians. Dr. Stephen B. Weeks, who now lives at Santa Fe, says he has 2200 such volumes and offers to sell the entire collection to the State for \$10,000.

Senator Simmons is here, having returned from Pamlico county. He gives a gloomy account of the crops in the eastern part of the State, estimating them at not more than 50 per cent of an average. He leaves tomorrow for a mountain tour.

Dr. Bull's Cough Syrup Cures a Cough or Cold at once. Conquers Croup, Whooping Cough and Measles Cough without fail. Best for Bronchitis, Hoarseness, Grippe, Pneumonia, Consumption and Lung Affections. Quick, sure results. Price, 25c.

Roosevelt's Southern Policy. WASHINGTON, Oct. 11.—Attorney General Knox made a verbal report to the President and cabinet today, regarding the result of his investigation into the Pacific cable question. His conclusion was that under the law of 1866 any domestic company could land a cable on the shores of the United States or of its possessions. The President and cabinet were convinced by the verbal report that no executive action is called for at this time.

The question of Southern appointments, generally, again came up and the President reiterated his policy of appointing Republicans, if suitable applicants could be found, and if not of appointing gold Democrats. His policy in this respect meets the approval of the cabinet. The appointment of Dr. Clayton to the collectorship of internal revenue in South Carolina was considered in this connection.

Lewis Ockerman, Gosden, Ind. "Dr. Witt's Little Early Risers never bend me double like other pills, but do their work thoroughly and make me feel like a boy." Certain, thorough, gentle. F. B. Duffy.

A fine lot of Poultry at the Oaks Market.

Hosiery Mills Burned. Special to Journal. RALEIGH, Oct. 12.—The Handelman Hosiery mill, located at Randleman, Handolph county, were burned today. They were owned by Newland and Baller. The loss is \$22,000, with insurance of \$15,000.

Waynes County—Newman Potts, Geo. Ogdell, B. F. Grady, Edward Holmes, D. W. Pascock, James H. Grant. Pitt County—John Bell, W. J. Teel. Beaufort County—Fenner S. Jarvis, W. J. Bullock, G. A. Spencer, John Edwards.

Greene County—Birtan Bagg, Andrew Jones, Alexander Taylor, B. W. Beaman, Herbert Potter. Hyde County—Geo. I. Watson. Lenoir County—J. W. Dalley, J. H. Newborn, Octavins Taylor, W. d. Mosley.

Kodol Dyspepsia Cure Signals what you eat.

CASTORIA For Infants and Children. The Kind You Have Always Bought.

Good Effects of the Canteen. WASHINGTON, Oct. 11.—Surgeon General Sternberg's annual report says: the health of the army was unusually good during 1900. Speaking of special diseases, General Sternberg says: "The steady decrease of late years in the consumption of alcohol among the men of the regular army is a thing for congratulation. Military officers may be said to be unanimous in their opinion that this is mainly the result of the establishment of the post exchange or canteen at military posts."

Reporting upon the study of yellow fever by a board in Cuba, General Sternberg says: "Experiments of a most interesting character demonstrated that yellow fever is transmitted to non-immunes by the bite of a mosquito. That yellow fever can also be produced by the subcutaneous injection of blood taken from the general circulation during the first and second days of the disease, that an attack of yellow fever produced by the bite of the mosquito confers immunity against the subsequent injection of infected blood; that yellow fever is not conveyed by clothing, bedding or merchandise soiled by contact with those sick with the disease, that a house may be said to be infected with yellow fever only when there are present in mosquitoes capable of conveying the parasite of the disease and that the spread of yellow fever can be most effectually controlled by measures directed to the destruction of mosquitoes."

TO CLEANSE THE SYSTEM Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

Canada to Challenge for Cup. HALIFAX, N. S., Oct. 11.—It is positively stated that A. J. Moxham, of Sydney, of the Dominion Iron and Steel Company, James Ross, of Montreal, president of the Dominion Coal Company, and other members of the Cape Breton Yacht Club have made up their minds to build a yacht to challenge for the America's cup. The yacht will be built in Canada and will certainly challenge for the cup either this year or next.

Fears For Miss Stone's Life. CONSTANTINOPLE, Oct. 11.—In compliance with a request from Washington the search by Ottoman troops for the abductors of Miss Ellen W. Stone, the American missionary, has been abandoned, it being feared that the brigands would kill her should they be closely pursued. Arrangements are now being made to pay the ransom demanded.

Will Honor Jefferson. ST. LOUIS, Oct. 11.—The Jefferson Club, a local Democratic organization, sometimes styled "The Tammany of the West," began an extraordinary pilgrimage to the tomb of Thomas Jefferson, near Charlottesville, Va., when its special train of 11 coaches drew out of Union Station last night. The excursionists numbered 350, all ardent believers in the Jeffersonian principles of government, and they will lay their tributes of devotion at the shrine of Democracy. They carry with them a monument of Missouri granite, which will be erected at Monticello to commemorate the visit of the organization.

It is an established fact that Cough is simply an effort of nature to get rid of some irritation, Carolina Cough Cure will directly effect this, by repairing the damage done to the tissues of the air passages in the lungs. You can't make any mistake in trying it, it is harmless and equally good for old and young. No one, no pay. 25c. at Bradham's.

THE MARKETS.

How to Cure for Your Eyes. Do not read in a bad light, as you are compelled to hold the print close, causing an extra strain on the muscles governing accommodation.

Do not work or read when your eye lids get heavy, this is nature's warning to rest your eyes.

Do not read in a reclining position. Do not hold your work or print closer than 12 inches, the closer, the more strain.

Do not delay having your eyes examined when you cannot use them long without burning, burning, inflammation or excess of tears, drowsiness and afterwards the headache, these are sure symptoms of eye strain, remember the muscles governing the eyes are the most delicate in the body and when you strain them it is very hard to get them normal with the best of skillful treatment.

Do not use any preparation or drug your friend suggests, in your eyes; generally it is worse than useless, find the cause, which is most always eye strain and is cured by suitable glasses.

Do not use spectacles unless they are prescribed by one skilled in Optics. More than one person has ruined their eyes by this cause, going crippled through life.

Do not use cheap lens as it is a serious mistake. Do not pay to have your eyes examined when J. O. Baxter, Jr., examines free.

Do not buy new frames, have new lens fitted in them.

Do not forget our Optical parlor is private, and equipped with all the instruments and means known to accurately adjust a pair of glasses, also I was examined and graduated in the oldest and highest Optical College in America.
