COFFEE SPURTS.

Advanced Nearly Half a Cent in Quotations.

New York, Oct. 21.—Coffee jumped nearly half a cent a pound today amid scenes of excitement rarely seen in the local Coffee Exchange.

The day by many brokers was considered the climax of a successful bull movement against the bears. On the bull side were marshaled the forces of Lewisohn Bros., now known to the coffee trade as the "metal crowd," and on the other the big importing firm of W. H. Grossman & Bro., who, it is generally known, represent the Woolson Spice Company, of Toledo, Ohio, the coffee end of the American Sugar Refining Company.

During the few hours of trading more than 187,000 bags of coffee were sold and prices were run up from 40 to 45 points when the gong announced the close of the market. For the past few days the coffee market has been unusually strong due to poor crop reports of next year's yield. The advance in prices for the leading speculative options now amounts to a cent a pound for the last week, and brokers were not unwilling to admit at the close of the market today that further advances could be looked for.

The excitement today was heightened by cables from South America stating that the drought had worked sad havoc on the season's crop. The most bullish news was circulated from the leading coffee markets of the world.

TO CLEANSE THE SYSTEM

No Delay Charleston Exposition.

CHARLESTON, S. C., Oct. 21.—The following announcement was handed to the Associated Press tonight for the purpose of correcting many misrepresentations which have been made by unauthorized persons in regard to the condition of the work at the Charleston Exposition. The work is farther advanced at this period, than the work upon any previous exposition held in this country and there is no reason why the exposition should not complete in time for the opening day.

"The board of directors of the South Carolina Inter-State and West Indian Exposition beg to announce to the people of the United States that the exposition will open on Monday, December 2, 1901, with a preliminary religious service at the exposition grounds, on Sunday, December 1.

"The principal oration at the opening ceremonies will be delivered by Senator Chauncey M. Depew, of New York. The board of directors feel assured that there will be no delay in the opening of the exposition."

Lowered Track Record.

Special to Journal. RALEIGH, October 22.—The races at the State Fair today were exciting. L. Banks Hollis' black horse "Giles Moberg," driven by Chapman, lowered the track record, making a mile in 2:16. He was entered in the 2:30 class.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of throat, and make sleep possible. It is good. Try it. For sale by F. S. Duffy & Co.

Duke Leads Tobacco Invasion.

LONDON, Oct. 21.—Developments are still moving fast in the struggle between the English and American tobacco manufacturers for supremacy in the trade.

J. B. Duke, leader of the American combination, who is in Liverpool, is reported to have said he would capture the British trade within the next four years or lose \$5,000,000 in the attempt. This challenge has been accepted by the foremost British manufacturers, who are marshaling their forces as quickly as possible.

Since the list of firms which have banded themselves together to fight the American invasion was published the English combination has received additional supporters. Other firms are expected to join when the struggle has begun in real earnest. For the present both sides seem to be playing a waiting game. The American invaders made a move when they granted the concession to retail tobacco firms to restock their brands, but English manufacturers regard it merely as a feint.

FAIR OPENS.

The First Day is Fine With Favorable Auspices.

Trial of Gold Brick Men. State Road Congress Called. Desperate Negroes Brought to Pen. Catholic Orphanage Water Supply.

RALEIGH, Oct. 22.—The 41st State Fair opened today under the most favorable auspices, with perfect weather, a great line of exhibits and a large attendance. All the departments are well filled. The procession formed at noon and was composed of the marshals, headed by their chief, Gen. W. P. Roberts escorting Gov. Aycock and other State officials, and Gen. W. R. Cox, the president of the fair; a battalion of the Agricultural and Mechanical College, 300 strong with its band and bugle corps; the fire department, etc. The city is gay with flags and drapery. At the grounds the Governor, after an introduction by Gen. Cox spoke, and afterwards reviewed the military. The cadets had a dress parade.

The "Midway" is of course a feature of the fair. In it there are 410 people; a larger number than ever before in the South save at Atlanta, it is said.

The Supreme Court today heard argument in the case against the three Illinois gold brick swindlers who were so adroitly captured at Greensboro by Paul Garrett of Weidon. Two lawyers, Blair and Gilmore, appeared in person for the swindlers and with them appeared W. P. Bynum Jr. of Greensboro Attorney General Gilmer appeared for the State.

In the Superior Court here Mrs. Mary Strong Calvert, a daughter of the late Hon. George V. Strong, was granted a divorce from her husband, John Calvert for abandonment.

Governor Aycock today issued a formal proclamation calling a State road Congress at Winston-Salem on Friday and Saturday of next week, at which time the Southern railway's "Good Roads" trails will be there. He will name delegates tomorrow.

Arrivals.—J. T. Anthony, Charlotte; Dr. W. R. Copeland, Anoka; J. M. Harry, Charlotte; H. G. Conner, Wilson; Benjamin Cameron, Durham; J. J. Laughlinghouse, Pitt county; R. H. Hicks, Rocky Mount; Graham Daves, New Bern.

Sheriff McDowell of Burke county today brought four convicts to the penitentiary. Two of them broke into a store at Morganton, stole \$10, two shot-guns 6 pistols, 13 razors and 10 knives, and 40 pounds of cartridges. They were pursued and captured on a mountain ridge. When taken they gave as an excuse for their theft of arms and ammunition that they had heard "a man called Goldosh" had killed the President and they were going after him. Directly after the arrest one of the men, handcuffed met his former school teacher and holding up to his view his manacled hands, said, "See here what you taught me."

Secretary Bruner of the agricultural department says the apple and pear exhibit from this State at the Charleston Exposition will be superb.

At the Catholic orphanage here a water supply of 5000 gallons daily has been provided and a steam laundry has been added to the equipment.

The appearance of the second volume of the North Carolina Regimental Histories is delayed by non-arrival of the half-ton illustrations.

The clay pigeon shoot now in daily progress at the Fair here is the largest ever given in this State.

Mr. John T. Crocker of Raleigh (formerly of Vance county) and Miss Laura Fleming of Mecklenburg county eloped and were married at Henderson. The bride has gone to her home. The groom is here. She will join him in a day or two.

Must Refund a Tax.

RALEIGH, Oct. 22.—This city has since 1898 charged liquor dealers whose places were in a mile of the city boundary a privilege tax. Judge Robinson decides this was illegally imposed and that the city must refund. The amount involved is about \$12,500. The city gives notice of appeal. Ex-Gov. Russell is of counsel for the liquor dealers.

DeWitt's Little Early Risers never disappoint. They are safe, prompt, gentle, effective in removing all impurities from the liver and bowels. Small as they are, they never gripe or distress. F. S. Duffy.

Prince Alexander Robbed.

HALIFAX, N. S., Oct. 21.—Prince Alexander of Teck, brother of the Duchess of Cornwall and York, was the victim of a robbery yesterday, a gold watch, an heirloom which has been in the family for generations, and a purse filled with sovereigns having been taken from his car on the royal yacht trip.

The ship sailed at 9:30 a. m. today with the Duke and Duchess of Cornwall and York on board. It was the farewell of the royal couple to Canada. A heavy snowstorm commenced soon before the ship steamed away.

Nothing New About Miss Stone.

WASHINGTON, Oct. 21.—There has been no report since Saturday at the State Department from Turkey or Bulgaria touching Miss Stone's case. The officials, however, are by no means discouraged and still believe that they will succeed in saving her life, but whether by diplomacy or by force is not clear.

It is gathered that the friendship of the Russian government has much to do with the confidence of the officials here. That government has responded in the most cordial spirit to the appeal to the State Department which, unable itself from geographical and political reasons to exert pressure upon the government of Bulgaria, has been pleased to avail itself of the powerful influence of Russia on that government. The Turkish government has for its part responded in the same spirit to the appeal of the United States and altogether the two governments, Turkish and Bulgarian, probably have been put to a degree of expense equal to the amount of the ransom demanded by Miss Stone's captors, in the military operations they have already directed in her interests.

Do you suffer from piles? If so do not turn to surgery for relief. DeWitt's Witch Hazel Ointment will soothe you quickly and safely, saving you the expense and danger of an operation. F. S. Duffy.
