SIR WALTER.

Movement Begun to Raise a Statue to the Great Englishman.

Money to be From Small Gifts. Roanoke Island Celebration. Rural Libraries. School Book Companies Meet.

RALEIGH, October 23.—The movement for a statue of Sir Walter Raleigh here in Nash Square which is in front of the Union railway station, is to be made a great one. The money will be largely raised by the school children of the State. The plan is that each child shall give one cent. Today the first gift was made. It was of 1,000 cents, from the school children of Durham county, by ex-judge Robert W. Winston, who deposited the money in a bank here. Julian S. Carr is the chairman of the committee of the State Literary and Historical Society which has charge of this notable movement for a statue of the famous Englishman. It is his plan to have the tobacco-sellers and the tobacconists in this State and country also contribute. It is freely predicted that in two years the statue will be in place here. Some persons say they believe the funds will be collected by the end of this year.

The attorney-general is asked the question whether game can be sold in this State during the close season. The movement for a great celebration at Roanoke Island next year, as nearly as possible upon the landing of the first colonists there in 1685, is taking shape. Gov. Aycock pledges the backing of the State, and there is reason to believe that Congress will next year pass the bill making a \$5,000 appropriation for a monument, the corner-stone of which can be laid next July, when it is the plan to have the celebration. A committee will soon meet here to make the preliminary arrangements. Maj. Graham Daves is its chairman. It is proposed to raise \$5,000 by popular general subscription to aid rural school libraries in the poorer districts. This afternoon and evening the State cotton-growers convention met in annual session. The North Carolina Confederate Veterans Association met this evening at the Capitol.

Gen. W. P. Roberts, the chief marshal of the State Fair, receives many compliments on his staff, part of which is made up of his old Confederate staff-officers, among these being Maj. John W. Gordon of Richmond, and Capt. Webb of Birmingham. These two had not met since 1865.

A great many men in public life are here, among them Congressman Small, W. W. Kitchen, Claude Kitchen and Post. Several of the representatives of the school text book companies are here in conference with the superintendent of public instruction regarding proper protection for their houses in the matter of the exchange of old books for new ones. Any book actually in use last year or this year will be received. What they desire is protection from dealers who want to get new books for old ones.

TO CLEANSE THE SYSTEM

Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

BEST FAIR YET.

Very Satisfactory Result. Ostrich Race a Great Attraction.

RALEIGH, Oct. 22.—The oldest Fairgoers declare that the State Fair now in progress is the largest and best ever held. The fairs of 1899 and 1900 were successes, but the latter a remarkable success, and that this fair should surpass it is particularly gratifying.

The ostriches are a great feature of the "Midway" and the trotting and running races by these great birds are novel and extremely interesting.

Dr. Bull's Pills for Liver Ills.

One pill a dose. Box 50 pills, 10 cts. Cure Constipation, Liver Troubles, Biliousness, Impure Blood, Dyspepsia, Female Complaints, Stomach and Bowel Disorders. Dr. Bull's Pills never gripe.

Eating a Pineapple.

A Florida fruit grower states that the natives of the pineapple district never think of cutting a pineapple across. They pare it, cut it lengthwise, slice it or eat, not with the trimmed crown as a handle, but it is much as a New Englander does his green corn, rejecting the core. This, the writer states, not only improves the flavor, but lessens the strings of fiber that get in the teeth.
