RALEIGH.

Attorney General Gilmer Goes to
Rex Hospital.

Bishop Cheshire's Sermon. Twenty
Five Aspirants After Late
Judge Fuller's Office.
Cummock Mine Out-
put. Plenty Birds
For Hunters.

RALEIGH, Oct. 28.—Attorney General R. D. Gilmer is very sick and it is believed has typhoid fever. He was today removed from his rooms at the hotel to the Rex Hospital. S. Brown Sheppard, Esq., will argue his cases in the supreme court.

Bishop Cheshire of this Episcopal diocese talked very interestingly yesterday to a congregation here about the work of the general convention at San Francisco. He spoke of the coming use of the Revised Version of the Bible, saying it was fully recognized that it was far nearer the true sense and meaning of the original than King James Version, owing to the great strides in learning in three countries, and said the end of the agitation would be that the clergy would be allowed the attentive use of the Revised Version.

Judge Purnell left today to hold a term of the federal court at New Bern. It is said there are 25 aspirants in this State for the judgeship in the court of private land claims made vacant by Fuller's death. Frank I. Osborne of Charlotte will be very strongly endorsed for it.

The output of coal, bitumens, from the mine at Cumcock is 100 tons a day. There is a ready sale for all. It is expected that by the end of the year the output will be 300 tons a day.

The Virginia-North Carolina Photographers Association meets here today, in the Senate chamber. Several delegates arrived Sunday and many more to-day.

The partridge shooting season begins Friday. As a general thing there are plenty of birds and they are well grown.

The shortness of the cotton crop in a larger part of this State's cotton belt excites more and more remark. One curious feature is that many persons do not believe the farmer's statements, and say they were deceived last year by the farmer, who said the crop was short. But the matter is serious this year; in fact a farmer said today it was deplorable. He cited one case in which only one bale will be picked on twenty acres.

Secretary Bruner of the agricultural department says its collection of exhibits for the Charleston exposition is practically complete, save for a few agricultural products. The specimens of cotton and tobacco are not of as high a quality as expected, but the general exhibit is up to expectations. By the end of the week shipments to Charleston will begin.

W. T. Wesson, Gholsonville, Va., drug gist, writes: "Your One Minute Cough Cure gives perfect satisfaction. My customers say it is the best remedy for coughs, colds, throat and lung troubles." F. S. Duffy.

It is an established fact that Cough is simply an effort of nature to get rid of some irritation, Carolina Cough Cure will directly effect this, by repairing the damage done to the tissues of the air passages in the lungs. You can't make any mistake in trying it, it is harmless and equally good for old and young. No cure, no pay. 25c. at Bradham's.

Death of Pulaski Cowper.

RALEIGH, Oct. 28.—Pulaski Cowper, for many years widely known in the insurance business died here this morning, aged about 70. He was a native of the Northeastern North Carolina, and his family is of much prominence. He was private secretary to Gov. Bragg, and was in official life during the war. He was from 1893 until his death connected with the North Carolina Home fire insurance company. He was of literary taste and wrote well. His health had been feeble for a year or more.

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm. Try it. For sale by F. S. Duffy & Co.

Restrained Sale Coal Mine.

RALEIGH, Oct. 28.—This morning Judge Purnell, on the application of S. A. Henney, issued an order to restrain the sale of the Cumcock coal mine, the matter to be heard Nov. 7. Henney says the present holder of the mine, took it for five years, giving certain securities, and were then to turn it over, while it was found that they intended to sell it today under the foreclosure of a mortgage. The amount involved is some \$200,000.

GUM BRANCH.

Like New Bern Tobacco Market. Marriages. Cotton Half a Crop.

October 28.—We have been informed that Mr. Wm. Rouse and Miss Mary S. Shinar of Kansas were married Wednesday evening. May you live long and happily together, friends.

Eph Thompson and Lily Tootle colored were also married Wednesday. I tell you, we had a big time serenading the couple.

We are having beautiful weather now and the people are making good use of it.

Messrs. B. B. Newbold and G. R. Venters of this burgh have carried some tobacco and shipped some to your town, and returned last night from New Bern and report good tobacco sales and good satisfaction.

Mr. E. Z. Barry returned from Kinston yesterday and reports good tobacco sales.

Mr. W. I. Taylor was around this a. m. with some very nice mullet and trout, trout brought 10c each, mullets 8 for 20.

Mr. H. D. Boggs is on jury duty at Jacksonville this week, but his salesman Mr. J. T. Barber has been carrying on business nicely.

Mr. Jas. King has purchased him a wheel and is learning to ride.

Cotton seems to be turning out worse than the farmers expected, hardly half a crop.

Arnold Humphrey, colored, who sold tobacco at New Bern expressing great satisfaction and said all who sold received a nice present. A few loads to bring good prices would turn all trade from around here to New Bern, especially if the new road was fixed.

Peace Not Near.

Pietmaritzburg, Natal, Oct. 28.—Lord Alfred Milner is not among those prophesying a speedy settlement in South Africa. Replying to an address he said: "a peaceful and prosperous South Africa; one great community under the British flag." "But," let us not count upon it coming in a hurry."

Lewis Ockerman, Goshen, Ind.: "De Witt's Little Early Risers never bend me double like other pills, but do their work thoroughly and make me feel like a boy." Certain thorough, gentle. F. S. Duffy.

Counterfeiters Captured.

RALEIGH, October 28.—The deputy marshals today captured and jailed two counterfeiters, A. T. Lowery, white, and William Cunningham, colored. Lowery was caught almost in the act of passing counterfeit silver and in his pockets were two pounds or more of dollars, half dollars and quarters. Never were there so much counterfeiting in this section as at present. It has come to be quite a fad among the criminals. There are now seven counterfeiters in jail here.

De Witt's Little Early Risers never disappoint. They are safe, prompt, gentle, effective in removing all impurities from the liver and bowels. Small, easy to take. Never gripe or distress. F. S. Duffy.

ROOSEVELT'S MESSAGE.

Will Be Briefer Than Any Yet Submitted To Congress.

WASHINGTON, Oct. 27.—President Roosevelt has informed the members of his Cabinet that he will read to them for criticism during the present week his first annual message to Congress.

This document is briefer than any message yet transmitted, and it will probably be compressed into still smaller compass. Mr. Roosevelt does not propose to burden the people by a lengthy document, the sight of which will appall them. It is his opinion that a message briefly but strongly discussing each of the important questions engrossing the attention of the country will be what the nation wants. Mr. Roosevelt has been furnished by the members of the Cabinet with data such as was given to Mr. McKinley, but he is paraphrasing it. Mr. Roosevelt does not write with a pen. He dictates, sometimes to Secretary Cortelyou, sometimes to Assistant Secretary Loeb and again to Assistant Secretary Barnes. His message is not, of course, completed. It will be necessary to revise it this week when he learns the views of his Cabinet, and events may cause changes and additions before it is finally transmitted to Congress.

TO CLEANSE THE SYSTEM

Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

The Northlight.

The Jury of Awards, appointed by the Fair America Exposition to consider the merits of Acetylene Generators, has awarded to us the HIGHEST GOLD MEDAL, scoring absolutely the highest number of points for simplicity, efficiency and safety, on the

Northlight Machine.

The jury consisted of Col. D. P. Heap, Chairman, Lieutenant Colonel of Engineers, United States Army, Prof. Geo. C. Pond of the University of Pennsylvania; and Prof. Geo. Shephardson of the University of Minnesota.

This is the third time that we have received the highest award at an exposition, having been thus honored at Omaha in 1898, and at Philadelphia in 1900.
