RALEIGH.

Governor Aycock Continues to Hold Educational Rallies.

Special Term Pitt County Court. A Real Evangelist. Warm Weather for Sport. Two Robberies Committed.

RALEIGH, Nov. 1.—Governor Aycock passed here this morning on his way from Weldon to Burlington. He was joined here by Auditor Dixon and State Superintendent Toon. All three make speeches this evening at Burlington, at an educational rally and flag presentation to a school. Commissioner of agriculture of Patterson also left today and went to Winston-Salem, to attend the road congress.

Judge Francis D. Winston was today ordered to hold a special term of Superior Court beginning December 9, in place of Judge Bryan, whose health continues so poor that he is unable to give any attention to business. This is the second special term of Pitt county during the present autumn, made necessary by Judge Bryan's illness. It was the request of the bar that Judge Winston be sent there.

The public printers today delivered the journals of the last Senate to the secretary of State.

State veterinarian Butler has gone to the negro insane asylum at Goldsboro to examine the fine herd of cattle there, and ascertain to what extent there is tuberculosis. It will be remembered that 42 of the 80 cattle in the herd at the insane at Raleigh were killed in September, having been found infected.

The negro State Fair has re-elected its officers; T. F. Donaldson, president and John H. Williamson, secretary. The State charters the Lambeth furniture company of Thomasville, capital \$25,000. The wonderful development of the furniture industry in North Carolina continues.

Evangelist Pearson will be here soon and will be greeted with real pleasure, as a genuine evangelist. He has in past years done a great work here.

The labor commissioner is at work compiling the returns from farmers, to be placed in the annual report.

The weather today was excessively warm for the season, the temperature being 80, but quite a number of sportsmen went out after partridges, the open season having begun today. Weeds are yet very rank, as there has been no frost worth mentioning. It will be found that there are fully as many birds as usual despite the very rainy spring and summer.

Nine counterfeiters are in jail here, to be tried at the December term of the federal court.

Two burglaries were committed in the suburbs of Raleigh last night, one at Caraleigh Mills. In both cases money and clothing were taken.

The Children's Friend.

You'll have a cold this winter. Maybe you have one now. Your children will suffer too. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky., writes "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup. F. B. Duffy.

The National Revenue.

WASHINGTON, Oct. 31.—Hon. Ellis H. Roberts, Treasurer of the United States. In his report of the transactions of his office, during the last fiscal year, says that the Treasury was never stronger than at the close of that period. The operations, which were of the first order both in variety and magnitude, resulted in noteworthy changes in the paper currency, as well as a steady and healthful growth of gold in the Treasury and in the general stock.

The net revenues for the year were \$387,685,537, an increase of \$20,444,485 over those of 1900, which were the next highest on record. The increase came from each of the heads of the resources but chiefly from the internal revenue.

Lipton's Welcome Home.

LONDON, Oct. 31.—Upon landing here today on his return from the United States, Sir Thomas Lipton was given a hearty reception.

Sir Thomas drove out to his suburban residence, "Osidge," at Southgate. An assembly of friends and neighbors met him about two miles from the house with a band, unharnessed the horses and drew the carriage home.

Responding to an address of welcome presented on behalf of the village of Southgate, he said he had hoped to drink from the cup in Southgate, but it had stuck in the spite of the jerk he had given it. "I mean to lift it yet," he said in concluding his speech of thanks.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did." says County Physician Geo. W. Scroggs of Hall County, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails. F. B. Duffy.

A tract of 300,000 acres has been secured in the valley of the Green river, in Sweet Water county, Southern Wyoming. Surveys have been made for a gigantic canal and irrigation system and construction is to be commenced at once. The prospective settlers are now being brought over to do the work. Crowds Honor Buller.

LONDON, Oct. 31.—Gen. Buller threatened to blossom into a British Bonaparte. He does not appear to court privacy or to discountenance demonstrations. He attended a theatre in London last evening, and when he was recognized and cheered he rose to his feet and bowed his acknowledgements. Outside the building Gen. Buller was mobbed by cheering crowds, and the police had to be called in to clear the street. Gen. Buller today proceeded to Aldershot, from whence he finally departs tomorrow.
