## RALEIGH.

Mr. Holiday to Marry an Heiress of the First Class.

Cranberry Bogs of Tyrrell County.

Governor Aycock Goes to Wilmington. Pension Lists Wanted. Republican Hoops are Worried.

Raleigh, Nov. 11. Attorney General Gilmer is sicker than is generally believed. He has had fever 80 days. His temperature ranges from 100 to 108. There are perhaps some kidney complications. He made a campaign in the east last year and malaria got a hold on him.

Cards are out to the marriage of Mr. Charles Bolling Holiday, son of Col. A. Q. Holiday, to Miss Swift of Wilmington, Delaware. The bride-elect is a great heiress and is said to have \$3,000,000 in her own right. The father of the groom elect, was the first president of the Agricultural and Mechanical College here, but now lives in New York.

The order of Railway Conductors in this division yesterday had their annual dinner, at which thirty were present.

State engineer J. H. McRee is here, having completed the boundary survey of the State's swamp lands in Tyrrell county. He says the cranberry bogs there, of which there are three or four, are full of berries, and that the old settlers claim those were not planted but have always been there. It appears that none of the berries are gathered.

There will be five volumes of the North Carolina Regimental Histories. The printing is being done by Nash Bros. of Goldsboro. The binding will be done here.

Governor Aycock leaves for Goldsboro tomorrow morning. He goes to Wilmington tomorrow evening and will spend Wednesday there at the convention of the Daughters of the Confederacy. He then returns to Goldsboro and will remain there until Saturday.

The Supreme Court will devote this week to the docket of appeals from the 13th district.

State Chemist Kilgore, professor of biology Stevens and professor of agriculture Bevelill left today for Washington to attend the annual conference of agricultural colleges.

A number of merchants in various parts of the State are writing the State auditor for the names of pensioners in their respective counties. They want these in order to sell their goods, and take up their pension warrants, no doubt at a heavy discount. The auditor refuses to give them the lists. He says he intends that the pensioners shall get all that is due them.

The Republicans are quite agitated these days regarding politics. Some of them are attacking Senator Fritchard. Others say it is folly to attack the "boss," who will certainly retain his control of North Carolina politics so long as he is in office.

The ex-strikers on the Seaboard Air-Line here are angry because six of the biggest advocates of the strike have gone to Spencer to work in the Southern railway shops at Spencer. The ex-strikers claim that the strike on the Southern is still on.

Miss Lula Woodell, daughter of B. H. Woodell, grand secretary of the Grand Lodge I. O. O. F., is dangerously sick here. She was attacked suddenly with spasms and had 17 of these in quick succession.

Reliable and Gentle. "A pill's a pill," says the saw. But there are pills and pills. You want a pill which is certain, thorough and gentle. Meakin's Gripes, Whitt's Little Early Biscuits fill the bill. Purely vegetable. Do not force but assist the bowels to act. Strengthen and invigorate. Small and easy to take. F. S. Duffy.

It is an established fact that Cough is simply an effort of nature to get rid of some irritation. Carolina Cough Cure will directly effect this, by repairing the damage done to the tissues of the air passages in the lungs. You can't make any mistake in trying it. It is harmless and equally good for old and young. No cure, no pay. 25c at Bradham's.

Guard Against Surprises.

MAINE, Nov. 10.—According to advices from Oatohagan, capital of the island of Sumar, Lukban, the insurgent leader has sent a message to General Smith declaring that he will not listen to negotiations for surrender until all the Americans have withdrawn from the Gandara valley.

General Smith has ordered every American soldier in the island of Sumar and the island of Leyte never to be without arms, even at meal times. It is determined that there shall be no more surrenders, and commanding officers will be held responsible. General Smith also directs that scouting must continue incessantly and that all rice and hemp captured must be destroyed. He considers the capture of Lukban only a question of a very short time.

## THE MEMORIAL.

Association Formed at Raleigh for McKinley Monument.

Special to Journal.

RALEIGH, Nov. 11.—The Central McKinley Memorial Association was formed today in the executive office at the Capitol.

Governor Aycock was chairman of the meeting, Willis G. Briggs, Secretary and Joseph G. Brown, Treasurer. The following were appointed as a committee to prepare an address and memorial to the State, calling for contributions toward erecting the proposed memorial: Governor Aycock, Richard H. Battle, C. J. Bailey, R. S. Gray and B. F. Dixon.

It is proposed to raise at least one thousand dollars in North Carolina for this purpose.

## Satisfaction for France.

PARIS, Nov. 10.—The French Foreign Office has announced that the Sultan has signed an irade for the execution of his engagements with the French government, and that the Franco-Turkish dispute is now at an end.

Tewfik Pasha, councillor of the French embassy in Constantinople, notifying him of the signing of the irade, which, while settling the original French demands, accepts the fresh demands as set forth in a dispatch to The Temps from Constantinople, Friday, and cabled to the Associated Press together with an additional clause by which the Sultan pledges himself to consider as authorized in full right the foundations, extensions, constructions and repairs of the schools and religious and hospital establishments which France may desire to carry out, if the Porte is advised of her intentions and makes no objection within five months.

## Escaped Convicts Robbing.

KANSAS CITY, Nov. 10.—None of the escaped convicts from the Fort Leavenworth prison was taken today, although armed guards and citizens kept up a steady hunt all day. Last evening three of the prisoners held up and robbed a man near Manhattan, Kan., but escaped and all trace of them was lost. One of the men is believed to be Frank Thompson, the notorious negro leader of the mutiny.

## THE RALEIGH MONUMENT.

Its Erection at Raleigh Planned. A Committee Named.

Special to Journal.

RALEIGH, N. C., November 11.—The plan to erect at Raleigh a monument to Sir Walter Raleigh, whose name is forever united with the early history of Carolina and after whom the Capitol is named, has taken definite shape. It is proposed in the first place that every boy and girl in the schools of the State be asked to subscribe one cent each toward the monument. This will make quite a sum in itself. Several towns have already sent in word that the scholars are pledged to this amount, and New Bern is among the number.

A committee of prominent men in all parts of the State have been named to promote the undertaking, those on the committee from this city being Mr. J. Graham Daves and Dr. Geo. Stover.

As the matter progresses there will be a plan of action laid out and made known to the public. It is a grand object, one to excite the interest and enthusiasm of every one. Outside of the natural interest that the State has in Sir Walter Raleigh, he was one of the greatest men in history, in nobility of character and determination of purpose, and worthy of a monument in any land.
