Attention Sportsmen!

The attention of duck and quail hunters is directed to our line of guns and ammunition. The celebrated Winchester and U. M. C. shells are the best, we do not carry any of the so called "just as good". Your attention is especially called to our double barrel hammerless gun for \$93.00 original price \$45.00. Single barrel gun at \$55.00. A good double barrel gun at \$85.00. Good sport is impossible with poor guns and ammunition, the experienced hunter knows this and comes to

TO MOVE SLOWLY.

Senate Likely to Reduce War Taxes Without Abolishing Entire List.

WASHINGTON, Nov. 11.—Conservation, caution and delay will be the policy of the Senate on all matters affecting tariff revision, reduction of internal revenue taxation and reciprocity.

All reformatory legislation emanating from the lower branch of Congress will be toned down and pruned of radicalism. The policy of the Senate will be as follows:

1. To make further reductions in war revenue taxes, but not abolish the entire list. A reduction of \$30,000,000 or \$40,000,000 will be made at this session. If prosperous conditions continue remaining taxes can be abolished later. There is apparently no disposition to remove the tax on bucket shops or to remove the inheritance tax.

2. To consider and discuss tariff revision thoroughly and carefully, but take no present steps to make it operative. There is a considerable revival of sentiment favorable to the establishment of a tariff commission. The plan would be to have this commission study economic questions and suggest desirable lines of legislation. In this way the tariff would eventually be eliminated as a factor in politics and constitute a lessening danger to commerce and business interests.

3. To devise method whereby reciprocity in trade can be effected by legislation and not by negotiation of treaties. Serious objections exist as to each of the 23 treaties now awaiting ratification by the senate. Each contains a "stinger" which will prove detrimental to some American industry. The principle of reciprocity is unanimously indorsed, but it must be on a basis of equity. A reciprocity commission may prove an easy and satisfactory solution of the perplexing problem.

It is the intention to consider plans for reducing the large Treasury surplus, but the present sentiment is that Secretary Gage can handle this feature without assistance from Congress. If no other course is open the surplus can be applied to paying the national debt, which is still large enough to justify reduction.

The Children's Friend.

You'll have a cold this winter. Maybe you have one now. Your children will suffer too. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky. writes "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup. F. S. Duffy.

Supreme Court Opinions.

Special to Journal.

RALPHIGH, Nov. 13.—The Supreme Court filed the following opinions today:

Vanderford vs Foreman, from Rowan, affirmed.

Olement vs Ireland, from Davie, affirmed.

Worth will case, from Randolph new trial. Involves will of John M. Worth, property worth quarter of million.

Parrish vs Graham, from Durham, error.

Carr vs Smith, from Durham, new trial.

Jeffries vs Railroad, from Franklin, affirmed.

Jerman vs Gullidge, from Anson, error.

Wooten vs Railroad, from New H. in over, petition to reappear dismissed.

State vs McDowell, from Robeson, new trial.

Apple Crop in Denmark.

COPENHAGEN, Nov. 11.—The fruit crop in Denmark is nearly a failure this year. Apples are especially scarce and selling at wholesale as high as 15 cents a pound. Some of the commission men in Copenhagen will try to import American apples. They complain, however, of the packing and terms of sale in New York.

Russian apples are carefully packed in excelsior in large boxes and will stand shipping and storing a long time. The American apples, packed in barrels, do not keep well. Danish buyers say that many American apples would be sold here if packed in the Russian manner. They also complain that New York houses demand cash payment before shipment, and ship goods at buyers' risks. American apples can now be had in Hamburg from 74 to 86 marks a barrel; in Hull, 97 to 98 shillings.

CRIME RECORD.

The Various Criminal Acts Since 1899 Classified.

Mitchell County Schools. Scheme From South Dakota by Holders of Bonds. Nine Tramps Captured. Revival Planned.

RALPHIGH, Nov. 12.—A summary of the criminal statistics of the State since their collection began in 1899 has been made by your correspondent. It shows that during that period 90,430 criminal actions have been disposed of. Of the defendants in these 48,603 were white, 41,689 negroes and 209 Indians. Of them 748 were charged with murder in the first degree, 233 in the second degree, 108 with rape, 131 with arson, 323 with burglary in the first degree, 154 in the second degree, 163 with manslaughter. There were only 13 legal executions, out of 1290 capital cases, or less than one in 100. There 18 lynchings, of the persons lynched 10 were whites, 8 negroes 10 were charged with murder, 3 rape, 4 rape and murder, 1 abduction. The proportion of the race is 1 white, 4 negroes; that of crime is as 5 black to 6 white.

The State Superintendent of public instruction has completed the reports of county superintendents for 1901, save as to Mitchell county. The books of that county were all swept away by the flood last May. The number of white boys this year is 231,375 against 223,699 last year; white girls 318,056, against 314,459, making the increase this year in number of children of school age 10,000. The enrollment of white boys is 151,576, against 140,189 last year; and of white girls 189,602 against 190,256, making the increase in enrollment 19,731. The average attendance this year is 172,372, against 142,418 last year. This shows the remarkable increase of 29,859.

There was some comment here today on the application for leave to file a complaint on the part of the State of South Dakota, against this State to sell the North Carolina railway in order to pay the holders of Western North Carolina. It is the belief here that the persons who hold W. N. C. R. R. bonds (repudiated by the people by a vote) made a dummy transfer of them to South Dakota, as they could not sue the State, while South Dakota can bring suit. One thing is certain and that is that the suit will be an immense aid to the Democrats in their next campaign. The suit amounts to nothing. The bonds in question are worthless. The people of the State have so declared by an overwhelming majority. Perhaps a score of schemes have been attempted by the holders of the bonds, who of course got them for a song.

Miss Pearl Elliott of Hickory, whose marriage to M. C. Sherrill of that place was frustrated here two weeks ago by the president of the college she attended in this city, went to Salisbury last night with her father and was there married. Mr. Sherrill is a son of M. O. Sherrill, State librarian.

The police made a raid this morning and captured nine tramps in the suburbs of Raleigh. All will be put at work on the roads.

"Preparation meetings" are being held this week, to prepare the way for a great revival which evangelist Pearson will begin next Monday.

The annual chrysanthemum show was held here today.

TO CLEANSE THE SYSTEM

Effectually yet gently when costive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

Spices.

Good Spices. Spices that cost a little more than those you generally get at the grocery store, but what does a fraction of a cent amount to compared with a jar of pickles that are "just right." You yourself know that in pickling, or in cooking you can't expect best results unless your spices are good. Let us supply you with these necessities this year. At Bradham's Pharmacy.

Stamped Linen Reduced.

We have named special low prices on our new stamped linen, small pieces from 4c up. Also Embroidery Silk in all desirable shades, at 4c per skein. BARFOOT'S.

Pears, Oranges, Apples, Grapes and Bananas, at McSorley's.

Laxative Tasteless Chili Tonic.

A tasteless combination of tonic—laxative—Iron and Quinine—not only a sure cure for all forms of malaria—but a general system tonic—quieting the nerves and promoting digestion.

Numerous testimonials of its efficacy in sluggishness of the digestive tract are given.

Every bottle warranted—if you are not benefited your money will be refunded. 50c. at Bradham's Pharmacy.

Hyacinth Bulbs.

The tickets are sold on the certificate plan, which is, that one full fare of \$3.10 is charged to go, and the purchaser is given a certificate, which when properly endorsed by the secretary of the Convention, that the holder was in attendance will enable them to procure a return ticket at one third the regular fare.

Special Notice.

We are having the entire front of our store taken out to make way for our new French glass window, but this will in no way interfere with our regular business. BARFOOT'S.

The most troublesome and by far the most common error of the eye is Hyperopia or far sight. It is generally caused by too short diameter, causing the entering rays of light to focus back of the retina. This would indeed be a sad state of affairs had not nature furnished some means to correct it. An extra amount of nerve forces is sent which causes a greater contraction of the muscle governing the lens in the eye making the lens more convex, thus focusing the natural divergent rays on the retina. The sight is not impaired only when the error is so high the muscle cannot overcome it, so only the low errors cause the distressing symptoms such as headache, inflammation, sore lids, styes, falling out of the eyelashes, generalis, cataracts, squint or crossed eyes, etc. the remedy is convex lens or spectacles, which furnishes the lens with the convexity desired, and allows the nerve power unobstructedly expanded in this way to go to the other parts of the eye, which has been denied this power, thereby relieving the strain and curing the troubles flowing from the error.
