RALKIGH, November 16-The Suprem aurt will devote next week to the apeals from the 13th district. This is the rst of the four new districts.

What one time threatened to be a disstrous fire occurred in the northern part of the city near the Seaboard Airine round houses early this morning. Five dwellings were at one time on fire, but all save two were saved. One of the houses belonged to Mrs. Beaumann and

A rumor is in circulation among the railway people that the proposed suit by South Dakota against this State, involving the payment of \$300,000 of Western North Carolina railway bonds will not materialize. Nobody here thinks much of this matter. Certainly the State offidals do not.

It was the Cat.

LOCKPORT, N. J., Nov. .13-An innocent cat caused a great deal of trouble to the International Traction Company and the Magara Falls Power Company last night. Puss climbed a trolley pole on the Buffalo & Lockport Railway, at Hoffman, west of here, and tried to walk on the feed wire. Her tall touched the parallel wire that carried the current billious, to permanently overcome hab-back to Ningara Falls. There was a flash that could be seen for miles as the 24.000. Its live could be seen for miles as the 24.000. that could be seen for miles as the 24,000 volts of electricity passed through her body. Puss was burned to a crisp.

Her body fell across both wires. This Syrup of Figs, made by the California Tex. Pac 41 short-circuited the current, and a fuse Fig Syrup Co. burned out at the Mingara Falls Power House. The power was immediately cut off, and it was two hours before the cause of the trouble could be located and the charred remains of puss be removed from the wires. In the meantime the electric rallways and atrect lighting plants in a dozen towns in Western New York were without power.

A Knight Templar Praises Peruna

Colonel T. P. Moody, a prominent Knight Templar, is well known in every city in the United States west of Buffalo, N. Y., as a Jeweler's Auctioneer. In the city of Chicago as a prominent lodge man, being a member of the K. T.'s and also of the Masons. The cut shows Colonel Moody in the costume of the Colonel Moody in the costume of the Oriental Consistory Masons, 82d degree. In a recent letter from 5000 Michigan avenue, Chicago, Ill., Mr. Moody says the following:

"For over twenty-five years I suffered from catarrh, and for over ten years I suffered from catarrh of the stomach

"I have taken all kinds of medicine and have been treated by all kinds of doctors, as thousands of my acquaintances are aware in different parts of the United States, where I have traveled, but my relief was only temporary, until a little over a year ago I started to take Peruna, and at the present time I am better than I have been for twenty years
"The soreness has left my stomac

entirely and I am free from indigestion and dyspepsia and will say to all who are troubled with catarrh or stomach trouble of any kind, don't put it off and suffer, but begin to take Peruna right away, and keep it up until you are cured, as you surely will be if you

"My wife, as many in the southwest can say, was troubled with a bad cough and bronchial trouble, and doctors all over the country gave her up to die, as they could do nothing more for her. She began taking Peruna with the result that she is better now than she has been in years, and her cough has almost left her entirely. The soreness has left her lungs and she is as well as she ever was in her life, with thanks, as she says, to Peruna. Yours very truly, T. P. Moody.

Catarrh assumes many forms and at-tacks many organs. Colonel Moody had catarrh of the stomach, while his wife had catarrh of the lungs. Both were cured by Peruna, simply because catarrh is catarrh, wherever located. It may attack one organ or another. It may be chronic or scute. It may cause one a slight inconvenience or great suffering.
