NEVER IMITATED

**An Excellent Combination.**

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system, effectually dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

**Headache.**

The following is quoted from a late work on the diagnosis and treatment of the diseases of the eye, by Edward Jackson, A. M., M. D.:

"It ought to be universally recognized that eye-strain is the common cause of headache. Aside from headache produced from fever, locomotor and organic disease of the brain and its membranes, eye-strain is almost invariably a factor in the production of headache. The head ache of eye-strain is not of any special character—it may be constant or intermittent, slight or severe, felt only on the use of the eyes, or felt after their use, continuous or recurring irregularly or at certain intervals. It is aggravated by many other causes, such as hunger, exhaustion, exposure to heat or cold, or indigestion, or it may be seen entirely independent of other influences. In the majority of cases eye-strain is not the only factor in the production of headache, but it may be the only factor of practical importance but it alone can be removed, and its removal will give relief. Such headaches are generally felt in the frontal, temporal or occipital regions."

Head the above again, and remember that eye-strain is relieved by glasses properly fitted. We are in every way equipped for scientifically testing the eyes and determining the right glasses. In every case ABSOLUTE SANSPECIFICATION is GUARANTEED. Prices are as reasonable as good work will justify.

**Letter of Great Interest at This Time on Electric Light Question.**

Philadelphia, Pa., Nov. 26, 1901.

To the Mayor and Board of Aldermen, City New Bern, N. C.

Mr. J. J. Tolson, Clerk.

Dear Sir:—As agreed I have gone over your plans for the installation of an electric light plant for your city. Specifications will be forwarded you in a few days. I am convinced that a plant for the arc and incandescent lighting can be put in complete and in first class up-to-date shape for sixty-five arc lamps and 1200 incandescent with power to operate 25% additional light for the appropriation you call for, namely, fifteen thousand dollars. Very truly yours,

C. B. WOOTEN,  
Consulting Engineer.

**Last Day For Registration.**

Today is the last day when any citizen can register, so that he can vote in the election to be held December 3rd, on the question of lights for this city.

Let every one who has not registered do so early today.

**At the Opera House.**

A large audience filled the opera house last night to witness the presentation of the three act comedy drama, Married for Money.

The play is not one demanding any special analysis, it is in a degree hysterical with its ridiculous, but laughable situations, all of which seemed to be enjoyed last night, judging from the almost continuous laughter.

The entire company did well in their several parts, giving a well rounded presentation.

Tonight, the pastoral comedy of Our Dorothy will be given by the same company. Reserved seats at Bradham's without extra charge.

**People Believe In It.**

It has been cynically said that anything can be sold by advertising nowadays. This is not so. Many liniments have been advertised but only one—Perry Davis' Painkiller—has stood the test of fifty years' use. Today its popularity is greater than ever and is based not upon what anybody says but upon what the remedy does. There is but one Painkiller, Perry Davis'.

**Tickets for Foot Ball Game.**

**COVE.**

Money Enough to Paint. Telephone Poles Going Up. Sympathy for Mr. Bender. The Fruit Basket.

November 22.—Our Conversational and Basket party was a success. There was a large crowd present and all seemed to enjoy it immensely, especially all who had their fortunes told. If anyone should desire their fortunes told, call at Cove. The proceeds raised were sufficient to paint the school house which will add very much to the appearance of our little place.

We see the other itemizers are calling for teachers, we are lucky, we have two here, Miss Bertha Tucker of New Bern, and Miss Stella Ingram, of Newton Grove.

Messrs Hoopes and Hamilton, U. S. Geological surveyors, are coming here this week, finishing up the work.

Mr. DuRant and children, of Cove, spent Saturday and Sunday in New Bern visiting friends.

Mr. F. W. White has sold his stock of goods to Eshbanks and McCoy.

Mr. Foshes, representing Rand McHally & Co. spent the day in Cove.

The telephone company is between Cove and Tuscarora putting up poles for their line.

When you stop in Cove call at Cove Inn, L. F. Taylor, Prop.

Mr. W. D. Lambert and family formerly of Dudley, N. C., have moved to Cove and Lambert is employed on the railroad here.

We are sorry to hear of the sad accident which occurred at Pollockville, we all sympathize with Mr. Bender in his sad loss. May little Ruth rest in peace, for we know she is a sweet angel in Heaven.

Mr. S. D. White spent yesterday in New Bern purchasing good for the firm of White Bros.

There was a basket of fruit voted off at the basket party, for the most popular young lady in Cove, Miss Katie Taylor received this basket of fruit.

The price of wood here now are as follows: pine per cord \$1.50, oak \$1.75, oak \$2.25, there seems to be plenty here.

Mr. E. T. White has purchased from E. W. Smallwood about one hundred dollars worth of wire fencing which he has placed around his plantation.

**Unaccountable Suicide.**

Kinston Free Press, N.C.

Intelligence reached Kinston this morning of a very sad and horrible occurrence in Woodington township, this county yesterday afternoon. Miss Lena Turner, daughter of Mr. and Mrs. Kili Turner, while no one was in the house but herself and aged mother, told her mother that she was going to commit suicide. She secured a bottle of carbolic acid that was kept in the house for the purpose of administering to stock, and before she could be prevented by her mother, drank half of the contents of the bottle. Mr. Turner, working about 300 yards from the house, heard his wife's screams and came immediately, but when he arrived, so quickly the deadly drug got in its work, the unfortunate woman was unconscious, and a few minutes later, before any antidotes could be administered, was dead.

There is no apparent cause for the suicide. She was about 35 years of age and was highly thought of in the community. She was in apparent health, always cheerful and seemed to enjoy life, and her horrible act is a great surprise and shock to the community in which she lived.

**Reliable and Gentle.**

"A pill's a pill" says the saw. But there are pills and pills. You want a pill which is certain, thorough and gentle. Menstrual gripes, DeWitt's Little Early Risers fill the bill. Purely vegetable. Do not force but assist the bowels to act. Strengthen and invigorate. Small and easy to take. F. S. DUFFY.

**Pup Will be Back.**

The pointer puppy advertised by Mr. Ed Hancock as "lost, strayed or stolen" has been located. The young son of one of our attorneys, finding him on the street, took a fancy to the animal, a handsome one, and took him home to his mother. Not desiring to make a collection of dogs and cats the puppy was turned over to the cook with instructions to be taken care of and will be restored to his master this morning, who will please take notice.

The bear was a small one, weighing 110 pounds and was sold to the Oaks Market to be cut and sold for bear steaks. The Oaks Market has the bear trimmed with red ribbon, thus presenting the true New Bern colors of black and red. The bear will be on exhibition today before being cut up.

Their hunting grounds were near Crockett on the plantation of Ex-Congressman B. H. Dunn on Blount's Creek. They reported a fine time and in addition to what the party ate on their trip, they had on the party with them 100 squirrels, 3 deer, 50 duck and 40 quail. The party consisted of Messrs. W. H. **Rev. I. R. Hicks is Not Dead.**

Notwithstanding a widely current rumor that the Rev. I. R. Hicks was dead he never was in better health, and never did a harder and more successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his Journal, Word and Works, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer and forecaster of storms and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drought this year having saved the people from loss and suffering millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 200 pages is only 35c, and his splendid family journal is only one dollar a year including the Almanac. Send to Word and Works Pub. Co., 2201 Locust St., St. Louis, Mo.

**INTO THE PEN.**

Sheriff Takes John Thompson and Wm. Mitchell to Raleigh.

Sheriff Biddle yesterday morning took two prisoners to the State Prison at Raleigh, assisted by Mr. A. J. Whitford of No. 3 township. One prisoner was white and one colored.

The white prisoner was John W. Thompson who was responsible mainly for the big sensation when 13 prisoners escaped from the county jail by falling through the window bars and walking out of town on a Sunday afternoon. Thompson was the leader of the gang, and was the only white man in the crowd. Ten of the prisoners were afterwards caught, the biggest haul being that of Thompson and four or five others who were making for Wilmington. On examination Thompson was pronounced insane and was taken to Raleigh to be confined in the penitentiary with the original insane but there was not room to receive him and he was brought back to New Bern and has since been in the county jail. At the last session of court the Thompson case was brought before the court and he was sentenced to 18 months in the penitentiary.

The second prisoner was Wm. Mitchell sentenced to five years as a horse thief. Mitchell worked for Mr. J. W. Bowen of Bachelor and during the absence of his employer drove off with the horse and sold the animal at Lima. On Mr. Bowen return he found man and horse missing and started in a pursuit that finally ended in the recovery of the horse and arrest of the criminal.
