NEW PLANS.

Rebuilding of Burned College Hall
on Enlarged Scale.

Raids on Moonshiners. More Con-
victs to Work on Railroads.
Lumber Demand. South
Dakota Suit on
March 4th.

RALEIGH, December 4.—The board of
agriculture this morning visited the Ag-
ricultural and Mechanical College, of
which it has charge. It examined the
walls of the burned Watauga hall. There
are two plans before the board—one to
borrow \$15,000 and rebuild along pretty
much the same lines; the other to bor-
row \$35,000 and rebuild a dormitory, and
erect a new 2 story building as a dining
hall, armory and kitchen. The latter is
regarded as by far the most sensible
plan.

Today's news from the sick bed of the
State Superintendent of Public Instruc-
tion is that his condition is much im-
proved.

During November only .83 of an inch
of rain fell here, while the average for
that month is 2.23 inches. But the ac-
cumulated excess of rain since January
1, is 7.88 inches. The first killing frost
occurred November 7.

Deputy revenue collector M. L. Wood
and posse made a raid on moonshiners
in Nash county, found where two stills
had been moved and after a 13 mile
chase made a capture of an 80 gallon
one. Measurements taken of the two
furnaces at the points from which the
still had been moved showed that it was
the same still. The distillers are so per-
sistently hunted that they, after making
one "run," remove the still to another
place.

The penitentiary directors met today
and made preliminary arrangements for
transferring more convicts to the camp
near Marlon, where there are now 130
grading a railway. It is the purpose to
move 180 there directly after January 1.
The convicts thus to be sent are now
employed under contract at Timberland,
in Moore county, near Asheboro, in a quar-
ry; and near Goldsboro. The peniten-
tiary has pulled through the year without
borrowing any money.

The lumber mills in this State are
now running on full time and some of
them on double time. Orders are heavy.
The demand is from the Middle and New
England States.

The new dormitory, which will also
contain the library, has been connected
with some of the colleges and the din-
ing hall at the Soldiers' Home by covered
ways.

The summons served on the Governor
and attorney general to appear before
the United States Supreme court in the
South Dakota bond suit calls on them to
appear March 2. The order will be re-
sponded to.

Health and Beauty.

A poor complexion is usually the re-
sult of a torpid liver or irregular action
of the bowels. Unless nature's refuse is
carried off it will surely cause impure
blood. Pimples, boils and other eruptions
follow. This is nature's method of
throwing off the poisons which the bowels
failed to remove. DeWitt's Little
Early Risers are world famous for reme-
dying this condition. They stimulate
the liver and promote regular and healthy
action of the bowels but never cause
griping, cramps or distress. Safe pills.

"I wish to say that I feel I owe my
life to Kodol Dyspepsia Cure," writes H.
O. Christenson of Hayfield, Minn. "For
three years I was troubled with dyspep-
sia so that I could hold nothing on my
stomach. Many times I would be unable
to retain a morsel of food. Finally I
was confined to my bed. Doctors said I
could not live. I read one of your ad-
vertisements on Kodol Dyspepsia Cure
and thought it fit my case and com-

the first bottle. Now I am cured and
