RALEIGH.

Very Serious Condition of General Toon.

Docket 16th District. State Charities North Carolina at Charleston. The Horse Disease in Hyde County. S. A. L. Changes.

RALEIGH, Dec. 9.—It was Gov. Aycock's plan to leave today for a hunt after deer and other large game in Onslow county with president Hugh Chatham of the North Carolina railway, but owing to Gen. Toon's critical illness the trip is postponed. Governor Aycock said this evening that Gen. Toon was very sick, in fact, "close to the borderland," and might cross it at any moment. There were two consultations of physicians yesterday, the last at 9 o'clock last night. They agreed that sick as he is there is a good chance for recovery. He suffered intense pain yesterday and last night but this morning was easier.

The 16th district docket of appeals, which the supreme court takes up tomorrow, is a light one.

The State charters the Carolina Siding Company of Charlotte, capital \$10,000, Alois Steinhauer being the owner of almost all the stock. A charter is also granted the People's Investment Company of Raleigh, capital authorized \$100,000. The company is composed of negroes.

There was continued improvement today in the condition of attorney general Gilmer, which gratified his friends.

There is a general expression of satisfaction at the change of date of the "North Carolina week" at the Charleston exposition. There will be ample time to arrange the details and have a very worthy celebration. Secretary Bruner of the agricultural department returns to Charleston tomorrow, to press the work of installing that department's exhibit, which contains approximately 6,000 articles.

One of the street sights today was a procession of a lot of automobiles, attached to wagons, while horses were the propelling power. The sight moved the negro hackmen to tears of laughter.

Dr. Tait Butler, State veterinarian, expected to go to Hyde county last week, to investigate further the disease among horses. He is sure it is forage poisoning. He could not go last week, because of the session of the board of agriculture. It is said that three weeks ago 18 horses died in one locality. Of course most persons believe in the accuracy of Dr. Butler's diagnosis, but there are some doubters, who think it a new disease, due to atmospheric conditions, etc. In fact it is a disease which occurred at various places in the county.

Superintendent of motive power McGhee of the Seaboard Air Line is down and out and Mr. Sanderson, who was recently purchasing agent, succeeds him. Sanderson has been on the Santa Fe and the Norfolk and Western roads.

Of Benefit to You.

D. R. Mitchell, Fulford, Md.: "During a long illness I was troubled with bed sores, was advised to try DeWitt's Witch Hazel Salve and did so with wonderful results. I was perfectly cured. It is the best salve on the market." Beware of counterfeits. F. S. Duffy.

An Evangelist's Story.

"I suffered for years with a bronchial or lung trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James Kirkman, evangelist of Belle River, Ill. "I have no hesitation in recommending it to all sufferers from maladies of this kind." One Minute Cough Cure affords immediate relief for coughs, colds and all kinds of throat and lung troubles. For cough it is unequalled. Absolutely safe. Very pleasant to take, never fails and is really a favorite with the children. They like it. F. S. Duffy.
