MONEY WANTED.
State Treasurer Will Have to Call Upon Sheriffs.
Work of Public Charities Board Social Events. Weather Record Lowered. Delegates National Guard Association.

RALEIGH, Dec. 21.—The State Board of Public Charities ended its session today. It received the report of Dr. J. R. Rogers, who was last April placed in charge of the criminal insane. Of these insane the four white women are cared for in the hospital for the insane here, while the others, 26 in number now, are in the west wing of the penitentiary, in which quarters for 40 are provided. During the year there were four deaths. The interesting fact is set out by Dr. Rogers that when these people were received into the prison not one was insane, but now all are so.

The board of public charities today visited the hospital for the insane and also the institution for negro deaf mutes and blind. It adopted a resolution of thanks to Secretary C. B. Denson.

State treasurer Lacy says that while demands for money are very numerous and pressing, but little is coming in and that he will have to call on the sheriffs to comply fully with section 85 of the revenue act, which requires promptness on their part in sending in taxes as collected.

One of the chief social events of the coming week here will be the marriage at the church of the Good Shepherd on the morning of the 24th of Miss Carrie Farman and Mr. H. S. Robinson. The bride elect is the daughter of editor R. M. Furman of the Morning Post.

The delegates from this State to the annual meeting of the National Guard Association at Washington January 20th are H. L. Royster, P. M. Pearson, Francis A. Mason, J. F. Armfield, W. B. Rodman and Alfred Williams.

State Superintendent Toon continues to improve and today asked for food. He is on the high road to recovery.

Today's weather broke the winter's record so far. The temperature here was 9. In the mountains it was 8 or 10 below zero. There is now skating here.

The State charters the Voorhees Cotton Mill of Graham, capital \$100,000.

The Baptist State Mission Board has set apart \$3,000 for mountain schools for Western North Carolina, this being to educate poor whites.

A white man named Pool is here, who being strongly suspected of incendiarism was given notice to leave Clayton and never return. He is begging. He is said to have had a previous bad character.

The Agricultural and Mechanical College here is open to women in all its departments. A number will enter. Arrangements are made to give 100 more students room after January 1st. At least 50 of these will be quartered in the new textile building.

U. S. district attorney Claude Bernard has returned from Washington and is in high spirits. He says he is sure of re-appointment.

TO CLEANSE THE SYSTEM
Effectually yet gently when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, and Syrup of Figs, made by the California Fig Syrup Co.

The superiority of Carolina Cough Cure lies in the simple, natural, remedial, all purely vegetable, of which it is composed. You cannot get a better family cough remedy. If you try it you will always use it when you have a cough to break up. Sold at 25c, and guaranteed by Bradham's Pharmacy.

If your children have Croup, Whooping Cough or a simple Cough, Anway's Croup Syrup will certainly relieve them. It is about the only remedy prepared exclusively for Croup and Children's Coughs and we unhesitatingly recommend it as the best. Many use and praise it. We guarantee it. Price 50c. Sold at Bradham's Pharmacy and Bradham's Pharmacy.

Cold Wave in the South.
ATLANTA, Dec. 20.—The cold wave, which for the last week has covered the South, today equalled all previous records for the first 20 days of the month of December since the year 1884, and lowering in some localities all former minimum temperature readings. As far South as the Louisiana and Gulf coast, intense cold prevails, though no serious damage to vegetation has been reported.

Some snow fell in Nashville this morning, the mercury dropping to two degrees below zero. The thermometer registered the same in Chattanooga. No serious interruption has occurred to traffic further than that boats plying from Memphis are tied up by heavy frost on river ice.

Complimentary to Gen. Chaffee.
MANILA, Dec. 20.—The Chinese cruiser Hai Chi, has arrived here. Captain Hsu, her commander, says that he has a recruiting commission. The object of his call here is to see General Chaffee, whom the Chinese consider was the principal friend of the Chinese among the foreign soldiers at Pekin. Educated Chinese, the captain says, know how much China owes to General Chaffee's influence with the foreign generals in 1900, and the uneducated Chinese are being taught that their greatest friends among the foreigners are the Americans.

THE VISIBILE SUPPLY OF COTTON.
New Orleans, Dec. 21.—Secretary Hooper's statement of the world's visible supply of cotton issued today shows the total visible to be 3,991,888 bales, against 3,794,947 last week, and 3,990,224 last year. Of this the total of American cotton is 2,446,868 against 2,385,948 last week, and 2,376,224 last year and of all other kinds, including Egypt, Brazil, India, etc., 645,000, against 509,000 last week, and 614,000 last year. Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 1,933,000 bales, against 1,704,000 last year; in Egypt 209,000 against 171,000 last year; in India 149,000 against 240,000; and in the United States 1,705,000 against 1,729,000 last year.

RULING ON PENSIONS.
Made by State Pension Board Concerning Pensioners Who Die.
Special to Journal.
RALEIGH, Dec. 21.—State auditor Dixon today sent the following important letter to all Registers of Deeds.
"Owing to the very great demand for pensions this year, the Pension Board has decided that where the pensioner dies before his warrant reaches him, the warrant must be returned to this office for cancellation, in order that new warrants may be issued to other soldiers equally deserving. If any of your pensioners have died, return warrants to this office at once.
Hitherto the Pension Board has been willing to give to representatives of persons who died, warrants in order to pay burial expenses, but owing to extreme pressure on Board this year, it makes the above ruling."

SENTENCE COMMUTED.
Governor Aycock Grants J. B. Price of Beaufort County Fine Instead of Penitentiary.
Special to Journal.
RALEIGH, Dec. 21.—The Governor commutes sentence of John B. Price, of Beaufort county, from five years in the penitentiary, to three hundred dollars fine. Price was convicted at New Bern and given a year's sentence, but Judge Bryan said if he paid \$300, he would remit the other sentence.
Price went home after money, but when he returned with it the term of court had ended; the Judge could not alter the sentence, so he recommended the Governor to act.
There were some sharp protests against granting any clemency to Price but many prominent persons signed the petition for him.

Another Cabinet Vacancy.
WASHINGTON, Dec. 20.—It is Secretary Gage's intention to relinquish the Treasury portfolio as soon as President Roosevelt can find a suitable successor and he has so informed the President. Mr. Gage would like to be relieved before spring. The President has done all he could to dissuade Secretary Gage from retiring and will probably continue to use his efforts in that direction.

Like the Deadly Under-Current
which grasps one without warning, the mucous membrane which lines the entire body suddenly becomes weakened in some spot and disease is established. It may be of the lungs, the head, throat, stomach, bowels, or any other organ. Wherever it is, and whatever it seems, it all springs from the same cause—
CATARRH
or inflammation of this delicate pink membrane.
The system is weakened in winter. The delicate lining is more susceptible to irritation or inflammation, and thus we have pneumonia, grip, colds, coughs, fevers, etc., all catarrhal conditions which may easily be checked by one catarrh cure—Per-ru-na.
That's the only way out of it. You may dose forever—you will not be well until you try the true cure and that is Per-ru-na. You may think your trouble is some other disease and not catarrh. Call it what you will, one thing is sure, your system is affected and must be treated, and Per-ru-na is the only remedy which reaches the right place and does cure.
