RALEIGH.

Brick Making at the Penitentiary is Not Profitable.

What it Costs to Produce Cotton Beans and River Threatening. College Reopens. The Memorial Rooms.

RALEIGH, N. C., January 1.—The report of the farmers of this State to the State Labor Commissioner shows that it costs 5 1/2 cents a pound to produce cotton. That is the average cost.

There are now 41 criminal insane in the penitentiary here. Only one of these gives trouble and he has to be confined to prevent suicide. The criminal insane are allowed to take exercise, under watch, in part of the penitentiary grounds.

There is now no industry carried on in the penitentiary. Brickmaking does not pay and is never carried on except to give employment to convicts who would otherwise be idle. Sales of brick last year were slow and the 2,000,000 now on hand will supply this year's demand it is believed. What is desired for the convicts is railway work. It is the most satisfactory as well as the most profitable.

The Roanoke river was this morning at Weldon, in a foot of the height it reached in the great freshet last May. There is fear that it will again break the dyke at the "Caledonia" State farm, which was wrecked last May. The dyke lacks several feet now of being as high as it was then, because the fish-lake touches have not been given it.

There are now 893 convicts. Today ten were brought from the abandoned farm near Wadesboro. The rent which the penitentiary paid for that farm for 8 or 10 years was absurdly high. It is said by some to be all the farm was worth. Good judges say it was three as much as it ought to have been. In fact when the State abandoned it, the farm was offered at half the rent before paid.

The Agricultural and Mechanical College reopened today. All the students who had rooms in the burned dormitory and who went home after the fire, have returned. No students are being turned away. All available room near the college has been rented and in case of further need 50 cadets will be put in the textile building.

The State cotton crop this year will not exceed 800 bales, this being 100 less than expected.

The various memorial rooms in the new dormitory at the Soldiers' Home here are being furnished by the various chapters of Daughters of the Confederacy. The State and the Daughters will provide the heating plant.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demig, Semerville, Ind. I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. F. B. Duff.

If your children have Croup, Whooping Cough or a simple Cough, Anway's Croup Syrup will certainly relieve them. It is about the only remedy prepared exclusively for Croup and Children's Coughs and we unhesitatingly recommend it as the best. Many use and praise it. We guarantee it. Price 25c. Sold at Henry's Pharmacy and Bradham's Pharmacy.

Good Times in Transvaal.

PRETORIA, Jan. 1.—In spite of the severe reverses to the British Imperial Yeomanry, reported last week, the new year finds the general situation here vastly more secure than it was a year ago. For instance last January the Boer Commandants Kemp and Bayers maintained a vigorous bombardment of Kaifontein. Today that place and the entire district between Pretoria and Johannesburg and for miles around is almost as safe as Piccadilly in London or Broadway in New York. The markets here are booming, large property sales are offered daily, land seven miles from Johannesburg selling at 250 an acre in anticipation of the growth of a great city with electric tramways radiating wide into the suburbs. New industrial and commercial enterprises are being promoted. Work at the mines is now maintained unbroken and the supply of native labor is satisfactory. It is understood that 20,000 natives are coming almost immediately from Mozambique to meet the growing labor requirements of the Rand. Foodstuffs and the necessities and even luxuries of life are plentiful.

GREAT DAMAGE.

Roanoke River Again Breaks the Dam on the State Farm.

Special to Journal. RALEIGH, Jan. 2.—A telegram to Supt. Mann of the penitentiary says that the flood in the Roanoke river has again broken the dyke at the State farm and inundated a large part of the farm. The dyke was swept away last May and the rebuilding completed in November at cost of some fifteen thousand dollars.

Copies of Daily Journal Wanted.

Two issues of the Daily Journal of each of the following two dates in 1901 are wanted at this office, and ten cents per copy will be paid for same. Wednesday, January 23d.

Editors' Exposition Day.

Special to Journal. RALEIGH, January 2.—State labor commissioner Varner today requested to set apart Tuesday April 10th as Editorial day during North Carolina week at the Charleston exposition. Governor Aycock so designates it, and Commissioner Varner has written to the President and the Secretary of the State Press Association asking that call be made for that association to meet there that day. It is expected that out of three hundred editors in the State, a large number will attend.

Children Especially Liable.

Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up." writes James Mock, N. Webster, Ind. "The sores were so bad she scolded two to five dresses a day." F. S. Duff.

Cropsey Case Full of Mystery.

Elizabeth City, Jan. 2.—The evidence collected so far against James E. Wilcox, accused of murdering Miss Ella Cropsey at Elizabeth City, N. C., is considered too weak to convict him.

Except for statements made by him as to what he did on the night of Miss Cropsey's disappearance he might now be free. Several of these statements lack verification and this creates suspicion. So far all efforts to find clues to accompany in the crime have failed. Wilcox's nerve is extraordinary and sustains him in his ordeal.

Celery Headache Powders.

There is not any better remedy for headache than these powders. They never fail to relieve. Made and sold only at Davis' Prescription Pharmacy.

The superiority of Carolina Cough Cure lies in the simple, natural ingredients, all purely vegetable, of which it is composed. You cannot get a better family cough remedy. If you try it you will always use it when you have a cough to break up. Sold at 25c. and guaranteed by Bradham's Pharmacy.

BACHELOR.

January 1.—Weather clear and cool, business opening up nicely. Very lively Xmas and a happy New Year. Many friends have asked me to let them hear from Bachelor again. So I will come out anew in the beginning of a new year, 1902. Don't think because I have not written any news from Bachelor in some time that I have not had any, for we have news all the while, but the writer has been very busy. Now Mr. Joshua he thinks he is the only writer that the Journal has, but he is surely mistaken. He often tells other writers they have only horse sense. Now I think if Joshua had the brain that he thinks he has he would seek some other city than that of Askins. Possibly he could write for the New York World. You are smart we all know. Ro-fa-co. Come out.

Rev. C. B. Paul and family of Swansboro are visiting in Bachelor this week.

J. O. Barbour, Esq., returned Monday from spending Xmas at Maysville.

Miss Lena Smith is at home on a vacation.

Mr. L. D. Matthews left Tuesday for South Carolina, he has a position there as a farmer.

Mr. Claud Taylor returned Monday from Richmond and Norfolk where he spent Xmas.

Miss Beattie Foy returned from New Bern and opened school Monday.

Miss Emily Whitehead is home on a vacation from school.

Miss Sude Dickerson of Core Creek returned home Monday from a pleasant visit at Bachelor.

Miss Bertha Bell and Mrs. M. D. Taylor spent Saturday and Sunday at Newport.

Mr. H. T. Willis of Morehead City spent a few days pleasant visit at Bachelor last week.

J. H. Smith of Bayboro is visiting in our little village this week.

Some of our young ladies have received some very nice presents this Xmas. Diamond rings and gold watches are all the go. Go on boys, you are all right.

Mr. Claude Taylor, agent for high grade fertilizers is receiving some this week which he will sell cheap.

Miss Bertha Bell leaves Thursday for Greensboro to attend school.

Mrs. Mary Temple is visiting in New Bern this week.

The harbor of Clubfoot creek is well supplied with fishermen from Morehead City this week but I think they have poor luck.

The schooner Chas. T. Stran, Captain Griffin, is in port loading with lumber this week.

Mr. John Bowen goes on business to New Bern, Tuesday.

Many young people have visited our town during the past week, and many of our young people spent Xmas in different places.

Our farmers are moving up lively now preparing for peas and cabbage. I learn there are going to be a good many cabbages planted.

Messrs. Claude Taylor and M. D. Taylor go on business to your city Wednesday.

Call on T. O. E. again. T. O. E.
