The pleasant method and beneficial effects of the well known remedy, synur of Figs, manufactured by the California Fig Strup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleaning the system effectually. tive, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and embling one to overcome habitual construction permanently. Its perfect freedom from every objectionable quality and sub-stance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Symp Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package

The "Buttons" Banquet.

The annual banquet of the New Bern Steam Fire Engine Company was held last night in the company's handsome quarters on Craven street.

The banquet was thoroughly enjoyed by about fifty members of the Button Company and guests, and in addition to very elegant repast, there was a flow of toasts, that were as greatly enjoyed as the feast spread upon the table.

The principal event of the banquet was the presentation of a very striking oil painting of Old Jim, the great hose wagon horse, the gift coming through Mr. Sam Eaton.

On the picture frame was a tablet inscribed "Old Jim. after 20 years of constant and faithful service, January 1st

The presentation speech was most hap pily expressed by Assistant Chief Engineer, T. C. Daniels.

### The Great Barlow and Wilson.

There was a gathering of minstrel overs that packed the Opera House to the doors last night, that assembled to pay court to Barlow and Wilson's Minstrels, as they appeared on their annual engagement. The performance consisted entirely of modern minstrel attractions. The people went to witness the fin de siecle minstrels of the sesson, and found them leaders by several lengths, for everything went fast enough to keep the most lively on the qui vive. Their efficient agent told the truth when he said that the company was better this year than ever before. The performance abounds in new features, which kept the audience in a continual state of hilarity, the hit of the evening being made by "the great Barlow and Wilson." The vocal numbers; are gems of the first water. The company is far superior to the usual standard attraction,-Cincinnati Enquirer.
