

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Ayer* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

Dr. J. C. Ayer
The Kind You Have Always Bought
In Use For Over 30 Years.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it

Fifty Thousand Dollars

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.
The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25¢ per share, capital stock 1,000,000 shares (par value \$1.00 each), fully paid and non-assessable, to further develop and put the property on a paying basis.
A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.
Do not lose this opportunity. It will never appear again.
For further particulars, prospectus, report on mine, references, etc.,
ADDRESS,
Ozark Gold Mining & Milling Co.,
MOSCOW, IDAHO.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:
"I have been entirely cured of deafness, thanks to your treatment. I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
Your treatment does not interfere with your usual occupation.
Examination and service free. **YOU CAN CURE YOURSELF AT HOME**

GOOD FROM DISEASE

SEVERAL AFFLICTIONS THAT HAVE THEIR COMPENSATIONS.
An Attack of Smallpox, if You Get Over It, Will Add Years to Your Life—Sufferers From Rheumatism and Gout Are Long Lived.
Have you had smallpox? If you have and you have recovered from the terrible disease without your eyesight or hearing being seriously affected, as is very often the case, you may congratulate yourself that smallpox attacked you, for you will probably, barring accidents, live considerably longer and enjoy better general health than if you had never had the disease.
It is a remarkable fact—one of nature's peculiar compensations—that people who have suffered from smallpox generally live longer than people who have not. Why this should be the case there is only an unproved theory to explain, and the theory is that the microbes which go to make smallpox, being very powerful and pugnacious, swallow up the microbes of many other diseases which they find in the systems of the persons they attack; hence, by contracting smallpox severely, you stand a good chance of eliminating from your system other diseases which would seize upon you at some time or other and, likely enough, prove fatal.
At the same time it must be admitted that smallpox is not scheduled as a preventive medicine, and the number of persons it either kills, maims or inflicts with mental incapacities is probably greater than the number of persons whose lives it prolongs.
At the same time it is a fact that the disease, though one of the most terrible known to medical science, does you a great deal of good if you are capable of throwing it off without suffering after effects of a more serious character than being pitted with the queer little marks it almost invariably leaves behind to distinguish its victims.
Numbers of elderly persons in more or less feeble health are kept alive by coughs, such, for instance, as bronchitis. Chronic coughs are peculiarly common to old people, and hundreds who complain of the distress caused them by such affections are really indebted to their coughs for their length of life. The reason of this is that most elderly persons suffer with weak hearts and feeble circulation of the blood, and weak hearts become weaker merely as a result of their weakness. A constant cough corrects this, keeps the heart beating more strongly than it otherwise would, and the strong heart beat keeps the blood circulating more quickly, and the vital organs are thus kept in a state of activity which could only be maintained by artificial means and for a limited time but for the troublesome cough.
Moreover, the constant reminders given by the cough deter the sufferers from running risks of catching colds. In other words, they have to study their health or suffer more acutely from their coughs, and, choosing the former, they benefit accordingly.
Gout and rheumatism are exceedingly painful diseases and of course in some cases prove fatal, but they confer many a blessing upon mankind, and rheumatism particularly is well known to doctors as a preventive of many other diseases. It is a notorious fact that gouty subjects generally live to a ripe age, and albeit they suffer very severely at times they generally enjoy excellent general health, the very causes of the gout keeping their blood in good condition and making it unendurable to many kinds of microbes.
Cases have occurred of whole households, except one member, being stricken down with infectious diseases, and the lucky exception has been a sufferer from rheumatism or gout, which alone has prevented him from contracting the diseases which have run through the house. Such sufferers do not run half the risk of catching the common illnesses that nonsufferers run, and a large proportion of the people who reach ages of fourscore years are people who for years have suffered from gout or rheumatism, to which fact they undoubtedly owe many of the years they have lived over the allotted span.
Take half a dozen persons over the age of seventy who suffer from rheumatism or gout and half a dozen others who suffer from neither and you will find that, except for their rheumatism or gout, they enjoy very much better health than the nonsufferers and stand a splendid chance of outliving the latter. Moreover, gout and rheumatism greatly enhance a sufferer's chances of retaining his mental faculties until the end. A large percentage of centenarians who died with all their wits about them and with excellent memories of the days of their youth have suffered for many years from rheumatism and been particularly free from other diseases.
The loss of a leg or an arm is also said to do you good in the long run. Perhaps that is an awkward phrase to apply to the loss of a leg, but let it stand. It certainly seems that when a man is deprived of a leg or an arm the vitality and vigor of the lost member remain with him to increase the vitality of the remainder.
It has been declared by an eminent authority that when a man has a leg cut off, he being to sufficiently good health not to collapse from the operation, adds two or three, sometimes more, years on to his latter days—Pearson's Weekly.

The Battle of Life.

Begin life where you are. Go to work earnestly and confidently. Carefully look over what is to be done. Keep a cool head and cultivate poise. Do not be overcome by seeming mistakes. Do as well as you can what lies nearest at hand. Only weak people are cast down by apparent failures and blunders. Sometimes our apparent mistakes help us along more than our seeming success. Errors are sometimes very expensive; but, then, again, they often save in the long run more than they cost. Those who win in life's battles are the brave, courageous ones who look upon all experience as being educational. Meet your difficulties and problems calmly and with a belief that if you do your part they will be solved and overcome in the best way.—Chicago Live Stock World.

A Lucky Bargain.

It is said that a foreman stereotyper in a London printing works had a curious windfall. Going to a sale of musical instruments, he purchased an old harpsichord for 20 shillings, because, having a hobby for fretwork, he fancied the wood of the front panel. When he got his purchase home, he dissected it. He then discovered that the harpsichord had a double back, and presently between the boards he found very old Bank of England notes the total face value of which amounted to £80,000.

MOTHERS, DO YOU KNOW

the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine? Do you know that opium and morphine are stuporific and narcotic poisons? Do you know that in most countries druggists are not permitted to sell narcotics without labeling them as such? Do you know that you should not take internally any medicine for the pain accompanying pregnancy? Do you know that Mother's Friend is a celebrated prescription and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradford Regulator Co.? Do you know that when you use this perfect remedy during childbirth or throughout the entire period of gestation that you will be free of pain and bear healthy, clever children? Well, these things are worth knowing. They are facts. Of druggists, \$1.00. Accept no substitute. Our book "Motherhood" free.
