

SYRUP OF FIGS

The enter Bonwell returned yesterday noon from a cruise down the river and in the sounds. Mr. E. H. Barnum has been employed as time keeper at the A. & N. C. railroad shops and is considered a very reliable man for all clerical work. Mr. J. W. Smallwood has taken a position as book keeper at the Oaks Market, Mr. S. H. Lane having resumed his former position with M. Hahn & Son. The high winds caused a good deal of dust on the streets yesterday and a rain is needed. The country roads are dry, the last rain recorded being Dec. 30th, a few drops fell yesterday. Lower Middle street was pretty well crowded yesterday. There were good oyster receipts during the week and retail dealers say they have the stock for sale over their counters. The new fence, which it was noted some time ago would be built around the A. & N. C. railroad property, is now under construction. The fence runs along Pasteur street and encloses the side as well as the main track. The truck farmers are preparing their lands for spring crops. The fields within a short time ago were covered with a dense growth of cotton, are now in many cases completely transformed, having upon them rows of young cabbage plants. The office in "doctors' row" lately occupied as a small restaurant, is being fitted for an insurance office and will be occupied by Mr. W. B. Allen representing the Prudential Life Insurance Company. The property belongs to Mr. A. H. Bangert. The loud megaphone caused a good deal of a noise on the street last night. It was sounded by the Jas. H. Thorne Dramatic Company, advertising "In thunder tones" that prices of seats at the Opera House Monday and Tuesday nights would be 10, 20, and 30 cents. Tobacco seed is in demand now by the farmers as the time is close at hand for planting the beds. Among those who called at the Planters Warehouse for seed was Mr. S. S. Waters of Mayaville. Mr. Waters reports much increased interest among growers of tobacco. He was also in to see about his fertilizer. The first shipments of material for the new electric light plant, under contract by Smith, Courtney & Co. of Richmond, Va., are expected to arrive in a few days. The many different articles required are being gotten ready for shipment and the plant is promised to be in shape within the three months allowed by the contract. It is likely that a good many New Bernians will avail themselves of the chance to visit Charleston during the next three months. The fare is very reasonable, being \$7.55 for the round trip. Leaving here in the morning the arrival is made at Charleston about 11 o'clock that night and the return can also be made during the day. Mr. E. K. Bryan, Jr., of Dublin, Ga., is having a residence built for his parents, Mr. and Mrs. E. K. Bryan, on Craven street next to their former residence. Mr. Bryan was here a few days ago and let the contract. The foundation is being laid and an interesting detail is that the "corner stone" was laid by 13 of the grand-children; eleven of them each laying a brick and two absent ones each laying one by "proxy."

Overtook Young People.

The result is a suit brought that is of much interest. A trial was begun before magistrate S. R. Street yesterday and postponed until next Wednesday, that promises to be of considerable interest. The suit was brought by Mr. S. H. Scott on behalf of his son Fred Scott, against Messrs. W. K. Stryon and Dwight Stryon. The account of the affair that led to this suit is told as follows: Young Fred Scott, 17 years of age, and Miss Inez Yanch, a young Miss of 15 years of age of Baltimore, who is a niece of Mr. W. K. Stryon and on a visit in this city, became fast friends, Miss Inez is described as a young girl of a merry and somewhat romantic disposition and she asked Fred to take her to a dance to be given at Vanceboro Friday night. Fred's brother, George, had gone to the dance with a boy friend and Fred asked his father if he also could have a horse and buggy from his livery stable and obtained consent. Fred called for Miss Inez at a neighbor's house where the girl was waiting and at 7 o'clock they started for Vanceboro by the Neuse river road, intending to cross at Street's ferry.

Mr. Stryon heard that his niece had gone on the trip, and it being without his consent he strongly objected and a hasty visit was made to livery stables and at M. Hahn & Son's a fast team was hired and hastily harnessed and pursuit begun. Out near Street's Ferry, which is some 10 miles north of New Bern, the pursued and pursuers came in sight of each other. Fred saw that something was up and whipped up to get out of the way, but there was a broad river ahead and one horse was no match for two. The young couple were fairly caught. Fred was forced to descend from the buggy and Mr. Stryon proceeded to "wear him out" with the buggy whip. A pretty severe chastisement is said to have been given and some of the details may be brought out at the trial. All returned to this city and Fred related his troubles at his home. Yesterday, as stated, Mr. Scott brought suit in behalf of his son and engaged Attorneys W. W. Clark and L. J. Moore to prosecute it, and upon request it was postponed. Miss Inez has returned to her home in Baltimore.

Only Temporary Shutdown.

The Wallace Shoe House was closed for a short time yesterday on account of a suit for debt brought by Mr. S. R. Ball, representing a northern firm. A debt of \$58 was due the firm and Mr. Ball brought suit to recover his commission, through his attorney, D. L. Ward. A judgment was rendered, but Mr. Wallace claimed exemption under the homestead law, and Messrs. M. M. Marks, W. T. Hill and T. Burke laid it off. It was found that the property did not exceed the exemption limit and the plaintiffs were assessed the costs. The Wallace Shoe Company resumed later in the day and were doing business last night.

New Repair Shop.

Messrs Atkinson and Blalock have bought out the picture frame business formerly conducted on Craven street by S. B. Parker. The new proprietors will continue the picture frame business and will also conduct a furniture repair shop and will add an upholstering department where the best grade of work will be done.

Closed by Order of Court.

S. Coplon, formerly a merchant on lower Middle street, moved to Durham and opened a store there a year or two ago. By an order of Judge Purnell last week the store was closed upon the representation of creditors in Baltimore. Mr. Coplon is called to appear before Judge Purnell at Raleigh, January 18th and show cause why he should not be declared insolvent.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demic, Semerville, Ind., I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. F. S. Duffy.

Help is Needed.

A farmer of Lenoir county, whose crop last year was a failure, came to New Bern in hope of getting work. He has been here two weeks and having no trade has been unable to secure work. His name is Dock Faulkner and with him is his wife and five children. They have been living across from the mill on Griffith street and Mrs. Faulkner has been ill since coming here. They lived on bread alone for several days and without fire. It is represented as a case deserving of the attention of charitable people.

Barlow & Wilson's Minstrels.

A minstrel show always catches the crowd. Those who failed to see Barlow & Wilson's Minstrels at Cooper Opera House Tuesday night missed a good thing of the kind. The performance was first rate all the way through while some of the specialties were of the highest order. The dancing was splendid, the singing fairly good, the jokes humorous, the comedians funny. Lawrence Barlow is indubitable in his line, with Walker F. Stock, a good second as a fun maker, while as a buck and wing dancer his equal would be hard to find. Frank Lawrence who is styled the most artistic club juggler in America, is certainly the finest we have seen. The slack wire performer was perfect in his work, some feats being unequalled on this stage. The contortionist was perhaps the best ever seen here. Lawrence Barlow and Fred Wilson were great in their act as the musical magnets, and kept the audience in an uproar of laughter.—Henderson, N. C. Gold Leaf, Jan. 9th. Barlow and Wilson will appear at the Masonic Opera House in New Bern next Thursday night.
