RALEIGH.

Question of Distribution of State Aid to Public Schools.

Smallpox in Wilson Ignored by Of. Reids. A Santiago Cannon. Seaboard Railroad Plans. Masons to Meet.

RALEIGH, N. C., January 13.—It is said that there have been as many as 1500 cases of smallpox in Wilson county. The officials there persist in calling it chicken pox, in the face of positive assertions as to its true name by United States and State smallpox experts and exceedingly able physicians.

The question of the distribution of the State aid to public schools comes up in the form of a question by a county superintendent whether the first \$100,000 should not be applied to the large schools so as to bring their term up to four months and let the State out of the second \$100,000 aid the smaller schools. To this question the answer is made that all the schools, both large and small, are of equal importance, since it is the education of the individual that is aimed.

It is very properly determined to place the Spanish trophy gun from Santiago in the State museum, beside the trophy gun from Manila. This will add peculiar interest to each, and representing the great naval victories.

The Seaboard Air-Line two years ago bought the park at Columbia, S. C., for a terminal, to include passenger and freight station, etc. It is now decided officials here announce, to use it only for a yard, and that space for a freight and passenger depot has been secured in the heart of the city, at the corner of Gervais and Lincoln streets. A great deal of money has been expended in getting to the park and in grading it. A great lumber company, the Dozier, has been given space for an extensive plant in the park property and will put in electric elevators, in order to reach the street line. Had the railway continued to use the park space elevators would have been unnecessary.

It is expected that nearly 400 delegates will be present at the annual communication of the Grand Lodge of Masons, which begins here tomorrow evening. Governor Aycock's address at Charlotte tomorrow evening is on the subject of popular education. He strikes, as he always does, a mighty and true note.

Child Worth Millions.
"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure. "One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolute safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly." F. S. Duffy.

AT CLARKS.
Jan. 13.—Business in our little town continues good, considering the complaint there is among the citizens about the scarcity of money, but that will soon be a matter of the past as there can be nothing accomplished by complaining about things that cannot be avoided. Mr. Olen W. Barbour came up yesterday to take his old stand with Mr. A. T. Wetherington in the timber business, we are glad to have Capt. Olen with us again. Mr. Colwell McKee made a trip to your city Saturday on business. Mr. David Williams one of our progressive farmers has moved to New Bern. We wish him success. Little Ethel Wetherington had the misfortune to get badly burned a short while ago, but glad to say she is improving.

The school house here will soon be completed, we understand that Miss Mat Stephens will teach the school for us. B. The Best Prescription for Malaria. Chills and Fever is a bottle of Groves' Tarsolium Carb. Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c. A Profitable Investment. "I was troubled for about seven years with my stomach and in bed half my time," says E. Demie, Somerville, Ind. I spent about \$1,000 and never could get anything to help me until I tried Kodal Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodal Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodal Dyspepsia Cure cures all stomach troubles. F. S. Duffy.

CROKER'S SUCCESSOR.

Lewis Nixon a Southerner. Designer and Builder of Battleships.

New York, Jan. 13.—Lewis Nixon, the new Tammany leader, was born in Leesburg, Va., April 7 1861, and received his early education in the schools of that town. In 1878 he was appointed a midshipman in the Naval Academy. He was sent by the Navy Department to the Royal Naval College at Greenwich, Eng., and in 1884 he was transferred to the construction corps of the navy.

In 1890 he designed the battleships Oregon, Indiana and Massachusetts, and then resigned from the navy to become superintendent constructor for the Grampus shipyard, Philadelphia. In 1895 he left there and on his own account started the Crescent shipyard at Elizabethport, N. J., where he has built 100 vessels in six years, among others the torpedo boat Holland and the monitor Florida. In 1898 he was appointed president of the East river bridge commission by Mayor Van Wyck.

CROKER'S LIFE.

Richard Croker was born in Black Rock, County Cork, Ireland, November 24, 1848. He was brought to this country when only two years of age and received his education in the public schools of New York city. In 1868 he was elected alderman and served in that capacity for two years. In 1873 he was elected coroner, serving three years. In 1883 he was made fire commissioner, and in 1889 and 1890 he served as city chamberlain. For years he has been the recognized leader of Tammany Hall.

Children Especially Liable.

Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up." writes James M. Mock, N. Webster, Ind., "The sores were so bad she soiled two to five dresses a day." F. S. Duffy.

DIED.

At Punta Gorda, Florida, on Friday the 3rd of Jan, 1902, of typhoid pneumonia, Mr. Charles L. Davis. In the 28th year of his age. Mr. Davis was a native of Carteret county N. C., was born in Morehead City, and was a son of Mr. T. C. Davis the present Post Master of Morehead City. Mr. Davis was a resident for a few years past, of Onslow county, where he was married to Miss Cora L. Davis, a daughter of Mr. and Mrs. John Stanley now residents of Swansboro, N. C. He had been engaged in the fish business at Punta Gorda, Fla. for a few years. His wife left Swansboro and arrived just a few hours before his death. He was buried far away from his old home and kindred friends. He leaves a bereaved wife, father, mother, brothers and sisters, with numerous friends and relatives, but no children.

Don't Live Together.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with costiveness nine years," says J. O. Greene, Depauw, Ind., "I have tried many remedies but Little Early Risers give best results." F. S. Duffy.

Edisons Wrecked Not Drowned.

Norfolk Ledger.
Mrs. Jacob F. Craft, of Baltimore, has received a letter from her daughter, Mrs. William Edison, verifying the report published in The Ledger some time since concerning the wreck near Beaufort, N. C., of the launch Ouananiche, owned by Messrs. Thomas and William Edison, sons of Thomas A. Edison, the inventor. The Ouananiche passed through here on her way South. Mrs. Edison says all the members of the party were aboard the launch when she went aground, but they got off in safety, and repairs are being made to the boat as quickly as possible. The party are now at Manteo Dars county, N. C., and the gentlemen are enjoying themselves hunting deer and bears.
