Don't Live Together.
Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with constiveness nine years," says J. O. Greene, Depauw, Ind., "I have tried many remedies but Little Early Risers give best results." F. S. Duffy.

RALEIGH.

Burglaries Frequent in and About the City.

Daughters of Confederacy Doing Great Work at Soldiers Home Delegates to Road Congress. Wheat Prospects in Piedmont Section.

RALEIGH, Jan. 27.—All of the rooms in the east wing of the new dormitory at the Soldiers' Home save two have been taken by Chapters of Daughters of the Confederacy. All those in the west wing were taken two weeks or more ago. The Chapters taking rooms in the east wing, which they are furnishing, are at Morganton, Kinston, Wilson, Red Springs, Kiltrell, Warsaw, and Lexington. One room is furnished jointly by Edenton, Lenoir and Anson Chapters. Quite a number of Chapters have made no response to the appeal to aid in furnishing rooms, among those being Charlotte, Salisbury, Statesville and Henderson.

The burglaries here continue. Most of them occur in the suburbs. Saturday night about 4 o'clock, Charles J. Parker, a well known resident, heard a noise in his house and with a night lamp in his hand, but unarmed, went to investigate. He opened a door and saw the burglar at a bureau, with a patent torch in one hand. He pursued the burglar, who he says was a young white man and caught him. Then the burglar thrust a revolver in his face and told Parker (calling his name) that if he did not release him he would shoot him dead. Parker relinquished his hold and the burglar made his exit through a window. As he did so Parker threw the lamp at him. The torch was found in the house. A police officer got three shots at one burglar who was running. A rumor has wide circulation that two young men and a boy are in the gang, and the police now say they are sure it is local talent.

The Governor today appointed a number of delegates from this State to a road Congress at Columbia, S. C., in compliance with a request made by the Governor of South Carolina.

Commissioner of Agriculture Patterson says the wheat in the piedmont section does not look well, but that he sees no reason why there should not be a good crop. The fall was unfavorable. He says he does not like to see wheat too luxuriant in growth in January and that he has known crops to be grown while the appearance was no better at this time of year than it now is.

A Profitable Investment.
"I was troubled for about seven years with my stomach and in bed half my time," says E. Demio, Somerville, Ind., "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. F. S. Duffy.

The Mother's Favorite.
Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is no less danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For Sale by F. S. Duffy & Co.

PRINCE HENRY'S TOUR.

In Pennsylvania Railroad Train Under G. W. Boyd's Direction.

PHILADELPHIA, January 27.—Arrangements have been made by the Department of States at Washington, with the Pennsylvania Railroad for the movement by special trains of Prince Henry of Prussia and suite during his visit to the United States. The arrangement includes the transportation of the Prince to Washington upon his arrival at New York, his return to New York, the steamer transportation to Shooter's Island, where the Meteor will be launched and his tour through the upper South and the principal cities of the East, West and Northwest. All the movements of the Prince will be made by the special train provided by the Pennsylvania Railroad and under the well and widely known methods of its personally conducted tourist system.

The experience of this bureau of the passenger department in arranging tours for the Presidents of the United States, as well as for distinguished bodies of foreign visitors, and the skill with which such movements have been conducted have always been recognized and appreciated by the Government.

George W. Boyd, assistant general passenger agent of the Pennsylvania Railroad and in direct charge of the company's tourist system, will have personal charge of this special train and its movement. His past experience in that direction insures for Prince Henry, while the nation's guest safe, comfortable and luxurious transportation to any part of the country that he may be disposed to visit.

Children Especially Liable.
Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Witch Hazel Salve is unequalled. Draw out the fire, stops the pain, soon heals the wound. Beware of counterfeits! Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes James Mock, N. Webster, Ind., "The sores were so bad she could not wear dresses a day." F. S. Duffy.

THIS WEEK IN CONGRESS.

Prospect Good For an Idle Week. No Work Cut Out For the House
WASHINGTON, Jan. 26.—The House leaders have no programme for the week for the present week, as there are no measures of importance pressing for attention, although the anti-oleomargarine bill and the Hill bill for the exchangeability of gold and silver are on the calendar and may be taken up before long.

The chief interest of the week centers in the opening of hearings by the ways and means committee on the reduction of war revenue taxes.

On Tuesday the committee returns to the subject of Cuban reciprocity, hearing more of the representatives of bee su. ar, and also several Cuban planters who have come to the United States to present their view of the case.

The Senate will devote its principal attention this week to the Philippine tariff bill. It is the purpose of Mr. Lodge, who is in charge of the bill, to keep it before the Senate persistently until it is disposed of. He does not count on final action for some time.

Senator Nelson will take advantage of any chance to have the bill creating a Department of Commerce considered, with the hope of securing action upon it during the week if possible.
