## RALEIGH.

Geo. W. Vanderbilt Asked to Read Congress.

Funds for Public Schools After Four Months. Daring Escape of Convict. Railroad Extension. Horse Disease Extending Westward.

RALEIGH, Jan. 23.—The State superintendent of public instruction last Saturday sent out a new set of blanks to the various counties, asking for statements of their needs of funds to keep the public schools after 4 months in the year. The first set of blanks sent out did not answer the purpose. Today the first reply came. It is from Pender. The blanks are properly and correctly filled and the county calls for only \$345. It says this is needed at once. The superintendent of public instruction says no funds can be sent until all the counties are heard from.

A county convict last night made a daring escape, came to Raleigh and was given a set of clothes by a friend, went to an ice factory, undressed and put his convict garb in a furnace, thinking fire would be in the latter. This morning the clothes were found in the furnace.

A third report on the very fatal disease among horses in the eastern counties is made by the State Veterinarian, who renews the statement that it is due to forage poisoning. The commissioner of agriculture, speaking of the disease, said it appeared to be coming this way, as cases are reported in Jones county and at Kinston.

Governor Aycock will probably return from the Springs at the end of this week. He went there for a rest. He had suffered a good deal from insomnia. He is what may be termed an ardent smoker but has reduced his allowance to three cigars or pipes a day.

There are now only 116 convicts in the penitentiary proper. This is the smallest number in 30 years save September 1 last, when there were only 80.

The extension of the Cape Fear and Northern railway to the southeastward, perhaps to the coast, is now assured. One of the owners said today that work on the extension will soon begin and that when the contracts for construction are awarded they will be for a long stretch of road.

A special invitation has been sent George W. Vanderbilt to be here Feb. 10-11, on the occasion of the State road Congress. He is regarded as being in a way a North Carolina citizen and his progressiveness in road building is well known. The State officials desire to meet him. He has never been to other places in the State than Asheville.

## The Mother's Favorite.

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For Sale by F. B. Duffy & Co.

## Shot His Prodigal Son.

Middleton, N. Y., Jan. 7.—Prodigal sons about to return to home and parents after long absences would do well to send an advance agent ahead, announcing their date of arrival.

Such is the advice of Frank Fleming, of this village, who tried to make his homecoming a surprise.

Arriving from the West after four years' absence, Fleming drove to his father's home. While climbing in through a window he received a charge of birdshot from a gun held by his father who thought he had bagged a burglar. The cries of the injured son saved his life, as his father recognized the voice just as he was about to fire again.

Young Fleming's left leg was so badly wounded by the shot that amputation will be necessary. It is feared, as a result of his surprise.

## Don't Live Together.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with constipation nine years," says J. O. Greene, Dupont, Ind. "I have tried many remedies but Little Early Risers give best results." F. B. Duffy.

## DR. SHOOP'S PREVENTIVES.

The great cold cure, are sold and guaranteed by Bradham's Pharmacy. If you bring the empty box back, and you are not satisfied with Preventives we will return your 25 cents. You must have them on hand if you expect to prevent colds; and prevention is better than cure. Preventives cure colds, as well as prevent them.

An absolutely pure, cream of tartar powder.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

## TOOK SAFES OFF IN WAGON.

South Carolina Train Held up and Robbed by Masked Men.

CHARLESTON, S. C., Jan. 27.—Meager details of a daring express robbery which occurred near Branchville, S. C., shortly after 7 o'clock this evening have been received.

As the northbound train from Charleston slowed up two miles from Branchville masked men presented pistols and ordered the engineer, fireman and conductor to stop the train. The robbers overpowered the passengers, uncoupled the engine and express and baggage car, went two miles up the road, unloaded the two iron express safes, put them on a two-horse wagon and drove away. The express messenger was ordered by the robbers to unlock the safes, but he declared he did not know the combination.

The leader of the gang is supposed to be the notorious Bartow Warren, who robbed the express car within a few miles of Branchville in 1899. He murdered the chief witness against him, escaped from jail and recently has been reported as at large in Orangeburg county.

## A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demie, Somerville, Ind., "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. F. B. Duffy.

## SUBWAY EXPLOSION.

Hotel and Hospital Wrecked. Six Killed. One Hundred Injured.

NEW YORK, Jan. 27.—The entire section of Park avenue, near the Grand Union Station, was shaken as if by an earthquake by an explosion in the Rapid Transit tunnel at Park avenue and East Forty-first street.

J. Roderick Robertson, a wealthy British Columbia mine owner, was killed in his hotel room.

Six persons were killed and more than 100 injured. The Murray Hill Hotel was wrecked, and the Grand Union railroad station, the Manhattan Eye and Ear Hospital, the Grand Union Hotel and many other buildings were seriously damaged.

All the windows for many blocks were shattered.

The clocks in the Union Depot were blown from their cases and all the windows in the building shattered.

The property damage is estimated at over \$1,000,000.

Officials are investigating the cause of the explosion, which is not yet explained, and three of the workmen in charge of the tunnel excavation at this point have been arrested on the charge of homicide.

## TO CLEANSE THE SYSTEM.

Effectually yet gently, when constipated or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, fevers, use Syrup of Figs, made by the California Fig Syrup Co.

## Cared as he Was Crazy.

MIDDLETOWN, N. Y., January 27.—Cured by an accident similar to that which drove him insane, a patient of the Middletown State Hospital has been returned to his home in Sullivan county.

Superintendent Gideon H. Talcott will not reveal the name of the man, but says that when a boy he fell from a tree on his head, while attempting what is known as "shaking the cat," and became demented.

Some months ago the man attempted a similar performance on a gas chamber, which fell, and again he fell on his head. When consciousness was restored a decided mental improvement was noticeable. This continued until he was well.

## TEXTILE INDUSTRIES.

Report By Labor Commissioner, Shows Increase in Spindles and Looms.

Special to Journal. RALEIGH, Jan. 28.—The annual report on North Carolina's Textile Industries was completed to night, by the State Labor Commissioner.

It shows 226 cotton, eleven woolen, 41 knitting, three silk, one carpet and one jute bagging mills. Total spindles 1,665,068; looms, 86,128; knitting machines 3,814.

There are employed 18,171 men, 18,377 women and 7,996 children under fourteen years.

The increase in spindles over the previous year is 213,000, looms 3,400. Hours of labor in cotton mills in no case is less than eleven hours.

Dr. Bull's Cough Syrup Cures a Cough or Cold at once. Conquers Croup, Whooping Cough and Measles Cough without fail. Best for Bronchitis, Hoarseness, Grippe, Pneumonia, Consumption and Lung Affections. Quick, sure results. Price, 25c.
