RALEIGH.

Base Ball Interest. State Charters. Public School Aid. N. C. Book at Charleston Exposition.

RALEIGH, Feb. 6.—There is much interest among lovers of base ball at the result of last night's work in the formation of a State league. It was expected that either Winston or Greensboro would have representatives at the meeting, but none appeared. It is said with much positiveness that one or the other of these places will have a club. The State charters the Horne & Vernon Lumber Company, of Clayton, capital \$20,000; the R. T. Stone Tobacco Company of Rockingham county, capital \$30,000, and the Eagle Tobacco Company of Winston, capital \$17,000. Fifty counties have sent in reports as to their needs of State aid for the public schools. Twelve want no aid, and the other 38 want \$49,500. Carteret, the first to report, needs \$1200. The State will issue a book in regard to its resources, to be distributed at the Charleston Exposition. The preparation of it will begin next week. The agricultural department will issue it.

Prescriptions at Davis'. Davis' Prescription Pharmacy makes a specialty of prescriptions. Prompt and careful attention is given them. Only the best drugs are used. The prices are reasonable. Send yours there to be filled.

Engagement Announced. Special to Journal. RALEIGH, Feb. 6.—To a few friends at her home here this afternoon, Mrs. Florence Tucker announced the engagement of her daughter, Miss Minnie Fitch Tucker, to Mr. Ashley Lee Baker, formerly of Baltimore, now of Raleigh. Miss Tucker is widely known in societies in North Carolina and several other States.

TRENTON. Feb. 6.—Miss Stella Ingram, the teacher of Cove, spent Jan. 30th and 31st at Dr. Monks. Miss Virginia Windley went over to Cove today to attend the commencement Friday night. We have had a great deal of rain within the last few days. It has faded off now, but everything is frozen. Miss Dora Taylor who has been teaching school near Oades, has returned home, her school having closed. Mr. H. Pollock who has been clerking for F. P. Koonce & Co., has resigned his position to go in business with B. T. Pollock.

Mr. J. D. Heritage, the noted salesman, has resigned his position with Mr. E. A. Rhodes to accept one with F. B. Koonce & Co. Some things are going on wrong in the postoffice. The Postmaster wants the ex-clerk. Rev. Mr. Garner did not fill his appointment in the Baptist pulpit Sunday on account of his horse giving out. He could not get here in time. The Epworth League did not meet last Sunday night on account of preaching in the Baptist church. The League is progressing, we are glad to say, also the C. W. B. M., of the Christian church.

The County Commissioners met in Trenton Monday. They drew the jury for the spring term of court and attended to other business. Commissioner J. H. Bell, of Pollockville, is the chairman. There was a party given at E. L. Hardy's last Friday night. It turned into a dance. Church members had better look out. Rev. D. O. Geddie preached an instructive sermon in the M. E. Church, Sunday January 26th. How Come.

Saved Him From Torture. There is no more agonizing trouble than piles. The constant itching and burning makes life intolerable. No position is comfortable. The torture is an excruciating. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of cheap imitations. F. S. Duffy.

DIED. At Ward's Mills, Onslow county, N. C., on Monday, the 27th of January, 1902, Mrs. Nellie Mostford, wife of W. J. Mostford, Jr., in the 32nd year of her age. We didn't learn the true cause of her death. Mrs. Mostford was the eldest daughter of Mrs. Jenny Farwell, widow of the late A. F. Farwell, Sr., of Ward's Mills. She leaves a husband, mother, several children, besides numerous friends and relatives to mourn her secondarily untimely end. She was a good woman, wife and mother. We knew her well, as she was once a good pupil of ours in school years ago. We deeply sympathize with the bereaved ones. G. W. W.

ANNUAL REPORT.

Of The North Carolina Corporation Commission.

Railroads Valuation and Assessment. Telegraph and Telephone Companies. Water Works. Electric Light. Banks. Building and Loan Associations.

RALEIGH, Feb. 6.—The North Carolina Corporation Commission has issued its Third Annual Report, being the 13th report since the organization of the Railroad Commission. In letter of transmittal of the report to the Governor, the commissioners say they are much gratified to report that the corporations under their supervision have had a very prosperous year; that the freight tariffs for the various railroads in most part have been revised and reduced; that the suits of the Seaboard Air Line, in which this Company appealed to the court in the matter of fixing fertilizer, and other rates, have been withdrawn, and the overcharge due to shippers ordered to be paid into the Treasury of the State for the benefit of shippers, amounting to \$6,618, has been paid into the treasury by the company. The commission further says that its orders are now being obeyed by the roads and no suits are pending.

Referring to the matter of the suit of Sheriff J. J. J. J., in which he brought mandamus proceedings to compel the assessment of railroad property, the commission says that it is the machinery act of 1901 to mean that it was not directed or permitted to assess railroad property for that year but that the assessment made in the year 1900 was to remain until the year 1903, when there would be an assessment of other property.

The commissioners pay the credit of the commission. Mr. H. C. Brown, a very high compliment in these words: "The arrangement of the major and the making of the tables, statistical and others contained in this report, are the work of our efficient clerk, Mr. H. C. Brown. It is due him also that we acknowledge that whatever success the commission has attained in discharging the important and often difficult duties devolved on it is largely due to his courtesy, promptness, faithfulness and efficiency at all times in discharging his duties."

The first part of the report contains the act establishing the commission and acts relating to same. The rules of practice in cases and proceeding before the commission, the rules governing the transportation of passengers and freight, with the freight tariffs of each railroad, are embodied in the report. The commission has general supervision of railroad, steamboat, canal, express, street railway, telegraph, telephones, and sleeping car companies, banks and building and loan associations.

The commissioners are also a board of appraisers for railroad and all other companies exercising the right of eminent domain. The last Legislature constituted the commission a board of State Tax Commissioners also. The report also contains the reports and decisions of the commission in cases before it during the past year. The complaints heard and adjusted number 216. A summary of the statistical matter referred to in the letter of the commission is as follows:
