Spanish Trophy in Place. Illicit
Distillery Raid. Good Roads
Convention. State Char-
ters. Raleigh Cir-
cle Colonial
Dames.

RALEIGH, N. C., February 7.—The
Spanish trophy given from the Cristobal
Colon, destroyed at Santiago, was today
put in place in the Hall of History in
the State museum. The other trophy
given from Manila will be removed to a
place beside it.

A few days ago Granville county in-
formed the State Superintendent of pub-
lic instruction that it would need no
money to keep its schools open 4 months
today, to the great surprise of that offi-
cial, it called for \$3,610, of which \$1,872
is for Oxford township. The \$3,610 is
for only three townships.

The national convention of railway
commissioners will be held at Charles-
ton, beginning next Tuesday. All the
corporation commissioners of this State
and their clerk will attend.

The State charter the John Rudasill
Manufacturing Company, of Lincoln
county, capital \$75,000. It will spin and weave
cotton and woolen mills.

Cadet Warren of the Agricultural and
Mechanical college here was today
taken to Baltimore to be operated on for
appendicitis. He is from Person coun-
ty.

The Raleigh Circle of Colonial Dames
has elected Mrs. Moffitt, president and
Mrs. G. T. Winston, secretary.

Deputy collector Wood and posse
made a raid in Nash and Franklin coun-
ties yesterday and captured two large
illicit distilleries. The price of corn has
been so high that the moonshiners are
now using molasses, exclusively. More
than 1,000 gallons of molasses "beer"
was found at one of the illicit distilleries
captured yesterday. The last captures
make eight in a radius of ten miles from
Spring Hope, Nash county, since last
November.

The active campaign against liquor
which the North Carolina Anti-Saloon
League, formed here yesterday will
wage war to begin at once. It is the first
temperance movement on a large scale
in this State in several years. There
has in the past ten years been a very
considerable diminution in the number
of saloons in the State.

There is much activity here in the
way of preparations for the "Good
Roads Convention" next week. A large
number of practical men will be here
The city and the country are co-oper-
ating.

Saved Him From Torture.

There is no more agonizing trouble
than piles. The constant itching and
burning make life intolerable. No pos-
sition is comfortable. The torture is un-
ceasing. DeWitt's Witch Hazel Salve
cures piles at once. For skin diseases,
cuts, burns, bruises, all kinds of wounds
it is unequalled. J. S. Gerall, St. Paul,
Ark., says: "From 1865 I suffered with
the protruding, bleeding piles and could
find nothing to help me until I used De
Witt's Witch Hazel Salve. A few boxes
completely cured me." Beware of coun-
terfeits. F. S. Duffy.

State Gets \$10,000.

DALLAS, TEX., Feb. 6.—A legal pro-
ceeding against a Texas railroad, which
has attracted much attention, has been
compromised in the district court here.
Suits were brought by the State of Texas
against the St. Louis Southwestern Rail-
way, in Smith county, for alleged non-
maintenance of general offices in Texas,
claiming penalties of \$5,000 per day for
two years. The state also asked for
forfeiture of the charter. The attorney
for the railroad denied violation of any
statute and the State accepted \$10,000,
withdrawing the suit.

Dutch Give up.

LONDON, Feb. 5.—The Brussels cor-
respondent of the Daily Telegraph declares
it to be absolutely certain that owing to
the attitude of the Powers and the Boer
leaders the Dutch government is now
finally determined to abandon the Boer
cause and any idea of fresh interven-
tion.

Famine is Coming.

LONDON, Feb. 6.—From Calcutta the
correspondent of the Daily Mail in a dis-
patch says there is little doubt that In-
dia is threatened with another famine.
This is the more to be dreaded because
the area affected is practically the same
that has been ravaged during the past
two years. Much depends upon the
rainfall during the coming fortnight,
continues the correspondent, as a large
portion of the spring crops is still cap-
able of being saved.

Nervous Derangement the Result of
Eye Strain.

The strain imposed upon the eyes, by
various optical defects has a decided
effect upon the nervous system, and by
the leakage of nerve force often leads
to a train of evils far more extended
than we are accustomed to suppose.

The strain calls for an excessive sup-
ply of nervous energy, setting as an ir-
ritant to the central nervous system,
finally ending in a breaking down of the
system, which, not only causes misery
and suffering, but statistics are not
wanting to prove that the duration of
life is materially shortened thereby.

Epilepsy (or fits) is one of the most
terrible diseases that can befall any hu-
man being, and its treatment by drugs
alone (by Dr. C. H. Brown, P. M.) is
very unsatisfactory.

Of late years specialists on nervous
diseases have found that error of refraction
bears a direct causal relation to the
attacks and that properly adjusted
glasses are an indispensable adjunct to
the treatment, if they do not ever super-
cede all other methods of treatment.

You can find a large stock of optical
goods, and every instrument needed to
do scientific refractive work at
