Celery Headache Powders.
There is not any better remedy for headaches than these powders. They never fail to relieve. Made and sold only at Davis' Prescription Pharmacy.

RALEIGH.

Harry Skinner Takes Oath of Office.

Information Company Chartered. Large Attendance at Good Roads Convention From More State Aid for Schools Asked

RALEIGH, Feb. 8.—This morning Harry Skinner, the new United States District Attorney, took the oath of office before Judge Farnell and directly afterwards left for Greenville, his home. He says he will return in about a fortnight. He estimated that he would not make Raleigh his home. He has a daughter at college here.

The State chartered today the National Information Bureau, with headquarters at Raleigh, capital \$30,000. Frank S. Bright, whose address is given as Washington, D. C., is one of the stockholders. T. B. Womack of Raleigh also one. The purpose of the company is to furnish all sorts of information, as to copyrights, patents, pensions, etc., all over the country.

Commissioner of agricultural Patterson says the attendance at the Good Roads Convention here next week will be large. He is greatly pleased at the interest developed. A letter was received this morning from Senator Simmons, who had been asked to be a speaker, expressing his regret at his inability to be present. He says he is fully in sympathy with the Good Roads movement, and that in his judgment nothing promises more for the development of every interest in North Carolina than good roads. He says the agitation now going on is to his mind one of the most hopeful signs of the times. He has sent to each of the 1300 delegates to the convention, appointed by Gov. Aycock, sent such documents as he could obtain in the good roads matter.

Commissioner Patterson is notified that the following accept invitations to speak at the Good Roads Convention, Martin Dodge of the National Good Roads Bureau; Charles D. McIver of Greensboro; Rev. Dr. T. N. Ivey, J. W. Bailey and W. C. McMackin of Raleigh; T. B. Parker, secretary of the State Farmers' Alliance.

Today there were more calls for State aid for the public schools. Ireddell asks for \$350, Franklin for \$300; Mitchell for \$1,573.

A pamphlet is in preparation here giving information regarding colleges and high schools, as well as all other private schools in the State. One of the compilers says there are 18 well defined denominational colleges in the State, and that they have 2,700 students. (There are the University and two State colleges, with 1,300 students.) There are 325 private schools, including high schools, with 30,000 pupils in attendance. The teachers of 350 of these teach public schools as long as the money lasts and then supplement this with what are termed "pay schools."

Against Christian Science.

Berlin, Feb. 7.—Emperor William has intervened to stem the spread of Christian Science in Germany. He has had long conferences with chiefs of police for the purpose of devising measures to counteract the campaign of the Christian Scientist, who have followers in the higher circles of Berlin's society. It is proposed to make the practice of Christian Science therapeutically illegal in Germany.

Vice Admiral Jose Montojo Dead.

Madrid, Feb. 7.—The death is announced of Vice Admiral Jose Montojo. The commander of the Spanish fleet at Manila was Rear Admiral Patricio Montojo.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You can't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. F. S. Duffy.

Prescriptions at Davis'.

Davis' Prescription Pharmacy makes a specialty of prescriptions. Prompt and careful attention is given them. Only the best drugs are used. The prices are reasonable. Send yours there to be filled.

Fast Run Philadelphia to New York

PHILADELPHIA, Feb. 7.—A new record between Philadelphia and New York on the Philadelphia & Reading Railway was established today by the special train which carried J. P. Morgan to the metropolis. The train, which consisted of an ordinary passenger coach and President Haas's private car Philadelphia, left the Reading terminal at exactly 1:01 a. m., and arrived in Jersey City, a distance of 95-100 miles, at midnight. Taking one stop, the actual running time was 30 minutes and 30 seconds.

WOLFENDEN GETS CHANCE.

To Secure State Swamp Lands. State Board of Education Refuses to Extend Baylis Cade's Option.

Special to Journal. RALEIGH, February 8.—The State Board of Education at today's session, refused to extend Rev. Baylis Cade's option on State swamp lands in Carteret county.

Cade as attorney for a syndicate, offered to pay sixty cents per acre for lands in blocks of fifty thousand acres, and the same price for smaller blocks. Cade then made a proposition to sell all State swamp lands in nine months for half million dollars. This proposition had a string to it, and was not acted on.

J. J. Wolfenden, of New Bern, made a proposition for an option on all swamp lands for a year at 75 cents per acre, and to pay one thousand dollars for the option. This was declined.

Then Wolfenden made another tentative proposition. The Board ordered its Engineer to confer with Wolfenden and start with him as soon as possible on an inspection of all such lands. As soon as this is done, Wolfenden will be given a formal proposition to take all the lands and pay cash.

There are at least six hundred thousand acres lying in eleven counties.

YOU KNOW WHAT YOU ARE TAKING When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

ASKIN.

It seems that Joshua and T. E. C. have quit writing but nevertheless I will write instead.

More cold weather but agreeable to all.

We have the free mail delivery in our neighborhood.

The Ladies Aid of Kitt Swamp will have a basket supper and mystery combined at Mrs. G. L. Aisher's Saturday night before the fourth Sunday in Feb. for the benefit of Kitt Swamp church. All are invited to attend.

Mr. W. A. Thomas' little boy was playing in the house last Sunday and fell off a box and broke his thigh. He is improving now. KAYSON.

LAXATIVE TASTELESS CHILL TONIC.
Containing the best quality of medicinal ingredients. It is a safe and reliable remedy for all cases of fever, chills, malaria, and other ailments. Price 50c per bottle.

VOICE OF THE PEOPLE.

Set Right.

ED. JOURNAL.—I notice in this week's Journal, someone from Jasper, signed Voice of the People, is giving us down the road some very timely advice, according to his way of thinking. He has been informed that a counter petition has been circulated opposing free delivery, and of course put the blame upon the postmaster at Bellair. I hereby state that I have not signed nor circulated a petition against free delivery, though I was asked to do so. I have opposed free delivery on our route and am now opposed to it as it has been presented to me, and this is my reason: As proposed, it puts our mail one day later getting off hence all of our truck mail will have to be sent to Clark, as we can send none of it off by the free delivery plan in time to get to the markets before our truck gets there. To the truckers or business men on the route there will be constant disappointment. This is the way I look at it, and I am looking through impartial glasses at the whole matter. If I even thought the majority of the people on the route would be benefited I would not raise one word of opposition. No mail can serve this route as well coming from New Bern in the morning as it can going to New Bern in time for the northern and western mail, any one who sees at all can see this.

Now that ludicrous little thrust at the P. M. at Bellair, about being "one of the luckies" feeding from Uncle Sam's trough, I for one P. M. don't find the trough so well filled as to induce me to get up a petition against my neighbors interests. Uncle Sam has not enough to induce me to do that. When I oppose anything it is because I think it wrong or not best. A 4th class post office paying 4 or 5 dollars a month, is, to say the most for it, rather a shallow trough to be fed at.

Your indignant scribe testifies that the P. O. pays so little that the P. M. has to be off at his work, and often he cannot get his mail. Such is not the case at Bellair. If the P. M. and his wife are both gone visiting, some one is at the P. O. to deliver mail.

More than this, I have recently heard complaints from some free delivery routes, showing that they were not getting what was promised. Let me venture a little suggestion to "Voice of the People." If he will sound a clarion note and call the attention of our people to the immediate need of better roads he will pave the way, (if he succeeds in getting good roads) for a rural free delivery that would be a great blessing to the traveling public.

One thing is certain, no carrier can do his duty on the route proposed, deliver mail to fifty or more places, give receipts for registered letters, etc. Leaving New Bern after ten a. m., going about 21 miles, half of it through mud, and get back to New Bern in time for the 6 o'clock mail in the evening.

No brother scribe he will hardly strike next morning's mail sometimes. Don't be in too great a hurry to get something till you can use it so it will be a benefit.

I don't want Uncle Sam to hold his money and do any one an injustice, but if he pays \$500 for a route and make more inconvenience than the one now costing about half that sum, he had just as well lay his money up till it can be used where it will do good.

Neighbor—the P. M. at Bellair will withdraw his opposition just as soon as he sees he is wrong, and cannot any sooner. Very Respectfully,
DANIEL LANE, Bellair.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. F. S. Duffy.

Nervous Derangement the Result of Eye Strain.

The strain imposed upon the eyes, by various optical defects has a decided effect upon the nervous system, and by the leakage of nerve force often leads to a train of evils far more extended than we are accustomed to suppose.

The strain calls for an excessive supply of nervous energy, acting as an irritant to the central nervous system, finally ending in a breaking down of the system, which, not only caused misery and suffering, but statistics are not wanting to prove that the duration of life is materially shortened thereby.

Epilepsy (or fits) is one of the most terrible diseases that can befall any human being, and its treatment by drugs alone (by Dr. C. H. Brown, P. M.) is very unsatisfactory.

Of late years specialists on nervous diseases have found that error of refraction bears a direct causal relation to the attacks and that properly adjusted glasses are an indispensable adjunct to the treatment, if they do not ever supersede all other methods of treatment. You can find a large stock of optical goods, and every instrument needed to do scientific refractive work at
J. O. BAXTER'S Optical Parlor.
