PERMANENT ORGANIZATION.

Of North Carolina Good Roads Association Formed.

Special to Journal.
RALEIGH, Feb. 13.—The Good Roads Convention has formed a permanent organization, and adopts the name of the "North Carolina Good Roads Association."
It elected F. H. Hanes, of Winston, President, Joseph A. Holmes, Secretary, Joseph G. Brown, of Raleigh, Treasurer. Each congressional district and each county is to have a Vice-President. Many of these are already named.
A resolution was adopted asking the Legislature to put all State convicts at work building roads or preparing material for them.

Young Roosevelt Out of Danger.

Special to Journal.
WASHINGTON, Feb. 13.—A telegram received here today from Mrs. Roosevelt, says that her son Theodore, Jr., is practically out of danger.

Maroon's Life Insured for \$750,000

London, Feb. 13.—At a meeting of the Maroon Wireless Telegraph Company here today it was announced that the directors of the company had insured the life of Signor Maroon for \$750,000 (about \$770,000). It was also said that the Lloyds had exclusively adopted the Maroon system in connection with their signal stations.

Renewed Riots in Spain.

Madrid, Feb. 13.—There have been renewals of disturbances in several towns. At St. Sebastian crowds of people stoned the police and the latter charged several times. A score of persons were wounded. In Barcelona strikers and workers have had several conflicts. Shots were exchanged and a number of persons were wounded.

Dr. Bull's Cough Syrup Cures a Cough or Cold as once. Conquers Croup, Whooping Cough and Measles Cough without fail. Best for Bronchitis, Hoarseness, Grippe, Pneumonia, Consumption and Lung Affections. Quick, sure results. Price, 25c.

FIGHT WITH MOONSHINERS.

Five Cremated in Saloon Fire. One Officer Killed and Another Fatally Wounded.

Middleboro, Ky., Feb. 13.—One of the worst battles ever fought in the Cumberland Mountains occurred this afternoon at Lee Turner's "blind tiger" saloon four miles from here.

The fight was between Turner's moonshiners, 30 in number, and 15 or more citizens of Middleboro, who were sworn in as a posse to arrest Lee Turner.

The trouble was precipitated by a dispute over the possession of several mules.

In the fight that followed the attempt to make the arrest to day Charles Cecil, one of the Middleboro officers, was killed, and John Doyle, another officer, fatally wounded.

Turner lost five men. His saloon was burned to the ground by the officers and five of his men perished in the flames. The owner of the saloon, who was the principal cause of the trouble, was absent at the time of the battle, and is reported to be now at Mingo making preparations to flee from the country.

The Best Prescription for Malaria. Chills and Fever is a bottle of Gnova's TARTARUM CHINA TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

Nervous Derangement the Result of Eye Strain.

The strain imposed upon the eyes, by various optical defects has a decided effect upon the nervous system, and by the leakage of nerve force often leads to a train of evils far more extended than we are accustomed to suppose.

The strain calls for an excessive supply of nervous energy, acting as an irritant to the central nervous system, finally ending in a breaking down of the system, which, not only causes misery and suffering, but statistics are not wanting to prove that the duration of life is materially shortened thereby.

Epilepsy (or fits) is one of the most terrible diseases that can befall any human being, and its treatment by drugs alone (by Dr. C. H. Brown, Phila.) is very unsatisfactory.

Of late years specialists on nervous diseases have found that error of refraction bear a direct causal relation to the attacks and that properly adjusted glasses are an indispensable adjunct to the treatment, if they do not even supersede all other methods of treatment.

You can find a large stock of optical goods, and every instrument needed to do scientific refractive work at **J. O. HATNER'S Optical Parlor.**

EDUCATIONAL MOVE.

To Double Number of Rural Common Schools.

Railroad From Raleigh to Fayetteville. Good Roads Convention. State Charters. Public Schools in Need State Funds.

RALEIGH, Feb. 13.—It is more than probable that work will speedily begin on a railway which will give Raleigh direct connection with Fayetteville, distant only about 68 miles in an air-line. Part of the road is in operation.

The promoters of the State Good Roads convention are deeply gratified at the affair and at the interest it has aroused. The attendance both yesterday and today was large and interest unabated.

Congressman E. W. Pou and A. W. Machen, the superintendent of the rural free delivery mail service, arrived from Washington this morning, and both made speeches to the convention.

The State today chartered the High Point Upholstery Company, capital \$125,000, Percy T. Kirkman and others stockholders; the Catawba Woolen Mills at Hickory, J. A. Martin and others stockholders, capital \$5,000, and authorized the issue of \$10,000 of preferred stock by the Kinston Mantel Company.

Reports as to the need of State funds for public schools came in today from three counties. Wake needs nothing. Tyrrell calls for \$225, Lenoir for \$400.

Many of the delegates to the Good Roads Convention visited the Agricultural and Mechanical college this morning and witnessed the work of the class of 45 in the dairy school.

At noon to day at the Governor's office there was a notable educational conference, the purpose of which is to develop the rural common schools. The plan is to inaugurate a campaign of education under the auspices of the Southern Education Board. This board and many of its friends met at Winston last year. Charles D. McIver, is one of the three directors for North Carolina. Among the educators who were at the conference to day were presidents or representatives of the University of North Carolina, Wake Forest, Trinity, Elon, Guilford, Rutherford, Davidson, Catawba, and other colleges, the Baptist Female University, St. Mary's College, Peace Institute, Oak Ridge School, Bingham School, Red Springs Academy, City School Superintendents from New Bern, Washington, Tarboro, Goldsboro, Raleigh, Raleigh, Durham, Greensboro, Fayetteville, Salisbury, Concord, Statesville, Asheville, Charlotte, and other points, County Superintendents from several counties.

Kaiser's Yacht at New York.

New York, Feb. 13.—The Imperial German yacht Hohenzollern, sent here for the use of Prince Henry of Prussia during his coming visit, arrived today from Kiel.

She was not expected, for it was calculated that the run would take at least one day more than it did.

The weather encountered was unfavorable for a call at Bermuda, so Admiral Count von Baudissin, the yacht's commander, abandoned the partly formed plan and shaped his course for New York.

She hoisted in sight off Sandy Hook a few minutes before noon, and an hour later was in quarantine. The visiting ship got the courtesy of the port from Federal officials, coming on through the Narrows and up into the North river without delay. Passing craft gave her a noisy welcome with their whistles.

The vessel stood high out of the water and looked impressive beyond her real size. She was painted white all over, except for a large black eagle at her foremast, some touches of gold stern and a long streak of red that showed below her waterline. In general type she resembles a modern man-of-war.

Fight Over Miss Stone.

Paris, Feb. 13.—Referring to the reported engagement between Brigands for the possession of Miss Stone, the Constantinople correspondent of The Echo de Paris, says: "The captives of Miss Stone and Madame Talik have been attacked by another band of brigands, seeking to secure the prisoners in order to get the ransom. Twenty men on both sides were killed during the fight but the original captors of the missionary were victorious. Miss Stone was not hurt."

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes R. S. Head, leading pharmacist of Asheville, N. C. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodo Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go toasting mutton pie, chicken, candy and such other such a treat, their digestion must be pretty good. I endorse Kodo Dyspepsia Cure heartily." You don't have to die. Get all the good food you want but first control the stomach. Kodo Dyspepsia Cure dispenses good food. R. S. Head.

LIFE SAVING STATIONS.

At Bogue Inlet To Be Established. Congressman Thomas' Good Work.

Special to Journal.
WASHINGTON, Feb. 13.—Congressman Charles R. Thomas had passed through the House, to day, the bill establishing a Life Saving Station at Bogue Inlet, in Onslow county.

These stations employ nine men, and besides the cost of construction, have an annual pay roll of about \$6,000.

Congressman Thomas says he will also secure a life saving station for Carteret county, as well as the needed appropriations for the rivers and harbors in his district, including the Neuse, Trent and New rivers.

THE EASTERN ALLIANCE.

Views From Japan. London and Washington on the Matter.

Yokohama, February 12.—In the two houses of the Diet to day it was announced that Japan had signed the agreement with England to preserve the territorial integrity of China and Korea. The news of the signing of the treaty has been received with much enthusiasm throughout Japan.

London, Feb. 12.—The liberal afternoon newspapers view the alliance between Great Britain and Japan with mixed feelings, and the Conservative organs generally applaud it. The St. James Gazette (Conservative) expresses "modified rapture at this wide departure from British traditional policy," but finds solace in the thought that the policy and interests of the United States are identical with those of Great Britain and Japan and concludes:

"Perhaps we shall find when the policy of Great Britain is definitely known that the United States is formally or informally a party to the league of peace in the far east. At any rate no effort should be spared to secure its alliance."

The Westminster Gazette thinks the alliance can be fairly termed offensive and defensive, says that it therefore has a dangerously wide extension, but concludes that it looks like a rather hasty answer to European hostility.

The Times approves it and thinks it calculated to have a most beneficial effect upon the situation in China.

Washington, Feb. 13.—Mr. Takihira, the Japanese minister at Washington called at the State Department today and notified Secretary Hay of the alliance between Great Britain and Japan, binding the two nations to joint action to maintain the integrity of China and Korea. The assent of the United States is not necessary to this agreement, but if it were it would probably not be withheld; for it is pointed out that the treaty is precisely in line with the aims of the State Department, as fully disclosed in the notes published by it from time to time.

It is again stated that there has been no joint action as between the United States and the two powers named, yet it is a fact that the preamble to the new treaty might be regarded as almost a paraphrase of the position of the United States toward the Manchurian question as stated in Secretary Hay's note to the Russian Ambassador here.

300,000 Bales Destroyed.
WASHINGTON, Feb. 13.—In presenting a petition for congressional relief of cotton growers from the cotton weevil in Senate today, Mr. Culberson, of Texas, said that the boll weevil had destroyed 300,000 bales of cotton in Texas alone during the past year, and on account of the ravages of the pest grave apprehension is felt for the cultivation of cotton in central and southern Texas.

YOU KNOW WHAT YOU ARE TAKING When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

Ask the Man Who Knows all about carriages from A to Z, and the old stages who has held the reins for fifty years will tell you he has had experience and that experience justifies him in stating that the best carriages for style, comfort and durability are made and sold by Waters Ruggy Factory.

You will find any part of a buggy you may want to repair with. We are headquarters in this business and can SAVE YOU MONEY.
